## AEROPLANES USED IN QUELLING DISORDERS IN PUNJAUB DISTRICT

### *Martial Law Has Been Declared at Lahore and Amritsar; Governor Satisfied "State of Open Rebellion" Exists*

Simla, April 17.—Aeroplanes were used in coping with the disorders that have broken out in the Punjaub. A mob attacked a passenger train in this district and wrecked the railway station at Gujranwala. Aeroplanes were sent from Lahore and the mob was bombed and subjected to machine gun fire from the air.

Considerable unrest still exists in Delhi and Lahore. The Commissioner for the district has appointed some of the leading men to use their influence for the reopening of the shops. Otherwise the authorities would take action.

**Martial Law.**

Martial law has been declared in the districts of Lahore and Amritsar, according to announcement made here. It is stated in the announcement that the Governor-General is "satisfied that a state of open rebellion against authority exists in those districts."

## PEOPLE EAGER TO LEAVE HUNGARY

### Nationalization of All Property Under Socialist Regime Resented

Vienna, April 17. — (Associated Press)—Reports of the executions at Budapest of Count Karolyi, Archduke Joseph and others are untrue. The city continues outwardly quelt with progress being made toward the nationalization of property. It is estimated there are only twenty naturalized Americans and American wives of Hungarians in Hungary.

Count Karolyi finds Socialism a difficult programme and was much down cast when here. His despondency was caused partly because he was being restricted in his expenditures. In former times he was accustomed to spending a million crowns annually. His frame of mind is characteristic of all persons in Hungary who have been apprehensive for weeks as to what would happen next.

It is a common thing to see a party of men and women walking along the streets or promenades or sitting in cafes and to see one woman burst into tears and then laughingly wipe her eyes. Thus is shown the tension under which people are living who have lost all their property and the hope that came with the end of the war.

Foreigners, especially Americans, are receiving attractive marriage proposals from families of wealthy young women who expect by this means to save something from the wreck of their fortunes because of the fact that foreign property will be exempted from nationalization.

Women who marry foreigners will be enabled to travel freely over the frontiers with their families. There is a disposition on the part of the new Government, however, to allow middle class Hungarians to leave, provided they do not take property with them. The conditions of many Hungarians who have fled to Vienna is one of abject poverty. Count Alexander Esterhazy, who lost his son in the war and who was with former Emperor Charles until the latter went to Switzerland, is finding means of subsistence by selling the furniture in his house here.

There has been a recent exchange of visits by officials of Hungary and German Austria. Minister of War Boehm and Herr Pogany, of the Hungarian Foreign Office, are here from Budapest with an army of clerks, ostensibly to liquidate the affairs of the two Governments.

## Atlantic Aviators Make Preliminary Spin to Big Flight

St. Johns, Nfld., April 17.—Weather conditions are favorable for flying here to-day, Captain Frederick P. Raynham, British aviator, and Harry Hawker, his Australian rival for trans-Atlantic flight honors, looked to incoming weather reports for word as to whether the "Aerial brokers" over the ocean would permit them to "hop off soon."

Raynham was preparing early in the day to make the most of the local atmospheric clearing by a trial flight which could be held without loss of advantage, while Hawker was awaiting trans-Atlantic reports.

Rain had softened the ground, but Raynham said he believed he could run his machine along the road without damaging the plane. Hawker conceded that the soggy ground at the Mount Pearl plateau tended to interfere with a successful "take off."

Raynham put his biplane through its flying paces just before noon, making a thirty-minute spin over the hills of the east coast. After landing he said he awaited only a change in the weather to start across the Atlantic. The engine and the plane itself, he said, "worked beautifully." Hawker, who witnessed the flight, received advices that weather conditions on the Atlantic continued unsatisfactory.

## DEMOBILIZATION IS PROCEEDING RAPIDLY

### Predicted All Long-Service Men Will Be Back Within Two Months

London, April 17.—(Reuter's)—The demobilization of the Canadian troops is proceeding so rapidly and future arrangements are so well advanced for dealing with the situation when the St. Lawrence route is opened to navigation, that the number returning in May should exceed the numbers repatriated in April.

Barring unforeseen circumstances practically all the long service men will either be in Canada or en route within two months.

The demobilization scheme for the Canadian forces will in fact be carried out in much less than half the time originally estimated.

London, April 17.—(Reuter's).—It has been decided that in connection with the march through London of the overseas troops, an event which has been provisionally fixed for the third of May, the King with other members of the Royal Family, will stand in the forecourt of Buckingham Palace to inspect and take the salute of the troops who will pass through the forecourt.

The overseas authorities are experiencing some difficulty in arranging an adequate representation of Canadian troops for the occasion without delaying the repatriation of the men; but it is hoped that satisfactory arrangements can be made in time to allow the provisional date to become a definite one.

## FURTHER DISORDERS FEARED IN EGYPT; TROOPS REINFORCED

London, April 17.—Further disorders are feared in Egypt. A division of British troops are on their way from Dobrudja to reinforce the troops of Major-General Allenby, the special high commissioner to Egypt and to relieve a large number of Australian soldiers who will return home.

## Clash Occurs at Milan Between Socialist Factions

Milan, April 17.—Four persons were killed and several wounded during disorders here Wednesday incident to clashes between Socialist and anti-Socialist groups.

The offices of the newspaper Avanti were wrecked by the Socialists. The workmen of Milan, Bologna, Turin and Genoa, the principal manufacturing cities of Northern Italy, began a twenty-four-hour strike to-day.

The police and the military were powerless for a time to prevent collisions between the Socialists and anti-Socialists. The anti-Socialists went to the offices of The Avanti and a revolver shot fired from a window of the building struck and killed a soldier. The opposition crowd rushed into the building and smashed the furniture and machinery. Military reinforcements restored order.

**RECOMMENDED AS PUBLIC UTILITIES COMMISSIONER**

MAYOR R. H. GALE, OF VANCOUVER

Following a meeting of the Provincial Executive this morning the announcement was made by Premier Oliver to the effect that the name of His Worship Mayor R. H. Gale, of Vancouver, will be submitted to His Honor the Lieutenant-Governor for the position of Public Utilities Commissioner for the Province of British Columbia. Upon his confirmation Mr. Gale will relinquish his chief magistracy of the Terminal City at once and arrange to take up the duties of his new appointment at the earliest possible moment. Under the Act creating the Public Utilities Commission, the Commissioner is to hold office for a period of ten years at a minimum salary of $7,000 and not to exceed $8,000.

**Born in Quebec.**

Like his parents, His Worship was born in the city of Quebec. His father, George Gale, was, until a few years ago, managing editor of The Quebec Daily Telegraph and, during recent years, his contributions to many Canadian journals have been widely read and appreciated. Journalism did not claim the younger Gale. He entered the electrical business in his native city and for twelve years he conducted the leading electrical concern in Quebec. In the early part of 1914 the call of the West beckoned him, and he travelled across the continent to the city of Vancouver, little thinking that in less than a decade he would occupy the proud position of its first magistrate.

**From Alderman to Mayor.**

Soon after his arrival in the Terminal City he established the British Columbia Supply Company, a successful concern since its inception. In 1915 Mr. Gale was elected to the City Council as alderman for Ward 6, the largest and most populous ward in the city. In 1916 he was re-elected and secured the largest majority of any candidate for that year. Again in 1917 he was selected to represent Ward 6; this time, however, for the first time in the history of the city, by acclamation. Equipped with considerable experience on the aldermanic bench, Mr. Gale sought election in the mayoralty campaign last year. He defeated ex-Mayor McBeath by better than a two to one vote. In January of this year the citizens of Vancouver did him the honor to return him as their chief magistrate by acclamation.

**His Progressive Spirit**

As soon as His Worship became an alderman in Vancouver he directed his

(Concluded on page 4.)

## ALLIED OFFICERS AID POLISH ARMY

### Military Mission in Charge of Transportation of Haller's Force

Coblenz, April 17. — (Associated Press.)—Seventy-five American officers with interpreters have been assigned for duty on trains which will cross Germany with Polish troops. On each train there will be an Allied convoy, and at each German station where trains will stop there will be Allied guards.

The military mission in charge of the transportation of General Haller's forces consists of thirty-two members, the American, French, British and Belgian armies providing eight officers each with an interpreter and clerk.

**Food at Coblenz.**

Coblenz, April 17. — (Associated Press.)—Twenty-three American freight cars loaded with bacon, flour, evaported milk and rice have arrived at Coblenz for the Germans. Distribution through German channels will begin immediately.

**Daniel's on Rhine.**

Coblenz, Auril 17.—Secretary of the Navy Daniels, en route to Coblenz, crossed the Meuse into the occupied sections of Germany yesterday. He stopped at Treves last night, and proceeded this morning to the Rhine. He will remain in this district for several days.

## People to Speak

Geneva, April 17.—The Swiss Government issued an official note saying that the Swiss people will be called to decide by referendum whether the confederation will join the League of Nations. A message on the subject will be presented before the Federal Assembly during the June session.

## Missionaries Are Charged With Pro-German Activity

Washington, April 17. — Formal charges of pro-German activity by certain American missionaries in Bulgaria and Northern Persia have been forwarded to the American Board of Foreign Missions by the State Department, it has been learned from official sources.

These charges also involve the missionaries in political activities in Persia. The charges, together with the results of investigations conducted by the State Department were sent to the American Board by Assistant Secretary of State Phillips.

## Germany to Claim An Indemnity For Aerial Attacks

Paris, April 17.—Germany intends to claim an indemnity from the Allies, according to The Frankfort Gazette. It says the German delegates at Versailles will ask payment for damages suffered from aerial attacks, from the occupation of German territory by the Allied troops and the delay in concluding peace, causing a prolongation of the Bolshevik and Spartacan troubles.

## ANOTHER MASSACRE OF ARMENIANS IS BELIEVED IMMINENT

London, April 17.—It is learned here that the situation in Turkey is causing grave anxiety. Internal disorders are rife, according to reports from Rear-Admiral Webb, R. N., at Constantinople. It is feared there shortly will be outbreaks and massacres of the Armenian population on a large scale.

The situation at Smyrna, where the Turks and Greeks are ready to spring at each other's throats is typical of the situation throughout Turkey. Bands of brigands are dominating the country, even within a few miles of Constantinople and are committing atrocious murders.

The Committee of Union and Progress, the Young Turks' organization, is reported to be secretly conducting an energetic reorganization movement.

## LIST OF SAILINGS AND SOLDIER PARTIES ARRIVING

**Revised to Noon, April 17.**

The steamship Olympic is due at Halifax April 19, with troops for Military District No. 11, as follows: One officer and one other rank.

The hospital ship Araguaya is due at Portland, Me., April 23, with six officers, one nursing sister and forty-nine other ranks for Military District No. 11.

# BAVARIAN TROOPS ADVANCING ON MUNICH AND COUNTRYSIDE CONVERTED INTO ARMED CAMP

### *Fighting Is Centred on Either Side of Augsburg-Munich Railway; Decisive Battle Is Expected to Ensue; Strikers on Rhine Ordered to Work*

Berlin, April 17.—(Associated Press).—It is reported that in the fighting around the railway station at Munich, there have been 150 casualties. More troops may be sent there from Nuremburg and the whole country on each side of the Augsburg-Munich railway has been converted into an armed camp. It is expected that the troops will make a converging attack on Munich.

**Have Artillery.**

Berlin, April 17.—(Associated Press).—Large forces of Bavarian troops, with artillery and mine throwers, are advancing on Munich, according to The Tageblatt, but it is unknown whether a decisive battle has as yet been fought.

**Seek Loan.**

Berlin, April 17.—(Associated Press).—The Communist Government in Munich is reported to have opened negotiations with Italy by which valuable woodlands belonging to Munich would be pledged for a loan of one billion marks with which to buy food.

**Colongne District.**

Cologne, April 17.—In consequence of the spread of the German strikes to the Cologne district, Lieut.-General Sir Herbert Plumer, in command of the British forces on the Rhine, issued a proclamation yesterday ordering the immediate return of the men to work and threatening the strongest measures against persons promoting or countenancing strikes in the British zone of occupation. The general offered military mediation if other means of settlement failed.

A squadron of British airplanes flew over the affected district yesterday.

**Strike at Bremen.**

Berlin, April 17.—(Associated Press). —The unloading of food ships at Bremen has been stopped by the strike there. The big stores and ordinary shops in this city have been closed, but there is no sign of a general strike materializing on a large scale.

At Mulheim and Hamborne, workmen are striking, but at Dusseldorf they are resuming their labors.

## LENINE AND TROTZKY PANDER TO MODERATES

### Bolshevism in Russia Declared to Be Giving Way to a "New Bourgeoisie"

Copenhagen, April 17.—Bolshevism in Russia is giving way to a "new bourgeoisie," according to the director of the Moscow Red Cross Committee who has arrived here. Premier Lenine and War Minister Trotzky are trying to reach an understanding with the moderate element in Russia.

The situation in Petrograd, the director reports, has been growing worse and numerous anti-Bolshevik outbreaks have occurred here. In February there were 83,000 deaths in Petrograd compared to 123,000 in January.

The mention by the Russian Soviet government of fighting in the region north of Oleonetz indicates that the Bolshevik have resumed the campaign against the Finns. Oleonetz is northeast of Petrograd and on the opposite side of Lake Ladoga.

**Letts Driven South.**

London, April 17.—West of Riga the Letts have been driven southward to within four miles of Mitau.

West of Proskurof, the Bolsheviki have taken Volochysk on the former Russian Galicia frontier and within twenty-five miles of Tarnopol.

In the Crimea Soviet forces have crossed the salt lakes and advanced in the direction of Simferopol, the capital of the Crimea.

**At Riga.**

Stockholm, April 17.—The Bolshevik are carrying out a rapid and systematic annihilation of all the bourgeoise in Riga, according to reports from Libau to The Svienska Dagbladet. The victims of the Bolshevik terror are taken to the island of Hazen, in the Dvina River, and are said to number 70,000, including women and children. No one is permitted to take food or money to the island.

## EIGHTEEN HUNDRED MURDERED AT UFA BY THE BOLSHEVIKS

London, April 17.—Eighteen hundred persons, including 400 women were murdered by the Bolsheviks at Ufa, according to a telegram from Omsk.

Ufa, one of the principal cities in the Orenburg district near the Siberian border, was taken by the Bolsheviks early this spring, but late in March was recaptured by forces of the Omsk-All-Russian government which have continued to press back the Bolsheviks in this region. Dispatches from Omsk dated April 5 and received on Tuesday, announced the massacre by the Bolsheviks of more than 2,000 civilians in and near the town of Osa, to the north of Ufa, in this district.

## Troop Movement Affects Prestige of Paderewski Govt.

London, April 17.—The prestige of the Paderewski government in Poland has been affected seriously by the position of the Allied and associated powers regarding the transport of Polish troops from France to Poland, according to advices received here. Local fighting continues on the borders of the Posen district and has spread to the borders of East Prussia.

## COUNCIL OF FOUR NOT IN SESSION AT PARIS TO-DAY

Paris, April 17.—The Council of Four will hold no meetings to-day.

## PREMIER SCORED GREAT TRIUMPH

### Is General Opinion of London Press on Lloyd George's Address

London, April 17.—While opinions are divided regarding the substance of the address of Premier Lloyd George before the House of Commons yesterday, there is a general agreement by the London press that it was a great parliamentary triumph, as indeed was shown by the rousing cheers of his audience and the expressions of individual members in the lobbies.

With the exception of the Laborite and Northcliffe newspapers, none of the morning journals condemn the Premier's statement wholly, while several warmly applaud it. These admit that Mr. Lloyd George revealed nothing of the peace terms, but they do not complain.

The Telegraph, for instance, says that his general account of the terms will give "deep satisfaction," and adds that he "demolished the whole structure his critics built on his supposed departure from his pre-election pledges."

The Express declares that he retains the complete confidence of the nation.

The Graphic is equally favorable, and says incidentally that Mr. Lloyd George's statement "justifies the assumption that President Wilson has abandoned his opposition, or alleged opposition, to the sterner views of those powers which suffered most in the war."

Making a similar point, The Herald, the labor organ, says:

"All the Premier's pledges cannot be kept for they are as contradictory as his speeches."

The Premier's rejection of any idea of military action in Russia meets with considerable approval. The Telegraph and Express say it will be received with general relief.

The Post is skeptical of the Russian policy and says:

"The Allies will be lucky indeed if they are not compelled to reverse it."

## DIVORCE SOUGHT BY EX-PRINCESS CECILE

### Would Have Marriage Annulled Because of Husband's Cruelty

Zurich, April 17.—The former German Crown Princess Cecile has applied for a divorce from her husband, Frederick William, according to a statement given to Swiss newspapers by the former Grand Duchess Anastasie of Mecklenburg-Schwerin, mother of former Crown Princess. The statement says that it long has been the desire of Cecile to divorce her husband, but that the pressude of the Hohenzollern family up to this time had prevented her from carrying it out.

The statement of the Grand Duchess charges Frederick William with cruelty to his wife, saying:

"On one occasion some time ago the situation became so unbearable that my daughter actually fled from home. She almost succeeded in reaching Switzerland. Orders were sent from Berlin to intercept her and she was caught at the German frontier like a common criminal and taken to Berlin, under arrest.

"My daughter will be able to place before the German court overwhelming evidence against her husband, and will be able to prove many instances of the grossest cruelty. His infidelities were numerous and there is abundant proof of them. His brutality was atrocious. On more than one occasion my daughter was treated with actual violence. She was bruised and her face was disfigured by her husband's blows.

Berlin dispatches by way of Zurich, February 3, said that Frederick William had instituted proceedings for a divorce, but there have been no further reports on the case. The former Crown Prince and Princess Cecile were married in June, 1905. The pair have five children, the youngest having been born in 1915. The former Crown Prince is in exile in Holland. His family has remained at Potsdam. The former Grand Duchess Anastasie was a Grand Duchess of Russia before her marriage. Since the war she has been living in Switzerland. She renounced her German nationality and renewed her allegiance to Russia in 1914.

## RULE OF THE ROAD

Definite mention is made by the Hon. J. H. King, Minister of Public Works, in his announcement of the general programme for the Province in connection with the emergency vote of $1,500,000, of the fact that a bill will be introduced at the next session of the Legislature, designed to alter the rule of the road. If the bill becomes law the change will go into effect on July 1, 1920.

# PREDICTED TEUTONS WILL BE FORCED TO ACCEPT OR REJECT TERMS BY MAY 15

New York, April 17.—The Associated Press to-day, in summarizing the international situation, says: Germany will be forced either to accept or reject the Allied peace terms by May 15, according to reports printed in Paris, and it is indicated that no reply is expected before May 6.

The refusal of Stephen Pichon, the French Foreign Minister, to divulge the details of the provisions of the proposed treaty while speaking in the Chamber of Deputies yesterday and the failure of Premier Lloyd George to speak in more than general terms before the House of Commons indicates that no intimation of the terms will be made public at present.

It was announced at a meeting of the Council of Ten in Paris yesterday afternoon that various articles of the pact now are in the hands of the drafting committee and that the remaining articles would be disposed of to-day

**Neutral Agents.**

Norway and Switzerland will act as agents of the Allied and associated governments in feeding Russia, it has been agreed at Paris. Representatives of France have made reservations on the subject, and these will be considered to-day. The plan is opposed by Russian elements opposed to the Bol-

## MR. JUSTICE CLEMENT TO ACT AS REFEREE ON PAYMENT CLAIM

Vancouver, April 17.—Mr. Justice Clement, who has been selected by the Government to act as referee in the settlement of the claim of the Taylor Engineering Company, Ltd., against the Dolly Varden Mine at Alice Arm, will commence sittings on April 22. The claim is one for payment for the construction of a railway. The Provincial Government, after hearing the complaint of Mr. A. J. Taylor, ordered by special legislation, that payment be made of an amount fixed by Mr. Justice Clement. Failure to make settlement within a month after His Lordship gives decision will result in the Taylor Engineering Company, Ltd., taking control of the mine under certain conditions to be operated for the benefit of the creditors.

### CHALLENGE TO GRAINMEN.

Ottawa, April 17.—A challenge to the Saskatchewan Grain Growers to prove recent statements that the Canadian shoe manufacturers were taking undue advantage of the tariff has been issued by the executive of the Canadian Shoe Manufacturers' Association. The association invites a committee to investigate all records and books of any or all firms in the association.

## TRANSPORT OLYMPIC HAS MANY TROOPS

Due at Halifax Saturday With 5,562 of All Ranks

Ottawa, April 17.—The transport Olympic, which, according to advices received by the Militia Department will reach Halifax on or about April 19, has on board a total of 5,562, of whom 258 are officers, 5,297 other ranks and seven dependents. She carries the First Battalion for London, Ont., the 3rd and 4th Battalions for Toronto, the 2nd Battalion for Kingston, the 3rd and 4th Batteries for Kingston, the 5th and 7th Batteries for Montreal, and the Sixth Battery for Halifax.

She has also on board the 8th General Hospital for Montreal, and a number of tunnelling companies. The western classification by dispersal areas is as follows:

Regina, 1 officer, 12 other ranks; Edmonton, 1 officer and 34 other ranks; Vancouver, 1 officer and 1 other rank.

### Araguaya Sails.

London, April 17.—(Canadian Associated Press.)—The steamer Araguaya sailed from Liverpool Tuesday for Portland, Maine, with 48 officers from Buxton and a variety of small details from other centres.

### NO DECISION.

## HELIGOLAND TO BE DISMANTLED

Joint Invitation to Smaller Powers to Attend Peace Conference

London, April 17.—The Council of Four, says Reuter's Paris correspondent, has decided that Heligoland shall be dismantled and as far as possible destroyed.

### Date Given.

Paris, April 17.—The meeting of the delegates of the eighteen powers yesterday afternoon was presided over by M. Clemenceau, who communicated to them the date on which the Germans would be invited to be at Versailles.

One question considered was whether the invitation should be issued in the name of the Council of Four or in the name of all the Allied and Associated Powers represented at the Peace Conference. The impression prevailing after the meeting was that all should join in the invitation.

The Council of Ten met after the meeting of the delegates of the eighteen powers and considered the procedure to be adopted at Versailles and also a number of collateral phases of the peace treaty that had been referred to the foreign ministers.

The Council was held at the Foreign Office on the call of the Council of Four. The foreign ministers reported that various articles of the treaty had been put into the hands of the drafting committee. The remaining articles are to be disposed of to-morrow.

Two questions, one involving a slight addition to the military terms and another concerning the payment of Allied soldiers in the occupied territory, were referred to the Supreme War Council.

## WOULD REVIVE OPIUM TREATY

Britain Submits Proposal to Conference for Control of Noxious Drugs

London, April 17.—Cecil B. Farmsworth, Under-Secretary of State for Foreign Affairs, told a questioner in the House of Commons yesterday that the British Government had submitted a proposal to the peace conference that the countries represented there should take steps to bring the opium treaty of 1912 into force, and that a provision should be in the peace terms imposing on the enemy states the obligation of ratifying the convention.

The British Government had also suggested that the League of Nations should be entrusted with the duty of supervising and carrying out the terms of the convention, and also the traffic in opium and other noxious drugs.

## ONTARIO TO VOTE ON LIQUOR QUESTION

Hearst Bill for Referendum Debated in Legislature

Toronto, April 17.—Premier Heart's bill providing for a referendum on the continuance of the Ontario Temperance Act received second and third readings in the legislature last night after it had been debated for three hours by the House.

"The Temperance Act was passed as a war measure," the Premier said. "That was the justification for action without a vote of the people. I was confident then that the Government was interpreting the will of the great majority of the people, and I am more confident to-day after the experience of three years.

"This act has lost my Government's support; it turned many of my warmest political friends into enemies. It has created the only cloud that has ever darkened the political success of my government, but I have no apologies to make, nothing to take back, nothing to regret."

### Four Questions.

Premier Hearst explained the four questions to be placed on the ballot. It was generally conceded, he said that the first question, the repeal of the Ontario Temperance Act, would be answered in the negative. Question two provided for sale of light beer, a little more than twice the strength of the present standard, through Government agencies. If this clause were carried the act would be amended to permit such sale unless, of course, the act were repealed. The same would apply on the third and fourth questions.

The standard for light beer specified in questions two and three is that which prevails in practically all the Provinces of Canada, the Premier stated. Labor circles had already asked that beer of this strength be sold as a temperance beverage.

The ballot on the referendum, Sir William said, would be made clear to every voter. In the ensuing six months it would be explained in the press and on platforms and in pulpits.

### Lose Franchise.

Defaulters under the Military service Act and persons convicted of seditious or treasonable offence during the war are disqualified from voting or from holding public office in Ontario for a period of ten years under a measure introduced in the Legislature last evening, by Hon. I. B. Lucas, attorney-general. Hon. Mr. Lucas withdrew the "blue sky" legislation, designated to regulate the sale of stock and bond shares. Opposition had developed to the bill from several quarters.

### SUPPORT BIG UNION.

Calgary, April 17.—The local union of machinists last night voted in support of the One Big Union.

## BATTLE-TANK FAILED TO MOUNT PIKE'S PEAK

Colorado Springs, Colo., April 17.—The attempt to ascend Pike's Peak in a battle tank was abandoned yesterday. The tank broke down at an altitude of 11,200 feet, and owing to the difficulty of repairing it at that point the attempt to reach the top was given up.

## NO FADDISTS WANTED BY CALGARY CHURCH

Calgary, April 17.—Grace Church congregation took unusual action last night in appointing a committee to select a pastor in place of Rev. Alex Esler, when they passed a resolution determining to select no pastor who did not express true faith in the fundamentals of Christianity, in other words they want no faddist or preacher of new theology.

## FOUND GUILTY OF TRAFFICKING EXEMPTION CARDS

Quebec, April 17.—"Guilty with recommendation to the clemency of the court" was the verdict brought in last night by the jury in the trial of Capt. J. A. Goulet, George Pion, N. P. and H. G. Guay, charged with conspiring to defraud by trafficking in Military Service Act exemption cards.

## CAPT. BLACK IS COUNSEL FOR B. C. MEN IN RHYL CASE

London, April 17.—Captain Black, formerly commissioner for the Yukon, has, at the instance of Agent-General Wade, been retained as counsel for the British Columbia soldiers implicated in the Kinmel Camp disturbances. The court-martial will open almost immediately.

# BELGIUM WOULD REFUSE REQUEST

### Peace Delegates Say Not Anxious to Try Former German Emperor

Paris, April 17.—The Belgian peace conference delegates to-day informed the correspondents that Belgium had not been officially requested by the Council of Four to bring the former German Emperor to trial, and that the Belgian Government would feel obliged to decline to take the step even if there were any request for such action.

The Belgian delegates hold that any action should be taken by a commission representing the associated powers. The official Belgian view, it was said, is that the former emperor cannot be arraigned for declaring war or violating the neutrality of Belgium, or for any act preceding or coincident with the declaration of war.

After pointing out that there is no tribunal competent to hear such charges against the former emperor, and no provision of international law covering such cases, the delegates said that Belgium expects that persons guilty of acts punishable under the criminal codes of any of the belligerent powers will be placed on trial, as the fact that theft, murder and other crimes were committed during war does not relieve the criminal of responsibility.

If the commission desires to arraign General Baron von Manteuffel for the sacking of Louvain, General von Schroeder for the murder of Captain Fryatt and General von Sauberzweig for the execution of Miss Edith Cavell, all the necessary documents will be forthcoming," said the general secretary of the delegation.

**Not Seeking Revenge.**

"But Belgium does not seek revenge. It wants only justice. It would be small satisfaction to lock up the Kaiser for a few months in the Saint Gille prison, and those who have reported that such revenge has been offered Belgium as a solace for her wrongs have sadly misunderstood the Belgian character if they thought it would be acceptable.

"The only case in which the personal responsibility of the emperor for a criminal act committed in Belgium could be established beyond doubt is in the atrocities attending the deportations of civilians and compelling them to do forced labor in Germany. In this case the responsibility is unquestioned."

# POSTAL DISPUTE IS REVIEWED

### Department Issues Statement on Negotiations With Employees

Ottawa, April 17.—The Post Office Department last night issued a lengthy statement dealing with the long drawn out discussion between the Dominion Government and the postal workers. The statement, after referring in detail ot the communications which passed between the representatives of the postal workers and the Government when the requests of the workers first became the subject of negotiations early in March, takes up the story of the conference at the Capital subsequent to April 1. The statement points out that in response to a communication from the amalgamated postal workers, it was decided to retain the temporary employees in the service throughout the summer. On March 25, a list of thirty-three demands was received and endorsed by the convention of the amalgamated postal workers at Saskatoon, and calling for an answer from the Government by the beginning of April. There was not any intimation from the postal employees of any intention to strike.

**Additional Demands.**

Two days later another list of fifteen demands was received, and the outcome was that a delegation was invited to come to Ottawa to discuss the situation with the Government. The statement goes on to tell of further correspondence and of the meeting in the Capital when the demands of the Western men were reduced to ten, which have since been dealt with. The demands covered equalization of salaries, inadequate salaries and the cost of living.

In the Eastern demands there was a difference in the matter of equalization. There was also a request for a Saturday half-holiday the year round, with the exception of rush seasons, and pay for overtime. Increases for temporary employees who have been on minimum pay for some time were asked and the Government replied that with certain exceptions, as in the case of returned soldiers, it would not be possible to give annual increases to these temporary men.

**Extra Staffs.**

The postmen also requested that an extra staff be provided to carry on the work of any man or men absent from work. This matter was left over for further investigation.

The thirteenth demand, that all bonus and allowances now paid as addition to salaries be included in the salary will be dealt with by the Civil Service Commission. A matter which also would be taken up in reclassification was that the minimum wage, $24 per week, be given all postal employees with corresponding increases to the higher grades.

The matter of equalization of salaries, it was pointed out, will also be met in the reclassification under which the salary will be based on the class of work irrespective of the location in Canada.

The conferences between the Government and the postal workers occupied several days.

# G. A. SULZER, ALASKA CONGRESSMAN, DEAD

### Special Election to Be Held to Choose Successor in House

Ketchikan, April 17.—Charles A. Sulzer, congressional delegate-elect from Alaska, died suddenly Tuesday night aboard the launch Taku II., while coming from the town of Sulzer to Ketchikan for medical treatment. Sulzer's remains arrived here yesterday.

**Territorial Law.**

Juneau, April 17.—Selection of a successor to Charles A. Sulzer, Alaska territorial delegate to Congress, who died suddenly aboard a launch en route from the town of Sulzer to Ketchikan for medical treatment, will be made by a special election to be called by Governor Thomas Riggs, Jr. This is in compliance with a territorial law passed in accordance with the Organic Act of the territory, and the Governor is required to give at least thirty days notice of the special election.

Sulzer was taken ill Monday morning and was being removed to Ketchikan under physician's orders when he died. By coincidence, the territorial canvassing board yesterday officially announced Sulzer's election as delegate to Congress as the result of last November's election at the same time the news of his death was made known. Both Houses of the Legislature adjourned in respect, and Governor Riggs ordered flags throughout the territory placed at half mast.

# SENSATION CAUSED BY SWISS RECOGNITION OF GERMAN GOVERNMENT

Berne, April 17.—The Swiss Federal Council, it is reported, has decided to recognize the new German Government on the ground that it was elected legally by the National Assembly which was chosen by the votes of the people.

The report has caused a sensation in political circles here.

# SUCCESSES CLAIMED FOR SOVIET FORCES IN RUSSIAN DISPATCH

London, April 17.—Continued successes for Russian Soviet forces along almost the whole of the western Russian front from the Baltic to the Black Sea is claimed in a Russian official wireless dispatch received here to-day.

**REBUKED.**

She—I think our flat is a lot nicer than the Robinsons', don't you?

Her Friend—My dear, it's bad form to match quarters.

## HER FIVE CHILDREN

### Had Whooping Cough At The Same Time

Whooping cough is one of the most dangerous diseases of children, especially to those under five years of age. It first starts with a fever and cough, sneezing, watering of the eyes and an irritation of the throat. Later the coughing increases, the child becomes livid in the face, the eyes appear as if they would burst from their sockets, and suffocation seems imminent till relief is brought by the "whoop."

On the first sign of whooping cough we would advise the use of Dr. Wood's Norway Pine Syrup. This famous remedy will clear the bronchial tubes of the collected mucous and phlegm, and in this way ease the racking cough and in a short time make it disappear entirely.

Mrs. Walter McGaughey, North Battleford, Sask., writes: "I have five children, the eldest thirteen and the baby two years old. They all had the whooping cough at the same time. I tried two or three cough remedies, but none gave the same satisfaction as Dr. Wood's Norway Pine Syrup. A home where there are young children should never be without it. I will highly recommend it to those who want a quick cure."

There are many imitations of Dr. Wood's Norway Pine Syrup, so be sure you get the genuine by insisting that the package is put up in a yellow wrapper; three pine trees the trade mark; price 25c. and 50c. and manufactured by The T. Milburn Co., Limited, Toronto, Ont.

# MRS. HUNTER SAYS SLAMMING DOOR MADE HER JUMP

### Nerves Restored by Tanlac She Sleeps Like a Child Every Night

"I have the best of reasons for praising Tanlac because it has done for me what all the medicines in the past three years failed to do," said Mrs. Grace Hunter, who lives at No. 3836 Nanaimo Street, Vancouver, to a Tanlac representative a few days ago.

"I was in such a bad state of health," continued Mrs. Hunter, "that I was hardly able to go about anywhere and after eating I would have a stuffy feeling like my stomach was filled with gas and my heart would beat so fast that I just had to gasp for breath and sometimes while going about the house I would get so dizzy and feel so faint and weak that I didn't dare stoop over because I was afraid I'd fall to the floor and I'd just sit down somewhere until the attack passed over.

"My nerves were so upset that I couldn't bear any kind of noise or excitement and at times I thought I just couldn't stay in the house because if anyone slammed a door the least bit I would jump like somebody had fired a shot, and I was almost frantic with headaches. Sleeping was next to impossible, and I was so restless that I'd hear the clock every time it struck at night, and I was rolling and tossing about the bed all night long and I got up in the morning feeling all tired and worn out. I just had no energy to start the day with, and I was hardly able to do any of my house work.

"I suffered this way for three years and during most of the time I couldn't eat what my family ate and it seemed like that if I just sat down at the table at meal time I would get nauseated and sometimes I'd have to take to my bed for weeks at a stretch. Medicines did me no good and I felt so lifeless that it was all I could do to drag myself around and I had just given up all hope of ever being well again when I heard about Tanlac and what good it had done other people that were troubled like I was and I decided to give it a trial.

"I have taken five bottles of Tanlac and I now eat anything without the least trouble and have gained seven pounds in weight; in fact, I feel just like a new person in every way. I have gotten entirely over those terrible headaches, my nerves are quiet and steady, and I sleep all night like a little child and get up in the morning feeling refreshed and full of energy and have strength to do all my house work. Life is a pleasure to me now and I am glad to tell what Tanlac has done for me in the hope that others troubled as I was will take it and be benefited."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas.

# MORE DETAILS OF INDIAN OUTBREAK

### Europeans Murdered and Buildings Burned at Armstadt

Lahore, India, April 17.—(Reuter's.)—Further details of the rioting at Armstadt state that five Europeans were murdered. After looting the banks the rioters poured oil over everything and fired the buildings, the bodies of the victims in the National Bank being burned beyond recognition.

Manager Thompson, of the Alliance Bank killed several of the rioters with his revolver before being overpowered. Everything of value in the town hall, including the official papers and records were destroyed. The mission church and the Punjab religious depot were also burned. Several Europeans had thrilling escapes, a number of them being sheltered and housed by Indians until calm prevailed. A woman doctor in the municipal hospital escaped by hiding in a closet and dressing in native costume.

The police behaved splendidly, saving a number of Europeans. Local troops with reinforcements from Lahore and Jullindur finally quelled the disturbance.

## NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

**Save your hair! Double its beauty in just a few moments.**

**"Danderine" makes your hair thick, glossy, wavy and beautiful.**

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

# GERMANS PREPARE TO VISIT PARIS

### Envoys to Include Assembly President Fehrenbach; Twenty-Eight Delegates

Berlin, April 17.—The special committee on peace negotiations named by the German national assembly at Weimar will include President Fehrenbach and three vice-presidents of the assembly. The other members will be twenty-eight delegates to the assembly, representing all parties, and including two women socialists.

**Brockdorff-Rantzau.**

Copenhagen, April 17.—Count von Brockdorff-Rantzau, German Foreign Minister, quoted by the correspondent of The Vienna Neue Freie Press, deprecates another attack "to take advantage of dissensions between the Entente Powers and play off one against the other."

He declares that such would be a "foolish undertaking," adding:

"I think it more dignified for the peace delegates of one nation of 70,000,000 frankly and honestly to endeavor to convince the Entente of the justice of all we are striving for, than by petty intrigues to fill the political atmosphere again with explosive material. There are so many common interests among all taking part in the peace negotiations that with a certain amount of good will there remains a basis for an honorable understanding."

Man may be made of dust—but he always wants a little bit more.

## MUST HAVE SHOCKED THEM.

Mr. Lloyd George's announcement that all the pledges he had given in the general election had been incorporated in the demands agreed upon by the Allies, that full security for France against German aggression in the future had been guaranteed and that the Conference had not the slightest intention of recognizing the Bolshevik Government of Russia, must have been a shock to the "wild men screaming through the key-hole."

It certainly must have a discouraging effect upon even the chronic pessimism of Dr. Dillon who was sure the peace treaty would be an "ugly abortion," and possibly we shall hear that Lord Northcliffe has indulged in another of his neurotic changes of front and that his battery of publications is again extolling the Prime Minister to the skies.

It may be, however, that the prophets of woe and ruin will take another tack and assure us now that the terms to be demanded of Germany are so drastic that the Berlin Government will not sign them, that, instead, Germany will go Bolshevik and that for this the Paris Conference will be to blame. People endowed with imaginations so elastic ought to find somewhere fresh fuel for their morbid fancies.

Much of the wild criticism which Mr. Lloyd George scathingly denounced yesterday was prompted by the best intentions mixed with groundless apprehension. Some of it sprang from the hopeless tendency of certain people to look upon the dark side of things. But some of it, unhappily, was deliberately intended to sow dissensions among the Allies so that the world might continue to be a barracks, with conscription, armament competition and general reaction. The authors of it, fearful that Prussianism will perish in Germany, would like to see it revived in Germany's foes. To them a world made safe for democracy is a world not fit to live in. A peace which will eliminate the German peril and military imperialism generally is the last thing they want. That, however, is the kind of peace the people of the world desire and mean to have.

## MAYOR GALE'S APPOINTMENT.

The post of Public Utilities Commissioner to which Mayor Gale has just been appointed is a new departure in British Columbia. It is an additional branch of governmental machinery in which there is plenty of scope for a Commissioner with keen intelligence and courage in keeping with the times.

Mayor Gale is energy personified. Perhaps the best tribute that could be paid to a public servant was paid to him by his own city when, as its chief magistrate, it sanctioned his second term of office by acclamation in January of the present year. Last year perhaps was about the most difficult twelve months in the history of Vancouver as far as the conduct of its civic affairs was concerned. On account of this fact, and the happy issue secured by Mayor Gale in connection with a number of extremely trying situations, his initiative and executive ability can not be seriously questioned.

During his public life Mr. Gale has not been afraid to stick to his convictions and principles, and his course has demonstrated his earnest desire to safeguard the interests of the public. He should prove a successful Commissioner.

## A HARD NUT.

The difficulties with which the Peace Conference has been grappling received special emphasis from the British Premier yesterday in his remark that questions that never had been heard of before the war had nearly produced a conflict between two of the Allied states.

The reference probably was to the dispute between Italy and Jugo-Slavia of which Serbia is the dominant element, over the Adriatic seaboard. Possession of Fiume, formerly a famous Austrian seaport, and the Dalmatian strip, is demanded by Italy under the terms of two secret treaties entered into with her by Great Britain and France in 1915, and prominent Italians in Paris declare that unless this is insured there will be a revolution in Italy. On the other hand, the Jugo-Slavs claim Fiume on the ground that it is preponderatingly Slavic in population and is their natural outlet on the Adriatic.

How would those who have been so busy criticizing the Peace Conference on its "delay," and deluging the conferees with advice through the newspapers, crack that nut? A revolution in Italy would be a deplorable development; so would a revolution in Serbia. War between the two would be a calamity. Yet this question must be settled by the Peace Conference. The war was not a limited-liability affair on the part of the Allies. The peace problems of the Balkans are as much a common issue as the military problem was during the conflict. They are as much integral parts of a whole existing situation as the Near Eastern fronts were of the military situation, and must be decided in Paris just as the military strategy for all was decided in Paris.

## NO INTERVENTION.

In deciding against military intervention in Russia the Paris Conference is pursuing a wise course. Mr. Lloyd George says intervention of that kind would be "an act of the greatest stupidity" and his statement has the sanction of reason and history.

As far as Russia is concerned she must work out her own salvation and settle her domestic affairs according to her own idea of what is best for herself. That is what every other nation has had to do when it emerged from feudalism into a state of nascent democrary. Great Britain's transition was marked by long years of upheaval, of civil war after civil war. France's experience was very much the same. That also must be the experience of Russia.

This involves untold hardship and suffering for the Russian people as it involved hardship and suffering for the people of Great Britain and France, but it is only through them that people, kept in a state of repression, can learn which path to take to enlightened political development and progress.

The decision of the Conference to refuse recognition to the Bolshevik Government is equally sound. That Government usurped power with the bayonet and has maintained its position by violence. It was defeated in elections to the Constituent Assembly authorized by it, and at once abolished the Assembly by force. In fact, it is not a Government at all, but it remains the business of the Russian people to get rid of it as soon as they are capable of organizing against it.

Something more than a century ago France had a Bolshevik Government which seized power in precisely the same way and kept it for a time by the terror of the guillotine. The other powers of Europe, however, made the mistake of intervening. They united with Austria in an attempt to restore the discredited Bourbons to the French throne with the inevitable result that they consolidated all France against them and produced Napoleonism and twenty years of war.

The analogy between the French and Russian revolutions is so close that the folly of military intervention now must be readily obvious. Russia will get rid of Bolshevism if she is left to herself, but outside pressure probably would substitute for it a new species of Napoleonism and the world would be confronted with a new war. Without external provocation the Bolsheviki never can lead a consolidated Russia in a war of aggression. Nor can they propagandize anarchy successfully in any ordinarily enlightened country.

## THE MINER IS ALL RIGHT.

If Great Britain is somewhat perturbed politically at the present moment—a condition, by the way, which makes its appearance with the regularity of the moon change—Britain industrially has cause to congratulate herself. Perhaps one of the most significant items of news to be flashed across the Atlantic yesterday was the announcement that the Miners' Federation in conference at Southport had accepted the Sankey report by a majority of more than 600,000.

The Times has referred on more than one occasion to the attitude the British miner has adopted during the progress of the Coal Commission's deliberations and in his general support of the demand of the Triple Alliance. To begin with, the underground toiler made up his mind that if his conditions of living were to be elevated to the standard enjoyed by his fellow workers, his draft upon capital would require to be a deep one. So in addition to an increase in wages amounting to about thirty per cent., as well as a six-hour working day, he demanded a substantial voice in direction and urged that all coal mines be nationalized.

But by accepting the Sankey Report the miner gets a seven-hour day for two years—with a six-hour day thereafter if economic conditions permit—nearly the whole of his wage increase, and certain substantial improvements in working conditions. It should be noted, however, that in addition to his conciliatory attitude, he has had to digest the startling revelations of the Coal Commission itself, mentally noting for future reference, no doubt, the amount of excess profits made during the war by the operators. He has swallowed all this and throughout the whole proceedings he has displayed a remarkable spirit of restraint and toleration.

Apparently, the British workingman is living up to his reputation. He looks before he leaps. Russian and German "nationalizing" will not be the pattern for the miners of Britain. And with a majority for industrial peace of over 600,000 a working argument has been set up that should hold in subjection such extreme elements as are bound to creep into so large an organization.

## RULE OF THE ROAD.

At its recent session the Legislature of British Columbia went on record as favoring a change in the rule of the road in this Province. The only reason offered against the introduction of legislation this year was based upon the argument that due notice should be given, not alone to the people but also to the transportation companies and automobile manufacturers.

It has now been definitely decided, however, that a bill will be introduced at the next session of Parliament designed to bring the rule of the road in this Province in conformity with that of the adjoining States and the rest of the provinces of Canada. At the moment British Columbia stands alone on this continent as the one adherent to the old rule.

In the event of the bill becoming law, "turn to the right" in British Columbia will go into effect on July 1, 1920. Autoists in this Province and in the neighboring states will welcome the change. Many accidents will be avoided, tourist interchange should get considerable impetus, and the financial benefit from this class of traffic should be considerably increased.

One of the Dominion Board of Pensions Commissioners predicted in Winnipeg yesterday a general increase in the pensions to cover the increased cost of living. A committee of Parliament has been investigating the subject for some time and a favorable report is anticipated. It is to be hoped that the report will include a recommendation for the removal of rank distinctions in the distribution of pensions.

### PROTECTIONISM BURDEN ON MASSES.

(Westminster Gazette.)

If there was one thing on which everybody was agreed at the beginning of the war it was that we would not at the end of it repeat the mistake of our forefathers after the Napoleonic wars, and throw the burden on the masses of the people by Protectionist taxation and restriction on trade.

## RECOMMENDED AS PUBLIC UTILITIES COMMISSIONER

(Continued from page 1.)

energies toward bringing to time the several railway companies under obligation to erect certain works. Not very much headway was made during that year, but the persistent efforts on the part of then Alderman Gale, in his capacity of Chairman of the Bridges and Railways Committee of the Council, bore fruit in 1916, the testimony of which is found in the magnificent terminal structures which now adorn the head of False Creek.

Cheaper light for his city was another plank in Mr. Gale's programme, and he has seen the B.C. Electric's rate drop from eleven cents to six cents per kilowat hour during his term of public service in Vancouver. His attitude was an immovable one in connection with his refusal to sign the city by-law for the purpose of permitting the same company to charge a six-cent fare. That by-law, by the way, is still unsigned.

**Possessed Good Judgment.**

During his first year as Mayor of his city Mr. Gale was confronted with many difficult problems not wholly foreign to the effect of war. Strikes and labor disputes were constantly recurring and on a number of occasions situations developed which demanded of him cool judgment and an understanding of the temper of the times. That Mayor Gale was able to pilot his municipal ship over many uncharted channels without accident is a recommendation in his favor that should augur well for successful administration in the post to which he now goes.

**Co-Operative Effort.**

As a foe to the high cost of living the Public Utilities Commissioner has demonstrated his calibre. His activities in securing for Vancouver a city market helped the housewife to no small saving. As a public man he has always been an ardent disciple of co-operative effort. Long ago he saw the East always striving for its own interests irrespetcive of the western claim, and if his efforts for a closer harmony have not been so successful as could have been wished for, it as been largely attributable to that well-known eastern obstinacy, if not selfishness.

**General Activities.**

Apart from his direct connection with City Council affairs, Mayor Gale has been an active worker through the many organizations directing their efforts for the general good. He has held with credit to himself the following positions:

Director Union of Canadian Municipalities, Director Union of B. C. Municipalities, Vice-President Pacific Northwest Tourist Association, Honorary Life President Vancouver Automobile Club, President Good Roads League of British Columbia, member Vancouver Board of Trade, member B. C. Manufacturers' Association, Honorary President Chamber of Mines, Director Rotary Club and Honorary President Vancouver Red Cross.

## PREDICTED TEUTONS WILL BE FORCED TO ACCEPT OR REJECT TERMS BY MAY 15

(Continued from page 1.)

sheviki, but it is said to be probable they will ultimately acquiesce in the Allied decision.

The question of the United States becoming mandatory for Armenia and the ancient Province of Cicilia to the southwest, is again being considered at the peace conference. There seems to be a disposition on the part of several Entente powers also to ask this country to take over control of Constantinople, a suggestion which is said to appeal to some members of the American commission.

**Albania.**

Albania has appealed to Premier Clemenceau as President of the peace conference, asking for confirmation of the complete independence of that country. Here, too, there is a willingness that the United States should assume control of governmental affairs at least until the little country has organized its political system.

The communists are still in control of Munich, but heavy forces of Bavarian troops have begun an advance on the Bavarian capital, according to Berlin advices. It is not known, however, whether a decisive battle has as yet been fought.

## TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, April 17, 1894.

The Admiralty have asked for information at the earliest date on which H. M. S. Undaunted, cruiser, will be ready for commissioning at Devonport.

A party of prominent American newspapermen who are visiting the northwest will shortly visit Victoria.

Half an inch of snow fell at Wellington last night.

Dalton McCarthy in his speech on the budget debate last week stated that the limit of taxation had been reached in Canada, and he was of the opinion that the country was approaching an era of deficits.

### VANCOUVER ISLAND ROADS.

Nanaimo, April 17.—President J. W. Coburn, of the Nanaimo Automobile Association, summed up the whole situation regarding the roads of Vancouver Island and in fact those of all sections of the Province when at the close of an able and interesting paper on roads by Mr. Breckenridge, of Vancouver, at the meeting of the Nanaimo Automobile Association last evening. He stated the time had undoubtedly arrived when the Provincial Government and municipalities would have to completely change the present system of road-making, the material used at the present day being absolutely of no use, and unable to stand up under the heavy automobile traffic.

### GERMAN SHIP AT NEW YORK.

New York, April 17.—The first ship to arrive in America of the German tonnage turned over under the armistice terms arrived to-day—the Kaiserin Auguste Victoria, bringing home 2,319 American troops. The majority of these are of the 39th Division.

## A BEDTIME STORY

### Uncle Wiggily and Toodle's Tail

Copyright, 1918, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

Uncle Wiggily Longears, the bunny rabbit gentleman, was hopping along through the woods near his hollow stump bungalow one day when, all of a sudden, he heard some one cry out:

"Oh dear! Oh dear! Well, this is the last of me! I'll never get loose! Never!"

"That sounds like bad luck and trouble all made into one!" said Uncle Wiggily, stopping short and chewing on a bit of cabbage bread he happened to find in his pocket; where Nurse Jane Fuzzy Wuzzy, his muskrat lady housekeeper, had put it. "That's trouble as sure as my pink nose twinkles! I must see about this."

So Uncle Wiggily peeked around the corner of the dusting brush bush, and there he saw Toodle Flat-tail sitting on a bit of soft moss and looking very sad.

"Why, Toodle! What's the matter?" asked Uncle Wiggily.

"Oh, my big, broad tail is caught in a crack in this log, and I can't get loose," spoke the beaver boy. Toodle Flat-tail was a beaver, you remember. I used to tell you stories about him and his brother Noodle.

"Your tail caught in a crack in the log!" cried Uncle Wiggily. "That's too bad!"

"No, it's only one bad—that is one tail bad," said Toodle. "But that's enough. If my brother Noodle had his flat tail caught that would be two bad—"

"Well, you can't be very much hurt or you wouldn't joke that way!" said Uncle Wiggily.

"No, my tail doesn't hurt me," spoke Toodle. "But I can't get it loose, and mother sent me to the store for some sugar honey, 'cause Grandpa Whackum, the oldest beaver of us all, has sore throat.

"But, alas!" sighed Toodle, "with my tail caught fast in the crack of the log, even though it doesn't hurt, I can't go to the store and I guess I'll have to stay here forever."

"Oh, no, you won't," kindly said Uncle Wiggily. "I'll soon get you loose."

"How?" asked Toodle.

"I'll pry open the crack in the log with my red, white and blue striped rheumatism crutch," said the bunny, "and you can easily pull out your tail. Then you can go to the store."

"Oh, thank you, Uncle Wiggily!" said the beaver boy. And Mr. Longears did just as he said he would. He put the end of his red, white and blue striped rheumatism crutch in the crack of the log, where Toodle's tail was caught fast, and, in another moment, Toodle was loose. And away he ran to get the honey from a bee tree for Grandpa Whackum's sore throat.

But before Toodle ran away he called:

"Thank you for helping me, Uncle Wiggily. "Maybe I can help you some day."

"All right, I'll let you know when you can," spoke the bunny. Then he watched Toodle hurry away, dragging after him his broad, flat tail, which was like an egg or a pancake turner. And Toodle's tail was just like the paddle of a steamboat, too; and it helped the beaver boy swim in water.

Well, Uncle Wiggily hopped on and on through the woods, wondering what sort of an adventure he would have, when, all of a sudden, something happened.

Out from behind a big stone jumped the bad old Skuddlemagoon, and before the bunny rabbit gentleman could get out of the way the bad old Skuddlemagoon had grabbed him by the ears.

"Here! Hold on, if you please!" said Uncle Wiggily, speaking politely even to such a bad chap as a Skuddlemagoon. "Where are you taking me?"

"Off to my den, so my friends, the Pipsisewah, and I can bite souse off your ears!" was the answer. "Off to my den you shall go, you shall go, you shall go! Off to my den you shall go, my fat rabbit!"

Well, Uncle Wiggily didn't want to go, but there was no help for it. The Skuddlemagoon just dragged the bunny along, and Uncle Wiggily was feeling very sad when, all at once, the Skuddlemagoon came to the beaver pond of water.

"I'll have to wait for the Pipsisewah to come and take us over in his boat," said the Skuddlemagoon, "as I don't dare get wet. It gives me the kerzoozles to get wet."

Then he let go of Uncle Wiggily and ran away. The bunny was a bit wet himself, but that never gave him the kerzoozles, so he didn't mind. He thanked Toodle very much for saving him. So you see it is a good thing beavers have flat tails. And if the bottle of milk doesn't roll off the back stoop when the baker boy tries to make it spell ice cream I'll tell you next about Uncle Wiggily and Billie's Horn.

# IN WOMAN'S DOMAIN

## SOCIAL AND PERSONAL

Charles Thurlin, of Campbell River, is in the city.

☆ ☆ ☆

Mr. and Mrs. Joseph King, of Whitby, Ont., arrived in the city yesterday.

☆ ☆ ☆

Capt. Brydges, of Los Angeles, California, has arrived at the Empress Hotel.

☆ ☆ ☆

Mrs. E. P. Bartlett is among the Victorians registered at the Palace Hotel, Seattle.

☆ ☆ ☆

Major C. Foster and Mrs. Foster, of Washington, D. C., are registered at the Empress Hotel.

☆ ☆ ☆

Mrs. Dewdney has returned to the city from Vancouver, where she has been visiting Mrs. A. L. Russell.

☆ ☆ ☆

Senator Taylor, of New Westminster, expects to be in the city on Saturday with his family with a view to spending Easter here.

☆ ☆ ☆

Major A. E. Jukes has gone over to Vancouver to spend a few days with his parents, Mr. and Mrs. Andrew Jukes. His sisters, the Misses Laura and Betty Jukes, have recently returned from overseas service.

☆ ☆ ☆

Paymaster Lieut. F. W. Dovaston, R. N., secretary to the Divisional Naval Transport Office, left to-day from Vancouver in company with A. C. Lacey, chief engineer for the D. N. T. O. on a motor tour of Vancouver Island. They will be accompanied by Mrs. Dovaston and Mrs. Lacey.

☆ ☆ ☆

W. J. Taylor, of Woodstock, Ont., President of the Canadian Press Association, and John Imrie, manager of that body, will be in Vancouver on May 16 to attend a convocation of the British Columbia division of the Association. The gathering will be held at the Hotel Vancouver on a call issued by F. Simpson, of Kamloops.

☆ ☆ ☆

A masquerade dance is to be held at the Alexandra Club on April 22 under the auspices of the Women's Auxiliary to the Great War Veterans' Association. Prizes will be given for the best costumes and dancing will commence at 8.30. Ozard's orchestra has been engaged for the occasion. During the evening refreshments will be served in the downstairs cafe.

☆ ☆ ☆

The dance given by Mrs. George Simpson at the St. John's Hall, Herald Street, on Saturday last, met with such success that in response to numerous requests she has arranged to hold a dance at the same place on Easter Monday evening. This will be the first of a series, the remainder of which will be held on Saturday evenings, commencing on April 26.

☆ ☆ ☆

Mrs. G. T. Livingston entertained at an enjoyable bridge-tea yesterday afternoon at her residence on Beechwood Avenue. The reception rooms were charmingly decorated with daffodils and other spring flowers. Three tables were engaged in play and the prize-winners were Mrs. W. R. Dale and Mrs. Norman Haugh. At the conclusion of the game the hostess served delicious French ices, coffee and cakes.

☆ ☆ ☆

What is confidently expected to be one of the social successes of the Spring will take place on Easter Monday, April 21, at the Empress ballroom. The affair in question will be the seventh annual dance of the Elks and will conclude the Winter series of Dances given by that well-known and popular organization. From the demand for tickets already made on the committee, this event is expected to surpass all previous successes of the local lodge.

☆ ☆ ☆

Signal success attended the dance given at the Agricultural Hall, Saanichton, alst night under the auspices of the South Saanich Women's Institute. Some two hundred dancers, many of them visitors from town, entered into the enjoyment of the occasion and tripped to the strains of alluring music furnished by Professor Heaton's three-piece orchestra. The excellent condition of the floor added much to the pleasure of the dancers. Prior to the dance a delightful concert was given by Messrs. Harold Diggon and Tom Dooley's concert troupe, every item on the varied programme being received with acclaim. Delicious refreshments were served during the evening, after which dancing was resumed, continuing until after midnight.

☆ ☆ ☆

The home of Mr. and Mrs. C. Heather, Kennedy Street, was the scene on Tuesday of an early morning wedding, when their eldest daughter, Miss Pearl, was united in marriage to Frank Sherwood, of Northfield, the ceremony being performed by the Rev. Mr. Vance. The bride, attired in a travelling suit of silver grey, with hat to match, was attended by her sister, Miss Hazel Heather, the groom being supported by Isaac Corlett. After the marriage ceremony breakfast was served, Mr. and Mrs. Sherwood leaving on the morning boat for Vancouver en route to Seattle and other Sound cities, after which the newly married couple will take up their residence on James Island.

☆ ☆ ☆

In aid of the Resthaven Military Hospital Amusement Fund a dance is to be held at the Alexandra Club on April 30. Situate as the hospital is, so far from town, the patients are thrown upon their own resources for amusement and recreation, and, as entertainment is one of the most helpful factors in the trying period of convalesence, it is essential that the various sport equipments be kept in good condition and fully supplied to meet the requirements of the men. To this end it is hoped that the public will attend in force at this dance, at which they are ensured a good time with the added knowledge that they will be assisting in a splendid cause. A good orchestra has been engaged for the occasion, and refreshments will be served.

☆ ☆ ☆

The home of Mr. and Mrs. H. Dorrell, 110 Eberts Street, was the scene of an enjoyable gathering last night when a number of her friends assembled to bid farewell to Miss Mong Kow, who is leaving on the first of May for China, where her marriage will take place to a member of the Chinese Legation at Pekin. The evening was spent in singing and dancing, and delicious refreshments were served by the hostess. On behalf of her singing class, of which the bride-elect and her brother are members, Miss Katherine McGregor of the B. C. Academy of Music presented Miss Mong Kow with a handsome cut glass mayonnaise stand. The recipient made a graceful little speech of thanks expressing her pleasure at the token of esteem. The pleasure of the occasion was much enhanced by the delightful singing of Mrs. Macdonald Fahey.

## FOUR HUNDRED VISIT "MOUNTJOY" GARDENS

### Home of Mr. and Mrs. F. Pemberton Open to Public Yesterday

Despite the absence of sunshine, and the showers which fell later in the afternoon, some four hundred visitors took advantage of the opportunity furnished by Mr. and Mrs. Fred Pemberton yesterday in throwning open the gardens at their residence, "Mountjoy," Fowl Bay Road. For the past few years these beautiful grounds have been opened to the public in the Spring for the benefit of patriotic causes, and the proceeds of yesterday's event should materially augment the Returned Soldiers' Fund.

The grounds are at their best at this season of the year, the trees in their pristine clothing of green forming a wonderful canopy for the many-hued carpet of flowers beneath them. Dancing daffodils vie in charm with beautiful wild lilies beneath the fine old oaks with which the estate abounds, while the lovely hues of polyanthus, hyacinths, auriculas, purple aubretia, lilies-of-the-valley, purple and white heather, rock violet, pink lilies, rock roses, sal-lal, and every kind of primrose blend in colorful confusion.

During the afternoon, tea was served in the house, and the many visitors availed themselves of the opportunity to admire the beautiful exotic blooms which make their home in the conservatory. Lovers of flowers, indeed, found much to reward them yesterday afternoon in the beautiful gardens of "Mountjoy."

**GAS IN THE STOMACH IS DANGEROUS**

Recommends Daily Use of Magnesia to Overcome Trouble. Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralising effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

# STUDENTS PLAN TO STRIKE FOR HOLIDAY

## High School Pupils Dissatisfied With Curtailment: "Childish Prank," Says Principal

Claiming they are profiting by the example set by their teachers in February, some students of the High School are planning a strike of their own as a protest against the abolition this year of the usual week's holiday at Easter. Should the School Board refuse to take any action on the matter, and if the plans at present under way mature, a section of the student body will be absent from school on Tuesday morning, so students inform The Times.

The Board, it is stated, will not take action, and will leave the matter to adjust itself. Municipal Inspector Paul does not consider that the question warrants intervention, nor action by the trustees, being one of internal management of the school.

Principal Smith does not expect that there will be any general sympathy with the movement, which was inspired, he says, by a newspaper paragraph with regard to conditions at Aberdeen, Washington. He declares that the students who organized the demonstration yesterday afternoon have been duly brought to time, and that there is general regret that such action was taken; "a childish prank" he describes it. Mr. Smith does not anticipate if some pupils stay away on Tuesday there will be any general support from the student body.

**Hold Mass Meeting.**

The strike movement was launched during school hours yesterday when various notices and memoranda were circulated amongst the students. These notices pointed out that students in other municipalities, including Vancouver, were being allowed the holiday, and that Victoria students on the other hand were made the victims of the influenza epidemic, over which the students had absolutely no control. After the school had closed for the afternoon a mass meeting of some 450 students was held. The gathering took the precaution of assembling on the street off from the school grounds. Several students harangued their fellow pupils on the advisability of a week's holiday, and it is stated by the leaders of the movement that 450 students support the project. The meeting elected a students' committee to wait upon Principal A. G. Smith to secure favorable action if possible.

This committee met Mr. Smith forthwith. According to members of the committee, the Principal declared himself in sympathy with a week's holiday, and promised that he would take the question up with the School Board. They have planned to hold another mass meeting this afternoon. The leaders say that interference has been threatened. It is therefore planned to meet outside the school grounds, and pickets will be posted to warn the meeting of any possible interference.

**Result of Teachers' Strike.**

It is acknowledged by the leaders of the proposed walkout that their plan is largely influenced by the strike by which local teachers were able to achieve their demands in February. Many of the students fear that if the Easter holidays are abolished this year, they may not be allowed again.

**Many Oppose Strike.**

On the other hand, a considerable body of students, chiefly those of the Matriculation year, are absolutely opposed to the strike and to a week's absence from their studies. The older pupils feel that as a result of the epidemic they will have all they can do to pass the final examinations into the University, and that a long holiday at this time would mean a great set-back and, perhaps, ultimate failure. Among the younger students this feeling does not exist to such a large extent, as many of them are allowed promotion on the recommendation of the teachers and without examinations.

With regard to Vancouver it has been pointed out to the leaders that the schools there were closed less than a month during the epidemic, and as a consequence students can afford better to lose a week now.

# ROTARIANS SUPPORT REALTY CONVENTION

## City Must Get Her Just Sources of Revenue From Provincial Government

Support of the Interstate Realty Convention to be held here in July was pledged by the Rotary Club at its luncheon to-day. The Rotarians were addressed on the subject by C. T. Cross, who pointed out the importance of the convention to Victoria. A committee will be formed to act in conjunction with the Exchange, to see that the delegates to the convention are suitably entertained while in the city.

The work of the Assessment Commissioners and Local Improvement Commissioners was described to the meeting by James Forman. Mr. Forman claimed that the financial future of Victoria required that the city should secure from the Provincial Government sources of taxation to which it was entitled. Victoria, said the speaker, was not even allowed to keep the money obtained through motor licenses, though Vancouver had this privilege. Again, the city had been deprived of the fire tax, while some $50,000 a year was lost as a result of the closing of the bars. Under these circumstances Mr. Forman did not wonder that the municipal authorities were somewhat diffident about arresting large numbers of Chinese gamblers and paying out thousands of dollars for their upkeep in prison.

"Pressure must be brought to bear upon the Provincial authorities," declared Mr. Forman, "so that the city may be given the sources of revenue which are justly hers."

An optimistic view of Victoria's future and her present finances was taken by Frank Higgins, K.C., in an interesting address.

## An Old Offender Caught

For years he has caused endless trouble, but when Putnam's Corn Extractor was applied, he came out roots and all. Any corn or wart cured in twenty-four hours by "Putnam's Extractor," 25c. at all dealers.

## ASSOCIATION TO HELP REALTY MEN

At a meeting of the executive committee of the Development Association, held yesterday afternoon, C. T. Cross, President of the Victoria Realty Association, asked for assistance in the work of entertaining the members of the Inter-State Realty Association who will be here during the Summer attending the annual convention. Commissioner McAdam has been instructed to render every service he can to the realty men, and the association expressed the hope that the convention would be a great success, both from a social as well as a business standpoint.

The executive decided to take up the matter of the suspension of computation tickets on the E. and N. Railway with the Victoria Board of Trade, the Associated Boards of Trade of Vancouver Island and the Board of Railway Commissioners.

J. C. Pendray, President, reported on the work accomplished by the committee which toured the Island to enlist the financial support of all the towns in a big publicity campaign, and expressed himself as gratified with the reception the committee received and the support which they were promised.

Commissioner McAdam informed the executive as to the plans of the Pacific Northwest Tourist Association for the comihg year as adopted at a recent meeting in Seattle.

**Entertainment at Saanichton.**—The members of the South Saanich Women's Institute wish to express their sincere thanks to Messrs. Harold Diggon and Tom Dooley for arranging the successful programme at last night's entertainment at Saanichton; to Messrs. L. Campbell, Johnson and H. Hallwright for transportation; Mrs. Verdier for flowers; Fletcher Bros. for decorations, and to all who assisted in any way towards its success.

☆ ☆ ☆

**Will Lay Plank Near Tracks.**—The laying of planks beside the car tracks along Fort Street, from Yates Street to Oak Bay Junction, will be commenced next week. The asphalt is at present suffering, it is stated, on account of the looseness of the tracks.

☆ ☆ ☆

**The Services To-morrow** at St. James Anglican Church, corner St. John and Quebec Streets, will be: Morning service, 10 o'clock. Evensong and preparation for Easter. Communion at 8 p. m.

Exports of asbestos from this country to the United Kingdom have more than doubled during the war.

## WILL PRESENT CUP TO ENCOURAGE GARDENING

A handsome cup will be offered each year by the Victoria Rotary Club for the best display of vegetable seed produced by any school in Victoria and on the Island as far north as Duncan. It was decided by the local Rotarians at their weekly luncheon to-day. The individual students who produce the seed will be recognized by silver plates to be attached to the base of the cup. Conditions of the competition and all arrangements will be made by a committee. Accompanying the collection of seed will be an essay by the competitor on the relation of horticulture to good citizenship.

# MANY MOTOR PARTIES WILL COME TO ISLAND

## Number of Vancouver Business Men Arrived To-day; Going on Seven-Day Tour

Parties anxious to see the beauties of Victoria and Vancouver Island are beginning to arrive from various parts of the continent. On the 3 o'clock steamer this afternoon a party of well-known Vancouver business men with their automobiles, arrived in this city and are registered at the Strathcona Hotel.

To-morrow morning this party will set out on a seven-day motor tour of the Island, visiting all points as far north as Campbell River, and returning to the Mainland on the ferry from Nanaimo. These men are anxious to learn something of the reputed wonders of the Island highways and will cover practically every mile of good road on the East Coast.

This is the first of sixteen similar parties who are proposing to tour Vancouver Island this summer, according to a statement by Leighton Thomas, publisher of The Traveller Through the Northwest, who was with the party which arrived this afternoon. One of the parties will consist largely of journalists and magazine writers of Eastern periodicals.

The party which leaves in the morning, will be the pathfinders. They will gather all the information about roads and conditions, the most suitable stopping places and the accommodations of hotels en route and present it to the parties which are following.

The Development Association is assisting in the development scheme, and it is expected that a great many large touring parties will take advantage of the opportunity of having a trip up the Island.

## Adler-i-ka Again!

Adler-i-ka has been worth its weight in gold to me. It has CURED my constipation and a serious bowel trouble which I had." (Signed) Mrs. Anna Wagner, Statesbury, Mo.

Adler-i-ka expels ALL gas and soreness, stopping stomach distress INSTANTLY. Empties BOTH upper and lower bowel, flushing ENTIRE alimentary canal. Removes ALL foul matter which poisons system. Often CURES constipation. Prevents appendicitis. We have sold Adler-i-ka many years. It is a mixture of buckthorn, cascara, glycerine and nine other simple drugs. Hall & Co., Druggists, 702 Yates Street.

**To Welcome Lieut.-Col. Foster.**—Lieut.-Col. W. W. Foster, commanding officer of the 54th Battalion, and formerly second in command of the 2nd C. M. R.'s, is expected to arrive in Victoria on the afternoon boat on Saturday from overseas service. It is hoped that former members of the 2nd C. M. R.'s will be at the wharf to welcome him home.

## DR. TOLMIE SPEAKS

**Federal Member Addressed Council of Board of Trade This Afternoon.**

Dr. S. F. Tolmie, M.P., addressed a meeting of the Council of the Board of Trade this afternoon. He dealt with a number of very important matters which are engaging the attention of the Dominion Government at the present time and are of vital importance to British Columbia.

Yesterday afternoon Dr. Tolmie had an interview with Mayor Porter.

**To Help Salvation Army.**—At its luncheon to-day the Rotary Club decided to aid the Salvation Army in its drive for funds which will start in Victoria in the near future.

☆ ☆ ☆

**Nanaimo Couple Wedded.**—A quiet wedding took place at St. Andrew's Manse, Nanaimo, yesterday afternoon when the Rev. Dr. Unsworth united in marriage Annie Elizabeth Pargeter, daughter of J. T. Pargeter, of Five Acres, a native daughter of Nanaimo, and Arthur Ernest Kirkbride, also of this city, and formerly of Cumberland, England. Mr. and Mrs. Kirkbride left on the afternoon train for Victoria and Seattle.

OXO CUBES

## OBITUARY RECORDS

The death occurred this morning at 808 Fisgard Street, of Archibald Douglas, aged thirty-four years, a native of Glasgow, Scotland, and a resident here for the past four years. He is survived by his mother, one brother, James Douglas, of Victoria, two sisters in Vancouver, Miss Anna Douglas and Mrs. C. Spottswood. Another sister, Mrs. J. B. Lyons, resides in Glasgow, Scotland. The funeral will take place on Saturday afternoon at 2.30, Rev. J. P. Inkster officiating, from the Thomson Funeral Chapel, and interment at Ross Bay Cemetery.

The funeral of the late Theodore Blackmur Fisher, who passed away in the city last Monday, took place yesterday afternoon at 3.30 o'clock from the Sands Funeral Chapel. Many friends were present at the service, which was conducted by the Rev. J. G. Inkster. The hymns sung were, "What a Friend We Have in Jesus" and "Jesus Lover of My Soul." The casket was hidden beneath beautiful flowers betokening the high esteem in which the young man was held. The pallbearers were: W. J. Hooper, T. M. Dougall, J. Spooner, E. G. Howell, A. M. Howell and Percy Howell. Interment was made at Ross Bay Cemetery.

At St. Joseph's Hospital last night the death occurred after a brief illness of Harry Edward Dalby, aged forty-seven years. The late Mr. Dalby only arrived from England a few days ago. He was a native of Aldeburgh, England, and leaves his widow, at present in the city, to mourn his loss. The remains are reposing at the B. C. Funeral Chapel and funeral announcements will be made later.

Mrs. Oliver Milburn, of 2146 Saratoga Avenue, passed away yesterday afternoon at Glendale, Los Angeles, California, where she has been staying for the past eighteen months in the interests of her health. Mrs. Milburn was a native of Peterboro, Ont., from which city she came to Victoria about six years ago. She leaves to mourn her loss, her husband, one son and one daughter, all of whom are at Glendale, as well as a host of friends in this city, who will hear with regret of her death. Funeral arrangements will be announced later.

# The Man Who Banished Corns

Blue-jay was invented by a scientist of distinction. By a man whose lifetime has been spent in the study of surgical dressings.

This is a master's method—correct, complete and efficient. And the millions of people who know it, never think of enduring a corn.

**All in One**

The first step is to stop the pain. This is done by removing all pressure—by the soft protecting ring marked A.

The next step is to gently cause the corn to disappear.

This is done by the remarkable B & B Wax, which no corn can resist.

This bit of wax—marked B—is centered on the corn. It cannot spread. So, unlike old-time methods, it acts on the corn alone.

C is rubber-coated adhesive. This snugly wraps the application, protecting everything.

You apply this Blue-jay in a jiffy. The corn pain stops at once. The wrapping is comfortable and you forget it.

In two days you remove it and the corn can be lifted out. Only rare corns need a second application.

This is the scientific way, the easy, sure and right way to end corns. You will never return to any wrong method when you try a Blue-jay once.

Try it tonight.

*B&B* Blue-jay

# IMPROVEMENT IN COAL PRODUCTION

## Figures Show Revival in March Compared With Preceding Month

A distinct improvement is apparent in the coal production of British Columbia during the month of March in comparison with that of February, there being a difference of approximately 28,000 tons. The total for March is about 223,000 tons. The reason definite figures are not given is that returns have not been received from one or more of the smaller of the Province's producing mines. In March the Crow's Nest Pass collieries were working at least five days a week, which is better than was done in February. It may be observed incidentally, in connection with the Vancouver Island output, that the new Wakesiah Mine of the Canadian Western Fuel Company, which was expected to be in operation by this date, is still in the development stage, the work of opening up the property having ceased some weeks ago.

**Detailed Figures**

Following are the detailed figures for Vancouver Island:

Canadian Western Fuel Co., Nanaimo, 58,005 tons; Canadian Collieries (Dunsmuir) Ltd., Cumberland, 56,158 tons; Canadian Collieries (Dunsmuir) Ltd., Extension, 22,090 tons; Canadian Collieries (Dunsmuir) Ltd., South Wellington, 7,281 tons; Pacific Coast Coal Mines, South Wellington, 5,298 tons; British Columbia Coal Co., East Wellington, 2,788 tons; Nanoose Collieries Limited, Nanoose, 1,898 tons; Granby Consolidated M., S. and P. Co., Cassidy, 945 tons; total, Vancouver Island, 154,463 tons.

**Mainland**

Tonnage production for Nicola-Princeton District, March, 1919:

Middlesboro Collieries, Ltd., Merritt, 4,616 tons; Fleming Coal Company, Merritt, 3,955 tons; Columbia Coal Company, Coalmont, 480 tons.

Tonnage production for Crow's Nest Pass District, March, 1919:

Crow's Nest Pass Collieries, Coal Creek, 32,834 tons; Crow's Nest Pass Collieries, Michel, 20,405 tons; Corbin Coal Company, Corbin, B.C., 4,126 tons; total for district, 57,365 tons.

**Social Dance,** St. John's Hall, Saturday, 8.45 to 11.45. Ladies, 25c; gentlemen, 50c. Good music. All welcome.

**The Joy Of A Perfect Skin**

## W. & J. WILSON

BOYS' DEPARTMENT,

1217 to 1221 Government Street, Corner Trounce Avenue.

### MIRACLE.

He was a wounded Tommy who had been badly injured in the hands.

"Doctor," he said anxiously, "shall I be able to play the piano when these mitts of mine heal?"

"Certainly you will," assured the doctor.

"That's good, doctor!" murmured the patient. "You've worked a blooming miracle. I never could before."—Pearson's Weekly.

### SIMILARITIES.

An old colored man was burning dead grass when a "wise guy" stopped and said: "You're foolish to do that, Uncle Eb; it will make the meadow as black as you are."

"Don't worry 'bout dat, sah," responded Uncle Eb. "Dat grass will grow out an' be as green as you is."

Winnipeg, April 17.—The Metal Trades Council has presented agreements to all contract shops in the city, the terms of which are similar to those demanded by the workers of Calgary. These demands include a forty-four-hour working week, eighty cents an hour for all mechanics and seventy cents an hour for helpers.

## Do Your Eyes Need Attention?

Our entire time and effort, our complete equipment in examination rooms and factory—all are directed to one object—the production of quality glasses.

And quality glasses do not necessarily mean expensive glasses, but they do mean a proper examination by a specialist, and the best of material accurately adapted to your individual eye needs.

Gold-filled glasses complete with Sertor (certified) lenses may be had for $6.00 and $8.00 complete. And our fee for a complete and authoritative examination is usually only $2.00.

## INCREASE SHOWN IN G. T. P. STATEMENT

London April 17.—(Canadian Associated Press).—The yearly statement of the Grand Trunk Railway shows an increase of over £2,500,000 in the gross traffic receipts, but working expenses were up nearly six per cent, leaving the net traffic less by £250,000. To a surplus of £1,800 on all accounts is added the balance of the credit last year, making £48,000 carried forward. The Canadian Associated Press announced recently that the dividend on the guaranteed and preferred stock would be passed and the board of directors now express regret in not fulfilling that expectation, attributing the reason to the increased expenditures caused by a continuance of the conditions arising out of the war.

### KILLED IN CRASH.

Paris, April 17.—Fourteen American and six French soldiers were killed when an express train carrying American troops crashed into a stationary train with French soldiers on furlough near Lemans to-day. Twenty-five Americans and twenty-two Frenchmen were injured. Lemans is in the Department of the Sarthe, west of Paris.

## CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES.

If you know of someone who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognised that Catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula, which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Parmint (double strength). Take this home and add to it ¼ pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmint used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.

## TO TAKE LEADING PART

MRS. D'OYLY ROCHFORT (nee Phyllis Davies)

Will play the lead opposite R. N. Hincks in "What Happened to Jones," the big holiday attraction which will open at the Princess Theatre on Saturday evening. The comedy-farce abounds with funny situations and clever dialogue and should have an extended run.

## RETURNED OFFICERS WILL DEVELOP THE PROVINCE'S TRADE

### Majors Young and Brechin Appointed Lumber Market Commissioners

### TRADE EXTENSION WORK TO BE MUCH EXPANDED

### Prairie and Eastern Fields Will Be Vigorously Cultivated

Major D. D. Young, Croix de Guerre with Star, and Major James Brechin have been appointed by the Provincial Government to positions as British Columbia Lumber Market Commissioners, associated with the Trade Extension Department of the Forest Branch. This announcement was made by the Hon. T. D. Pattullo, Minister of Lands, this morning.

It will be the duty of these two officials to cultivate the Prairie and Eastern Canadian market, and generally to conduct an aggressive campaign for British Columbia's forest products. It is expected that one of the appointees will make his headquarters at a point on the Prairies and the other in Ontario. The Minister explains that the object the Department has in view is to continue on a bigger and more effective scale the work originally carried on by Mr. Beale at the Toronto office, the closing of which some two years ago having been determined by the peculiar conditions prevailing at the time.

**To Study World's Markets.**

In conjunction with a generally extended campaign for business in Canada, it is the intention of the Minister and of the Trade Extension Department in particular to study the world's lumber market, the Government realizing that if this Province is to expand her trade in the products of her forests it will be necessary for the Department to keep itself intimately posted upon world conditions, particularly during the reconstruction era, when the demand for lumber is abnormal.

**Major Young.**

Both Major Young and Major Brechin are practical men in the lumber business, and both have seen service in France to their credit. Major Young, for instance, was an enthusiastic territorial officer in peace days in Scotland, while his service with the Canadian Expeditionary Force was distinguished by mention in dispatches and the bestowal by the French Government of the Croix de Guerre with Star.

Joining the C. E. F. in February, 1915, as a lieutenant, Major Young gained his captaincy the same year and received his majority on the field. At a later period he served as Adjutant of the 72nd Battalion, and was second in command until December, 1917. He organized the 4th Divisional Wing School, and was in charge of training until the spring of 1918. Major Young also served on the 12th British Columbia Staff and on the 4th Canadian Divisional Staff, and while thus serving he was acting Brigade-Major as well as acting G. S. O.

**A Scotsman.**

Major Young was born at Lasswade, near Edinburgh, and entered the lumber trade at Leith, Scotland, as soon as he left school. After seven years in sawmill work he took up the selling end of the business, in which he had six years' experience in introducing British Columbia lumber to the shipbuilding and general construction trades. When he came to Canada he again entered the lumber business and, after gaining experience of markets here, became sales manager for the North Pacific Lumber Company.

**Major Brechin.**

Major Brechin has had eleven years of practical experience with British Columbia business in this Province, the major part of which was spent in the interior. Of particular value to the Trade Extension Department will be his very intimate knowledge of the selling end of the Prairie market.

Major Brechin, too, did good work with the C. E. F. in France. He went overseas with the 225th Kootenay Battalion, and although he held captain's papers he promptly reverted to a lieutenancy as soon as he discovered that higher rank would delay his departure for France.

Although not actually wounded Major Brechin had a close call when, together with his company sergeant, he was sent headlong into a trench by the explosion of a high explosive nearby. On recovery from the shock that followed he was invalided to the Forestry corps with the rank of Major. Here the Major's expert knowledge was put to good use at a mill near Paris engaged in preparing aeroplane spruce for the French aircraft factories.

**To Attend to Publicity.**

In connection with the Trade Extension work now to be undertaken on a much broader basis, the need for publicity and advertising has been appreciated by the Minister of Lands. To attend to that branch of the business the services of William Turnbull, who for the past two years has been secretary to Mr. Pattullo, will be utilized. His training in the news and business ends of newspaper work equips him fully for the publicity duties, while Mr. Turnbull has very closely followed and has assisted in the development of this branch of the Lands Department which, added to an all-round commercial experience, will simplify the new task he will now assume.

## WOMAN'S BEST LAXATIVE

Proved Every Day That Dr. Hamilton's Pills Are Just Right for Woman's Ills.

Little wonder woman suffers so much from constipation. She always hesitates, continually puts off taking medicine.

Of course a woman's system is delicate, is easily injured by drastic purgatives. Bitter experience with harsh medicines makes her cautious, and to her great injury, chronic sluggishness of the system is permitted.

Few pills are suited to the actual needs of woman — they are too strong.

But there is a good woman's laxative, and it combines mildness with thoroughness of activity—it is known to the people of many nations as Dr. Hamilton's Pills, which never gripe, never cause nausea and are safe to use no matter what the conditions of strength or circumstances of health may be. A naturalness and regularity of the system, so important to every woman, is quickly acquired by the regular use of Dr. Hamilton's Pills. As a health-bringer, as a tonic laxative, as an all-round ladies' medicine, there is positively nothing so efficacious as Dr. Hamilton's Pills of Mandrake and Butternut; 25c. per box, at all dealers.

## MANY COMPLAINTS ON C. N. R. SERVICE

### Mayor Taking Up Matter of Trains to Patricia Bay

Numerous complaints have reached the civic authorities with regard to the service at present maintained by the Canadian National Railways from Victoria to Patricia Bay. The matter is being taken by the Mayor with the manager of the line.

It is pointed out by residents of the country north of the city that a train leaves Patricia Bay at nine in the morning and returns at half-past five in the afternoon, remaining at the up-Island point all night. Thus it is impossible to make a journey from the city to the Bay and back in the same day. The condition, it is said, will be accentuated by the pending cessation of the service afforded by the Victoria and Saanich line. The Mayor had suggested that the C. N. R. might be able to supply Sidney with a service, and the matter is at present under consideration.

Last year the C. N. R. kept two trains running between the city and the Bay, but it has been stated to the Mayor that this service cost the Company so much that it was impossible to continue it.

**Theft Charge Dismissed.**—The charge against Elsie Hitch of stealing $200 from Mike Miller was dismissed in the police court this morning by Magistrate Jay.

☆ ☆ ☆

**To Convey Land.**—A notice of motion posted to-day at the City Hall foreshadows a by-law whereby certain small parcels of land at Sooke Lake would be transferred from the E. and N. Railway Company to the city in connection with the watershed purchase.

Indian troops in Mesopotamia have shown remarkable response to the educational facilities offered them by the Y. M. C. A. classes and constructive lectures with magic lanterns and otherwise have been carried on which have created in the men the desire for knowledge and given them a vision of literate villagers who, while ploughing their fields, can also take an intelligent interest in the great world outside by learning to read the newspapers.

## Carter's Little Liver Pills For Constipation

A vegetable remedy that always gives prompt relief in constipation. Banishes that tired feeling altogether and puts you right over-night, stimulates the Liver gently, but quickly restoring it to full and healthy action, and the stomach and bowels to their natural functions. Making life worth living.

Small Pill
Small Dose
Small Price

Genuine bears signature

ROSY CHEEKS or HEALTHY COLOR indicates Iron in the Blood. Pale or colorless faces usually show its absence. A condition which will be much helped by CARTER'S IRON PILLS

**Ward Seven Cottage Gardeners.**—At a meeting of the committee of Ward Seven Cottage Gardeners held last night it was decided to hold the annual show during the first week in September. A letter was read complaining of straying cattle damaging gardens and property. It was pointed out that cattle being allowed to stray was becoming such a frequent event that it was necessary that some action be taken. It was decided to make representations to the Council requesting them to make a stand which would prevent owners of cattle from allowing the damage to continue.

☆ ☆ ☆

**Illustrated Address.**—The Rev. J. W. Flinton delivered the second of a series of lectures on "The Life of Christ" at St. Mark's Church last night. An interested audience listened to the address, which was illustrated by many excellent lantern slides.

☆ ☆ ☆

**Victoria Literary Society.**—The Victoria Literary Society held its final meeting at the home of Mrs. Calderwood, Niagara Street, on Tuesday evening, completing the twenty-third year since its organization. Archdeacon Sweet, the president, was in the chair, and those present included a number of the charter members of the organization.

**Underwriters' Meet.**—At a meeting held at the Dominion Hotel Monday, F. Lewis, secretary of the Underwriters' Association, was able to report a very large increase in membership in consequence of the Dominion-wide drive which had recently been made to increase the membership throughout Canada, the Victoria branch being in a particularly happy and flourishing state. A committee to meet P. A. Wintemute, president of the Life Underwriters' Association of Canada, was appointed by the chairman, F. N. Kilner.

☆ ☆ ☆

**Cadboro Bay Branch.**—A very enjoyable afternoon was spent at the home of Mrs. Sampson, the convener, in the closing up of the Cadboro Bay branch. The work being finished, a dainty tea was served by the hostess. The afternoon passed all too quickly, leaving a happy memory of goodwill and fellowship. Thanks are due to the convener in the able manner she always carried out her work, and to all the workers who met and worked so well together. The money sent in to headquarters for the month was $11.80.

☆ ☆ ☆

**Friendly Help Society.**—A special meeting of the Friendly Help Association is called for Tuesday morning at 11 o'clock in the rooms, Market Building. All members of the committee are earnestly asked to attend as important business is to be transacted. The rooms of the Association have been closed until Tuesday morning. Any one having urgent business with the Association is requested to telephone 2957L.

**MILBURN'S LAXA-LIVER PILLS**

Act as a stimulant to the sluggish liver, clean the furred tongue, sweeten the foul, obnoxious breath, and clear away all the poisonous accumulations from the system by causing the bowels to move regularly and naturally every day, thus preventing, as well as curing constipation, sick headaches, bilious headaches, water brash, heartburn, and all diseases arising from a lazy, slow or torpid liver.

They are purely vegetable, small and easy to take, and there is nothing of the griping, weakening and sickening effects of the old-fashioned purgatives.

Mrs. John Kadey, Chipman, N. B., writes: "I have been using Milburn's Laxa-Liver Pills for some time and can recommend them to anyone suffering from heartburn and liver trouble. I tried other remedies, but they only relieved me for a short time. I always recommend Laxa-Liver Pills to all sufferers, as I think they are a valuable remedy."

When you go to your dealer and ask for Laxa-Liver Pills, see that you get the genuine "Milburn's." Price 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## TO COMMEMORATE YPRES ANNIVERSARY

### Women's Canadian Club to Present Service Flag to High School

Tuesday next, the anniversary of the second battle of Ypres is to be the date of the tag-day of the Women's Canadian Club and not Saturday as was announced yesterday. April 22 has been decided upon by the Club as a fitting day on which to appeal to the public for funds for the assistance of returned veterans and their families, many Victoria men having participated in that memorable action.

The Women's Canadian Club has also planned a celebration of the anniversary, to be held at the High School, when the Club will present to the school a monster service flag. The interest attaching to the ceremony will be enhanced by addresses from three former High School boys who have recently returned from overseas. In addition a musical programme will include choruses by the girls' choir, selections by the George Jay school orchestra.

## ALLIED AND NEUTRAL COUNCILS WILL MEET

### End to Differences Between I. O. D. E., and National Council of Women

Local members of the I. O. D. E. will share with the Local Council of Women the pleasure imparted by the announcement that the difficulties between these two great women's organizations are now at an end.

At the meeting of the Local Council of Women on Monday afternoon Miss Crease, the President, read the following resolution emanating from the National Council:

Whereas misunderstandings have arisen concerning the supposed relationship of this National Council of Women of Canada with women of enemy countries, through the International Council;

Be it resolved, that this statement and resolution following be sent immediately to each Local Council and to each nationally organized Society in federation, and also to the Associated Press:

"There has been no connection between the National Council of Women of Canada and women of enemy countries through the International Council, the latter having been in abeyance since the war began."

Whereas the object of the National Council of Women is the furtherance of the application of the Golden Rule to society, custom and law;

And whereas the German nation has repeatedly broken the Golden Rule and has expressed no repentance for such action, and it is not therefore possible to contemplate that Germany and her allies, while they are unrepentant, should continue to participate in the work of a society whose object is to secure the enforcement of a law they have broken;

Therefore be it resolved that this Executive Committee request the president of the International Council, after peace is signed, to call a meeting of allied and neutral councils only, since the National Council of Women of Canada is unwilling to be associated with the women of the National Councils of Germany and her allies.

A cable recently received from the president of the International Council states that a meeting will be held in June of the allied and neutral councils, England, inviting the meeting and France supporting the invitation.

## REPLIES TO COMMENT ON BUTTER PRICES

### Manager of Cowichan Creamery Says "Public is Misled and Producer Villified"

In view of the reference made in The Times of yesterday in connection with the milk and butter situation, the following statement is published at the request of W. Paterson, manager of the Cowichan Creamery, made to The Times this morning: "In your current issue appears a paragraph with bold headlines proclaiming the strong protest on the part of the consuming public against advance in prices proposed by a supposed combine of producing interests, and recommends a boycott of the local producers as the most effective weapon to combat such an outrage.

"Now, what are the facts? The selling price of milk in Victoria to-day has nowhere altered from what it was for months past. Locally made butter is correspondingly low in price, indeed is still retailed at exactly the same price as it has fetched for the past twelve months, while it is well-known by everybody that the rate obtained for low grade imported butter has advanced materially.

"The question therefore naturally arises, 'What interests are responsible for the mis-use of the columns of your paper in so disgraceful an attempt to vilify the producer and mislead the public?'"

## FIRE IN GARAGE

### Blaze Threatened to Cause Much Damage Until Checked by Fire Department.

What threatened to grow into a large conflagration started in the Jameson Rolfe & Willis Garage on Broughton Street early this morning.

When summoned to the garage at 3 o'clock the Fire Department discovered that an automobile on the third storey of the garage was in flames. The hose was immediately laid, but fire extinguishers and chemicals were found sufficient. The firemen had the greatest difficulty for the gasoline from the car kept pouring out through a tube which had become detached. Finally the men were able to seize the tube, and flatten the end so that the inflammable liquid was sealed up. Chief Stewart was afraid that the whole premises might take fire, as the efforts of his men were much impeded by the gasoline, and the fact that there were many cars standing about.

The Fire Department was also called out at about 8 o'clock this morning to the Foundation Company's yard, to deal with a blaze which had broken out there. However, the workmen had got it under control.

**This Is Aeolian-Vocalion Week at Fletcher Bros.**

You cannot help but be impressed with the rare musical capabilities of the

**Aeolian-Vocalion**

Here, at last, is an instrument capable of reproducing music in its entirety. Hitherto only the broader, stronger elements in any tone could be recorded; but now with the introduction of the Aeolian-Vocalion and Aeolian-Vocalion Six-Minute Super Records the finer overtones are for the first time faithfully recorded and reproduced.

Due to its universal tone and the simplest and most scientific device of its kind—records of all kinds may be played on the Aeolian-Vocalion. Even the listener may shade and color the music to suit his taste—the marvelous Graduala with which every Aeolian-Vocalion is equipped makes this possible.

All this week we hold special Aeolian-Vocalion demonstrations. Come in—we cordially invite you.

# MINISTER OF PUBLIC WORKS DISPOSES OF HIS EMERGENT VOTE

## Detailed Programme Covers Trunk Road System of the Province

## MALAHAT DRIVE TO BE MUCH IMPROVED

## Northern Agricultural Areas to Be Assisted in Large Measure

Reports from the various District Engineers attached to the Provincial Department of Public Works indicate that the greater part of the emergency vote of $1,500,000, passed at the recent session of the Legislature, should be allocated to the improvement of the trunk road system of the Province, the construction of new roads for the opening up of agricultural and mineral areas, and for industrial development. From the general recommendations carefully compiled at the request of the Department, the Hon. J. H. King, Minister of Public Works, has been enabled to formulate his programme, which is intended primarily to relieve unemployment conditions as they may arise during the gradual process of demobilization.

It will be recalled that the Bill was given a good deal of mature consideration before it was introduced into the Legislature and in order that accurate data might be on hand, all the District Engineers were advised to take careful stock of the needs of each particular district some months ago and file a report by the time the Legislature assembled. This was duly carried out and the reports in question have been Dr. King's guide in compiling the general programme which follows hereunder.

**Vancouver Island.**

On this Island an expenditure will be made in each electoral district on what is known as the Island Highway. It is proposed to improve it by resurfacing, bettering the location, while at or near Victoria there will be an amount of hard-surfacing, or permanent roadway. On the Malahat Drive the expenditure will be on improving curvatures, widening of the road and placing guard rails at the most dangerous portions. The Government has also under advisement the expenditure of money on the building of a road from Port Hardy to Coal Harbor, Quatsino Sound, and a sum will be devoted to the location of a road from Campbell River. Steps will likewise be taken to ascertain the possibility of road construction in the Renfrew district.

**Mainland Expenditure.**

On the Mainland the same policy of improving trunk highways will be followed. There are certain trunk roads leading out of Vancouver and New Westminster, which are much travelled thoroughfares. At the present time, these being macadamized roads, it is impossible to maintain them, according to expert advice, and it is therefore proposed to devote an amount to hard-surface some of the more important ones, particularly the Pacific Highway. The Government regards this traffic as through traffic and takes the stand that assistance should be given.

Representations have been made from North Vancouver that assistance should be give to connecting up the Marine Drive with the present ferry service. In view of the fact that the late administration contributed tc the expenditure on the Marine Drive, which has made this an attractive road for tourists and people living in the city of Vancouver, the Government considers it advisable to construct, in co-operation with the Municipality of North Vancouver, the road connecting the ferry service with Marine Drive for a distance of one and a half miles. If this work is proceeded with the Minister states that it will be on a fifty-fifty basis with the Municipality.

**Inland Points.**

In the Dewdney and Chilliwack districts work will be confined to the trunk roads, and also to the construction of an industrial road into the oil plant at Ioco. At the present time residents are more or less dependent upon water transportation to the industry at that point.

It is proposed to complete what is known as the one-mile road between Merritt and Princeton in the Yale District. This construction has been determined by reason of the fact that it would open up a very large section of country, and would give a much shorter and better route between these two important centres.

In the Kamloops district the expenditure will be on the trunk roads known as Kamloops-Savona and the Kamloops-Falkland roads, general improvement being necessary.

North Okanagan improvements will be carried out on the Enderby and Okanagan Centre road, and also on the Falkland-Vernon road, the latter being a continuation of the road from Kamloops. In South Okanagan it is proposed to improve the present trunk road and to widen and improve the curvatures and re-surfacing. Similar construction will be carried out in the Similkameen.

**Boundary Country.**

In the Boundary Country, including Greenwood and Grand Forks, the trunk roads will be improved and a survey made to connect up the Kootenay district, giving the people access to the Boundary and Okanagan districts. A survey party will shortly be in the field between Paulson and Rossland, and if a feasible route can be obtained the Minister says that construction will take place on this link during the coming season.

As far as Trail and Nelson districts are concerned it is proposed to construct some four miles of road between Thrums and Brilliant for the purpose of giving a more direct route between Nelson and Trail, and so relieve the necessity of maintaining what is known as the Pass Creek road, which is not judged suitable for traffic and is badly located. Consideration is being given to the Nelson-Ymir road, a survey being made by the Government last year. This would largely be a development road leading out of the city of Nelson, serving lumbering and mining operators, as well as giving service to agricultural development.

**Slocan District.**

In the Slocan district the re-building of an old road, which has been in existence for many years, between New Denver and Slocan, will be undertaken. This would serve also as a connecting link between these points and give an outlet to numerous mines operating in that district. In the Kaslo district it is proposed to complete the Kaslo-Ainsworth road. This construction was undertaken years ago, and it is now found necessary to give connection between these two towns. Consideration is also being given to the advisability of constructing some five or six miles of road between Birdar and Kuskanook, using the right-of-way of the Great Northern Railway Company. Once this link is completed it would give access to the people of the Prairie Provinces and East Kootenay into the country adjacent to Nelson.

**Kootenays and Revelstoke.**

In the East Kootenay country it is proposed to improve the main trunk highways running through Cranbrook, Fernie and the Columbia districts. In connection with the allocation to be made in the Revelstoke district the Department will carry on the construction of roads from Mara Lake through to Taft and Boulder Creek. A locating party of engineers will be placed on this job shortly and work is expected to be undertaken this year. This road, when completed, will not only give the people of Revelstoke access to the road system of the Okanagan countries, but it will also give the farmers in the Malakwa district an outlet to the markets adjoining them.

**Lillooet and Cariboo.**

Certain moneys will be spent in opening agricultural and mining areas by the construction of roads in the Lillooet district. In the Cariboo an expenditure will be made largely on the improvement of main trunk roads. In the northern sections of the Province, Fort George, Peace River and Omineca, the Government proposes not only to improve the trunk roads, but to institute the construction of roads that will serve the agriculaural districts now being opened up. It is expected that expenditure in these districts will be of some magnitude as indications are that there will be a large immigration on these lands. In the Atlin district where there are indications of considerable mining activity, it is proposed to expend certain moneys in the construction of roads which will assist the development of this country.

**Banff-Windermere Land.**

With the passage of the bill granting to the Dominion Government the Park Reserve in the Banff-Windermere country, the Minister states that it will be necessary to improve the roads into the Columbia district in order that they may be able to carry the automobile traffic which will develop once the Banff-Windermere road is constructed, and certain expenditures will be made in that locality.

### AN ABSURD QUESTION.

"You sign this deed of your own free will, do you, madam?" asked the lawyer.

"What do you mean by that?" demanded the large, florid-faced woman, looking threateningly upon the lawyer.

"I mean there has been no compulsion on the part of your husband. Has there?"

"Him!" she ejaculated, turning to look at the little, meek man sitting behind her. "Frederick? I'd like to see him compulse me."—Youth's Companion.

It takes a woman to smile when a rival is praised.

**What an Easter this will be!**

PEACE!—Joyous homecoming and reunion—Spring in the air—and renewed evidence of prosperity and plenty about us—

Happy parents—healthy children—freed from the worry of the years of conflict and the restrictions that have helped to attain the victory that is now ours—

Little wonder that the aim in thousands of Canadian homes will be to celebrate this joyous occasion by a return to old-time festivity. Let your home be one! Let your household, this Easter of 1919, once again freely enjoy its old-time Easter Breakfast—

**Swift's Premium Ham**

Gone are the reasons that for four long years have restricted the enjoyment of this delicately-tender, sweetly-flavored, amply-satisfying food product. Once more you need only 'phone your grocer or butcher in order to be promptly supplied. When you buy, make sure you see the Swift's Premium wrapper and brand. You can seek no better Easter breakfast dish than ham—you can find no better ham than Swift's Premium!

CHOICE OF MANY DESIGNS

# The Theatres

## TO-DAY'S AMUSEMENTS

Pantages—Vaudeville.

Columbia—May Allison in "Her Successful Adventure."

Romano—Douglas Fairbanks in "The Half Breed," and Charlie Chaplin in "Behind the Screen."

Royal Victoria—Charles Ray in "String Beans," and Charlie Chaplin in "Shoulder Arms."

Dominion—Anita Stewart in "Virtuous Wives," a Christie comedy, "Don't Surprise Your Wife," and outing picture.

Variety—Mildred Harris (Mrs. Charlie Chaplin in "Borrowed Clothes," and Houdini in "The Master Mystery."

## ROYAL VICTORIA

"Shoulder Arms," the second Charlie Chaplin million-dollar picture, to be shown at the Royal Victoria again to-night, picturizes his experiences and difficulties as an average American doughboy, from the time he enters the "rookie" squad until, as a finished product of military training, he invades Hunland and captures the Imperial German Staff with a method typically Yankee for novelty and surprise.

His feet get him into countless troubles under the unsympathetic eye of his drill sergeant, and even after his advent into the front line trenches he finds new complexities in the management of a rifle and bayonet. Following numerous experiences in his dugout he volunteers for a special spying mission. Camouflaged as a tree, he invades enemy territory. A Hun wood-chopping party attempts to add him, disguised as a tree stump, to its collection, with disastrous results. Charlie is finally captured in a shell-torn French house. He makes his escape by turning the tables on the Germans, and, accompanied by the French girl who befriends him, he seeks refuge in what proves to be the headquarters of the General Staff. The Kaiser, Crown Prince and von Hindenburg surprise him in an attack on a German officer, but Charlie saves the day for himself and the girl by wearing the uniform of his unconscious victim.

He rescues his drill sergeant, also captured by Huns, and together they conspire to escape. Their plan brings complete confusion to headquarters, and shakes the German army to its foundation.

Charles Ray is also seen on the same programme in his latest screen success, "String Beans." He is the original "country boy" of the screen. In this picture he again portrays the young American of humble beginnings who succeeds by sheer pluck and honesty and industry in the face of heavy odds.

## DOMINION

"Virtuous Wives," a romance of pagan, profiteering New York Society, Paris gowned women, male "Crocodiles," busy husbands and neglected children, into which is projected a husband and wife who try to beat the game and remain true to each other. Anita Stewart plays the wife. Owen Johnson wrote the story, which was published in Coetmopolitan Magazine. A photoplay produced on a very lavish scale.

The Cave Man's Ball, as portrayed in "Virtuous Wives," shows the length to which the idle rich will go to give their jaded senses a new thrill. Several hundred actors and actresses take part in this big primeval revel, which is one of the features of "Virtuous Wives."

The balance of the programme consists of a good comedy and another of Outing Chester scenic pictures which are very popular.

## VARIETY

The very natural story depicted in "Borrowed Clothes," this week's popular feature at the Variety, finds an echo in many homes, and it is owing to the thorough, convincing manner in which the plot evolves that the picture advertises itself. Such incidents happen only too frequently in the humbler walks of life, and the clever characterizations that occupy the stage register every thought and emotion so accurately that the spectator feels he is visualizing life itself—not looking at it from the front. Mildred Harris fits perfectly the role of the troubled little working girl, Mary, whose ideals extend beyond the confines of the sordid, all-smelling kitchen of her father's humble home. Orange blossoms bedeck her brow as a final reward, and she rises out of difficulties with the man of her choice.

## COLUMBIA

May Allison is starred in the Metro wonder play, "Her Successful Adventure," which will be shown in the Columbia screen to-day and to-morrow as a holiday attraction. It is a feature in five parts, and gives the charming star a splendid opportunity to display her talents to advantage in a story of unusual charm. Charlie Chaplin in the comedy attraction, "Behind the Screen," will also be a feature of the week-end programme at the Columbia.

## ROMANO

The giant Redwoods that form the background of Triangle's production, "The Halfbreed," starring Douglas Fairbanks and Alma Rubens, which will be shown at the Romano for the balance of the week, offer a striking opportunity to the public for the study of natural history. The world offers no spectacle grander or more awe-inspiring than the redwood trees of Calaveras County, California. These trees are peculiar to California and are the property of the United States Government to be kept intact and inviolate from the woodman's axe. Attaining a height very often of three hundred and fifty feet, these noble trees are said by scientists to be as old as five thousand years. A butt diameter of fifteen to twenty feet is common, and their clean, straight fluted trunks often rise two hundred feet below the lowest branches.

## PANTAGES

"The Good Guy," one of the strong attractions on the current bill of Pantages vaudeville, is a melodramatic comedy offering, differing from the ordinary run of sketches, in that it is a complete little play. It tells the story of a wealthy society man who on Christmas finds a little waif freezing and hungry in the snow, he takes her to his apartment; she repays his kindness by discovering that his best friend is in league with a gambler in a plot to rob his benefactor. The playlett requires four people. Miss Rae Ewing, as the waif, is an Eastern actress of reputation—the Marie Doro type. Raymond Whitaker will be remembered for his excellent performance of Richard Brewster in "The Third Degree" in our city a few years ago.

## WILLIAM FAVERSHAM IN "THE SILVER KING"

William Faversham, the celebrated actor who is starred in the new Paramount-Artcraft special picture, "The Silver King," which will be shown at the Dominion Theatre next week has had a most notable career as player and producing manager. Mr. Faversham is an Englishman and he gained his histrionic experience in that country prior to 1887, when he made his first professional appearance in this country in "Pen and Ink," at the Union Square Theatre, New York.

Mr. Faversham appeared as star in "A Royal Rival" at the Criterion Theatre, New York, in August, 1901, and since that time his record has been one of repeated theatrical successes. Mr. Faversham is an artist and his popularity is universal. In "The Silver King" he has a role that fits him admirably and he plays it most effectively. The picture is one that will accentuate his popularity with motion picture audiences. His leading woman is Barbara Castleton, and the support throughout is of the highest quality.

## The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department.

Victoria, April 17.—5 a. m.—The barometer remains abnormally low over the Pacific Slope and mild weather extends to the Rockies, and showers southward to California.

# SAANICHTON SHOW DATES ARE SETTLED

Colin A. Chisholm, secretary of the North and South Saanich Agricultural Society, was in the city yesterday, and reports that the dates set for the fall exhibition under the auspices of this society will be October 6, 7 and 8.

Despite the handicap of holding exhibitions during the war, this society overcame all obstacles and by the excellence of their efforts and with the hearty co-operation of the farmers arranged a series of exhibitions which proved to be among the most successful on Vancouver Island and, indeed, in the whole Province.

Fired by the overwhelming success of the fairs of the past few years, the committee are now bending their efforts to make the fall fair of the Peace year of a success commensurate with the importance of this history-making epoch. The society is planning to hold a series of ward exhibits along the lines of last year and hopes that the districts interested will not fail in their endeavor to put up a good showing of produce.

Mr. Chisholm states that a meeting of the different ward representatives will be held in the Agricultural Hall at Saanichton in the near future to discuss the formulating of a schedule for the carrying out of general district exhibits on similar lines to last year. The arranging of committees and the revision of the prize lists will also be considered at an early meeting. The society is feling much gratified and encouraged by the support of the Saanich Council, which has made a substantial grant to the exhibition.

# Fit-Reform for Every Occasion

For the charm of crisp Spring sports; the social successes of the new season: the happiness of victory dances; or the pleasant informality of afternoon and evening affairs; there is a Fit-Reform Suit to fit the time, the place and the man.

And the man in a Fit-Reform Suit carries himself with the assurance that comes when he knows his clothes are right.

The Fit-Reform Label—that guarantee of good style, careful tailoring and perfect fit—goes only in garments of character and correctness. When you find it, you need no other assurance of satisfaction.

The new spring styles in both Suits and Overcoats are ready for the inspection of those men who enjoy seeing tailored garments of distinction.

# FIVE HUNDRED MEMBERSHIP AIM OF JAMES BAY ATHLETIC ASSOCIATION

## *Will Organize Two Weeks' Campaign; Club House to Be Renovated in Preparation for Busy Summer*

James Bay Athletic Association will this season be placed on that footing which it enjoyed previous to August, 1914, judging by the spirit of the reorganization meeting held at the Belmont Building last night. J. J. Shallcross presided over an attendance of about 100, and throughout the meeting a sincere desire to reorganize the club and take part in all branches of sport as in former years was strongly in evidence. Mayor Porter, H. C. Hall, M. P. P., W. H. P. Sweeney and C. T. Cross addressed the meeting.

The club's praiseworthy record of service in the war was referred to, and a tribute was paid to the men who had fallen: Included should be Lieutenant J. F. MacKinnon, a former active member of the club, who served with the Royal Air Force. Lieut. MacKinnon, who represented the club in many branches of sport, was reported missing in 1917 and has not since been heard of.

A membership campaign was decided upon with a 500 registration the object in view. The campaign will last two weeks, and there will be no initiation fee during that period. W. T. Andrews was elected Chairman of a Committee to organize the campaign with C. Cowan as secretary. The other members of the committee are: A. Hill, R. Travis, R. McInnis, Matt. Scoyt, A. Skuce, W. Shotbolt, H. L. Lloyd, W. H. P. Sweeney, George Watson, A. H. Cox and W. N. Kennedy. Mr. Kennedy was appointed the publicity manager of the campaign.

The support of many of the business men of the city was promised and it is hoped to obtain the co-operation of the business men of Victoria generally. The club house is to be renovated and a special committee, consisting of Mayor Porter and C. T. Cross was appointed to raise funds for the necessary work.

Captain C. Cowan and Lieut. Matt Scott were asked to address High School students with a view to obtaining young members for the club.

After the general meeting the committee met to draft preliminary plans for the campaign, and a further meeting will be held Wednesday at the James Bay Club to complete arrangements for the campaign.

## MANY NOVELTIES AT GALA HELD BY LADY SWIMMERS

### Life-Saving Exhibition, Diving and Comic Costume Parade

The introduction of a great number of novelties, exhibition swimming and life-saving demonstrations in addition to the usual races kept a large crowd interested until the last item on the programme at the gala of the Ladies' Section of the Victoria Amateur Swimming Club held at the Y. M. C. A. tank last night. The need for a bigger tank for indoor swimming events was strongly evidenced by the number that had to be turned away although the officials stretched a point by admitting many more than they had originally planned should be allowed to see the sports.

**The Relay Race.**

From a speed test the most interesting event of the evening was the relay race between the Y. M. C. A., the Foundation team and the Victoria Amateur Swimming Club. The Victoria A. S. C. team finished first by a small margin, but two of their men had got off to too good a start and the team was disqualified, and the race was awarded to the Y. M. C. A., who finished second. It was a keen race all the way between the two leading teams. Jock McNeill take the water first for the V. A. S. C. and obtained a good lead for his side which the next man slightly increased, with the Foundation team swimming second up to this time. Al McKinnon took the water with his side several yards behind, overtook the Foundation man and all but managed to catch up with the V. A. S. C. representative. Angus McKinnon showed a burst of speed but lost first place by a touch. The Foundation man's distance swimmer found himself anything but at home against the sprinters.

The Club handicap provided another exciting finish, the first three finishing with less than a couple of yards between them, Miss Robertson winning by a touch.

There was a good entry for the Armstrong Cup race, the trophy presented by Mrs. George Armstrong in memory of her husband. Miss Welburn and Florie Gates swam together all the way. At both ends they made the turn together, but Miss Gates managed to touch the tap first.

The life-saving exhibitions were a popular feature of the programme with the spectators and were given a realistic touch by a lady who apparently appeared to fall into the water by accident being promptly rescued. Much amusement was caused by the hoop diving, the competitors surrounding several auto tires being required to dive through the hoop as soon as the gramophone music ceased, the last one to get through the hoop being eliminated from the competition.

The gala concluded with a boisterous fancy dress event. Members of the club in comic costumes paraded around the tank finally plunging into the water where they sustained the humorous nature of the proceeding to the delight of the spectators. The prize for the best fancy costume was won by Mrs. Hibberson, and for the best sustained comic character by Miss Muckle (Charlie Chaplin).

**Exhibition of Strokes.**

Breast stroke—Miss Hosie and Mrs. Bales.

Back stroke (using arms)—Mrs. Lea and Mrs. Poole.

Under-arm side stroke—Mrs. Marshal and Mrs. Bales.

Back stroke (without the use of arms))—Mrs. Lea and Mrs. Irving.

Over-arm side stroke—Mrs. McNeill.

Trudgeon stroke—Mrs. Marshall and Miss Rosie Robertson.

Under water swim—Miss Ruddick.

**Club Handicap.**

Two lengths—1, Grace Welburn; 2, Rosie Robertson; 3, Dorothy Melville.

Swimming dance—Mrs. Hibberson.

Ladies' Novice Race—1, Mrs. Poole; 2, Miss M. Robertson. One length.

**Armstrong Cup Race.**

Girls 10 to 14 years, 50 yards—1, Miss E. Welburn; 2, Miss L. Gates; 3, Miss E. Skelton. Time, 43 secs.

Musical hoops—1, Miss Dorothy Melville; 2, Miss Connie Beale.

**Live Saving.**

Royal live saving exhibition by holders of bronze medallion; rescue of exhausted swimmer— Mrs. Irving and Mrs. Bales.

(Drowning person clutches rescuer round the neck)—release and rescue—Mrs. Lea and Mrs. Bentley.

(Drowning person clutches rescuer by the wrists)—release and rescue—Mrs. Bales and Mrs. Irving.

Mrs. Marshall gave an illustration of the wrong way to behave when in danger of drowning and a desperately-clutched rescuer—Mrs. Hibberson.

Miss Edith Skelton, member of girls' class, showed how easily a person could be carried in the water by anyone possessed of a little knowledge of life saving, Mrs. Dawson being the subject.

An unexpected clutch and fight in the water—Mrs. Hibberson and Mrs. Bentley.

Novice diving—1, Mrs. Lawson; 2, Miss Dorothy Melville.

Relay race, two lengths—Teams, 1, Y. M. C. A.; 2, Foundation V. A. S. C. (disqualified). Time, 1 min., 40 2-5 secs.

**Exhibition Diving.**

Mrs. Hibberson (back jack knife); Earle Squires (swan dive); Gracie Welburn (header); Mrs. Dawson (high dive); Mrs. Bentley (seal dive); Jerry Welburn (back dive); Rosie Robertson (straight dive); Earle Squires (flying Dutchman); Mrs. Hibberson (back dive) Mrs. Dawson (straight dive); Jerry Welburn (header); Mrs. Hibberson (somersault); Earle Squires (jack knife); Helen Fox (Coney flip); Gracie Welburn (side dive); Dorothy Muckle (spanker); Mrs. Bales (straight dive); Earle Squires (straight long distance dive); Mrs. Dawson (swallow dive); Gracie Welburn (high dive); Mrs. Bentley (straight dive).

Novice race—Girls' Saturday (one length) morning class—1, Connie Badgett; 2, Dorothy Lea; 3, Annie Ramsay. Time, 28 flat.

Girls' race, two lengths, 14 to 16 years—1, Kathleen Robertson; 2, Dorothy Melville.

Boys' race, 10 to 14 years, two lengths—1, Harold Boyd; 2, Geoffrey Bothwell. Time, 32 secs.

Novice diving, girls—1, Christine Welburn; 2, Florie Gates; 2, Nellie Sole.

"Follow the leader"—Party of lady swimmers.

Life saving awards—Mrs. H. Catterall, the president of the ladies' section of the Victoria Swimming Club, presented the prizes. The bronze medal for life saving was awarded to Mrs. Irving, Mrs. Bales and Mrs. Lea, and the award of merit to Mrs. Vye and Mrs. North.

**The Prizes.**

The ladies wish to thank the following who donated prizes: Mrs. H. Catterall, Mrs. G. Armstrong, Mrs. Bentley, Mrs. McAllister, Mrs. S. Relton, Mrs. Mennell, Mrs. Christie, Mrs. Postgate Fowler, Mr. and Mrs. R. W. Hibberson, Mr. Henderson, Mr. Tomalin, Mrs. Plimley for use of tires for musical hoops.

The teams in the relay race were as follows:

Y. M. C. A.—Gordon Young, Al. McKinnon, Angus McKinnon and John Larson.

Foundation—Bill Muir, Percy Humber, Al. Kennedy and Stanion.

V. A. S. C.—Jack McNeill, Earl Squire, Jerry Wellburn and Jack Marshall.

## ANOTHER SOCCER GAME HAS BEEN ARRANGED

In addition to the McBride Shield final, one more inter-city soccer game has been arranged. Nanaimo United will make the trip to Victoria to play against a representative Victoria team at Royal Athletic Park on Saturday, the game to start at 2 o'clock. Five of the Victoria West eleven, three of the Fragments, one Yarrows player and two Foundation Company men will compose the Victoria representative team. The complete side is as follows: Goal, Shandley (Wests); right back, B. Whyte (Wests), captain, left back, H. Copas (Wests); right half-back, F. Bowers (Fragments); centre half, J. Allan (Foundation); left half, C. Brown (Yarrows); outside right, J. Harper (Fragments); inside right, J. Bloom (Fragments); centre, J. Hine (Wests); inside left, Al. McKinnon (Wests); outside left, Cosier (Foundation). Reserves, T. Bridges, Chester, Mesher, Tipper and Mulcahy.

Lockley will referee and T. Briggs will be the Victoria linesman.

## FOUNDATION CRICKETERS

J. J. Bradford, secretary of the Foundation Cricket Club, announces that a practice game will be played to-morrow at the Willows Oval, commencing at 2.30. On Saturday a match will be played between two teams selected from cricketers at the yards, the game to commence at 2.30.

## VANCOUVER PLACES RESTRICTIONS ON PROFESSIONAL BOUTS

Vancouver, April 17.—Further restrictions upon the art of boxing as practiced in this city were imposed by the City Finance Committee yesterday when a motion was passed to the effect that in future no decision be allowed in such contests, and that the exhibitions be limited strictly to amateurs, professionals and semi-pros. being barred. Permits for the carrying on of such exhibitions must in future be secured from the Committee.

## WILL PLAY LACROSSE.

Vancouver, April 17.—The Vancouver Athletic Club will be represented in the lacrosse arena again this year, if the B. C. A. L. A. decides to stage a schedule of games. This is the course expected to be taken by the latter body at a meeting to be held on Saturday evening of this week.

The V. A. C. held a meeting last evening and those present were unanimous in the opinion that the time was ripe, now that the war was over, for a grand comeback of the game and they are strong for a three-team league, with Victoria and Westminster.

Italian aviators have arrived in Buenos Aires with the object of establishing aerial lines between that city and Asuncion, the capital of Paraguay.

# Lowest Cost Per Mile

"I HAVE ridden my C. C. M. bicycle pretty regularly for sixteen or seventeen years," writes an enthusiast, "and it is still a good machine."

What was the cost per mile of that splendid service? Certainly far and away less than that of a cheap, inferior bicycle. Never forget this: the few dollars you might save on an ordinary wheel are likely to be lost over and over again in the shorter life and poorer service of such a machine. Make certain of lowest cost per mile with

# C·C·M· Bicycles

The famous C.C.M. models combine sturdiness with easy pedalling and sensitive response to control. Could you see the inside of the frame joints, you would find there a "fish mouth" reinforcement of unusual length and special design. This greatly increases the strength. This typical example of sincerity is found at all points of heaviest strain—always with a reserve of strength.

What has extra finish to do with service? Note the depth of brilliancy in the enamel and nickelling. C.C.M. handle bars and all bright parts are generously nickelled over a coat of copper—and copper can't rust. Years after ordinary bicycles are not fit for good company the sparkle of your C.C.M. makes you proud of it.

All C.C.M. bicycles have the Hercules Coaster Brake—the brake without a side arm. It is light, simple, powerful and effective. After coasting the clutch engages without slipping and with utmost smoothness. We back this brake with our guarantee.

Ride a C.C.M. bicycle. Ride the wheel you know is made in fullest sincerity in every seen and unseen part—the bicycle that means lowest cost per mile. There's a C.C.M. dealer close to you.

**Look for These Nameplates**
when choosing a Bicycle. All of these well-known lines are members of the "C.C.M." family.

**Grand Final**

of the McBride Shield Competition for the

**Soccer Championship of British Columbia**

between Wallace team, of Vancouver, champions of the Mainland, and the Foundation, of Victoria, champions of the Island, at Athletic Park on Good Friday morning at 10.45 o'clock.

ADMISSION 25c.

# GERMAN CLOTHIERS WILL CHANGE THEIR NAMES

"For twenty-five years Semi-ready tailoring has held the foremost place in Canada—and its premiership has never been challenged.

"Ours is the only store in Victoria which is not stocked with a polyglot collection by many and various makers—for every garment we show is a genuine production and model from the Semi-ready shops.

"In America and in many cities in Canada the German Jews have a practical monopoly of the clothing trade, but their most insidious efforts have not disturbed the hold on the public of Semi-ready tailored clothes—made by one of the few English firms still in existence. When you buy clothes, ask who makes them—and analyze the name of the makers."

Mearns & Fuller, at the corner of Douglas and View Streets.

### "THAT BIRD LAND."

Grover Land, first string catcher of the Seattle Rainiers, may be large enough to clog the bases, but his throwing has made the San Francisco papers take notice. The Bulletin says:

"That bird Land ih as deadly on base runners as the Marine snipers were on the Huns in the late twenty-round combat in Europe.'

**MONDAY**

Cricket: President's vs. Vice-President's team at Jubilee grounds at 1.30 o'clock.

Golf Tournament at Oak Bay Links.

# BLUE BAND BOYS GET FREE SEASONS TO BASEBALL GAMES

### Hospital Band on Khaki Sleeve Good Enough for Manager Brown

"Let all the blue band boys know that there is an open invitation to them to attend the games in Victoria throughout the season as guests of the Victoria Club in the International Northwestern Baseball League," Manager Jim Brown, of the Island Nine, announces, and President Dunc Hamilton emphasized the invitation by declaring "that the more regularly the boys from hospital attend the better we shall be pleased." By blue band boys the heads of the Victoria Club refer to the men undergoing treatment in the hospital. No tickets will be issued. "The blue band around a khaki sleeve is a good enough ticket for us," the heads of the Victoria Club declare.

**Great Fans.**

The boys from the military hospital are to be given a special section of the stand, where they will get a perfect view of the game, "and if I don't miss my bet," says Brown, "they are going to be the greatest fans that ever told an umpire what they thought about his eyesight, his knowledge of ball and how they like his personal appearance."

Before the opening of the season in Victoria, April 23, the manager is hoping that some arrangement will be made to get the boys to the Royal Athletic Park for the games. He suggests that some of the fans who have autos call at the hospital and bring a party of the veterans, as the institution on Admiral's Road is a long trip for some of the men injured in the legs.

Arrangements are being made at the park so that the autos can be parked inside the field, with a short fence to prevent the machines encroaching on the playing field.

# AMATEUR UNION MUST BROADEN SCOPE, SAY CALGARY SPORTSMEN

Calgary, April 16.—At a meeting of the Calgary Athletic Association held tonight at which over 100 representatives of all branches of sport attended, it was the unanimous opinion that the Amateur Athletic Union of Canada should broaden its ideas and wake up to the present reconstruction period. Mayor Marshall and General McDonald presided. A resolution was passed calling for the clean whitewashing of all pros. in Alberta, and another motion passed that amateurs and pros. be allowed to mingle in games similar to the British standard of fair play, which was characterized as the fairest in the world. A strong delegation was appointed to attend the amateur branch meeting to be held here shortly, and this committee was given authority to press for the adoption of the two resolutions which it was felt will put the Amateur Union on a sound basis in the Dominion, particularly in Alberta, where the amateur situation has been very loose for years.

### McLOUGHLIN RELEASED.

Maurice McLoughlin, former world's tennis champion, has received his discharge from the navy, and is expected to arrive at his home in Piedmont, Cal., in the near future. McLoughlin enlisted as a seaman during the latter part of 1917 and was later commissioned as ensign. He is planning to re-enter business in Los Angeles.

It's awfully hard for a woman to manage her house to the satisfaction of the hired girl.

# EIGHT PROFESSIONALS IN FRIDAY'S GAME

### Frank Moore Will Put Team in the Field to Meet Brown's Boys

Manager Jim Brown has a strong team lined up for the game to-morrow when his unnamed team in the International Northwestern League will make their first appearance before a Victoria audience. After the game Brown expects to be swamped with more suggestions for a name for the Victoria club. Frank Moore is getting together a team of amateurs to meet Brown's boys and although Frank has not yet announced his line-up he is calling upon a whole string of amateurs to be on hand.

"Play ball" at the Royal Athletic Park will be called at 3 o'clock and Moore has requested that the following players be on hand: L. Mackie, Alex. Straith, Fred Brown, T. Townsley, Pringle, Moran, "Poke" Gravlin, M. Cottet, Bob White, J. Holness, Doc Balcom and Bob Genge.

The professionals will line up as follows: Ted Easterly, catcher; Eric "Pep" Morton, pitcher; Stacey Hoffman, first base; Jimmy Menser, second base; "Army" Armstrong, shortstop; Sharkey Corrigan, third base; Elmer Leifer, left field; A. Le Clair, centre field. A right field man is not yet on hand and the manager is planning on using Sid Elmer in that position. Elmer was in demand also by Frank Moore.

The manager has no qualms in placing his team before the critical eyes of the fans. "Every player has the speed," he says, "and it is certainly one grand little ball team. We have hitters, too, Easterly, Menser, Liefer, Church and McNulty should all hit over a hundred, Corrigan should pile up 275, and Armstrong and Hoffman 250." The pitchers, he figures, should average 200 and he is confident that the general average will not be less than 275.

Morton, Clark, Liefer, St. Clair and Larkin are the pill tossers that Brown is relying upon, Larkin being the latest addition. He was with Sacramento, but the California club found that they had more pitchers than they were able to carry and Brown obtained his services.

**Another Game Saturday.**

A game will also be played Saturday at the Royal Athletic Park to commence at four o'clock. McNaulty will probably be on hand for Saturday's game, and will appear behind the mask. Easterly will be moved to the right field. Jimmy Church will also take part. As a regular second baseman he will take the place of Menser, who will play centre field and Le Clair will be on hand to pitch.

# ALEX THE GREAT GOT A GREAT RECEPTION

### Will Be Pitching Real Ball by May 1, He Announces

New York, April 16.—Grover Cleveland Alexander, premier pitcher for the Chicago Cubs, arrived here last night on the French liner Rochambeau, looking fit to pitch the Cubs through anything. Lieut. Joe Jenkins, catcher for the White Sox, was on the same boat. So was Sergeant Mike Menosky, Washington outfielder.

Alexander will be discharged from the army to-day.

Aleck the Great announced he would sign a Cub contract just as soon as some official of the club hands him a pen and a blank form. He is convinced, however, that his arm will not be in shape by opening day, and he does not care to risk an injury to his salary wing.

"I'm afraid I'll not be ready to go in on April 23, opening day," declared Sergeant Alexander, veteran of seven weeks' fighting in France with the 342nd Field Artillery, when he had been dragged from the stuffy hold of the Rochambeau by a dozen or two insistent newspaper correspondents and photographers.

**Wants Seven More Days.**

"Give me seven more days, however, and I'll be in shape. I'll be pitching real ball by May 1."

Alexander was met at the pier by Colonel Robertson of the Headquarters Staff of the Port of Embarkation, who had special orders to conduct the great pitcher to Hoboken to go through the formalities of being discharged.

When the Rochambeau arrived, however, it was too late to accomplish the Cub pitcher's release last night, so Colonel Robertson gave him twenty-four hours' leave. He will report at Hoboken to-day and will find his discharge waiting for him there.

"It won't make me mad at all," declared the pitcher, who is the terror of all the heavy hitters of the National League, when informed by newspapermen that authorities of the port of embarkation were bent on getting him out of the army and back into baseball instanter.

Not that they don't like him in the army—he looks awful good to the army men, from doughboys up to the generals, out there on the mound.

**Return Is Unostentatious.**

The return of the high-priced pitcher was unostentatious, but the scenes that followed his arrival caused the eyes of the French and Belgian soldiers on board, as well as those of the many American civilians, to well nigh pop out of their heads.

Many of the casual officers on board had discovered Alexander. As for the troops—well, the presence of the man with the $50,000 arm, that is known from New York to San Francisco, could hardly get by unnoticed.

But Aleck the Great came back as a casual, bunking down in the stuffy hold with his bunkies of the A. E. F., and his presence was unknown to most of the civilians aboard. They got something of a jolt, too, when photographers by the score boarded the vessel and dragged a freckled-faced sergeant of artillery, laden with all the clumsy paraphernalia of the doughboy of the A. E. F., from the hold to the boat deck to be photographed again and again.

# INTERNATIONAL GOLF

New York, April 16.—The United States Golf Association announced tonight that the international team match between the United States and Canada would be played at Hamilton, Friday, July 25.

# ARMY CHAMPION LOST TO SAN JOSE FIGHTER

Portland, April 16.—Jake Abel, of Chattanooga, Tenn., welterweight champion A. E. F., late of the 41st Division, to-night lost a decision to Kid Herman, of San Jose, Cal., though he carried the fight from start to finish. Danny Frush, of London, Eng., won easily a decision from Joe Gorman, of Oakland, Cal.; Johnny Shauers, of St. Paul, got a draw with Billy Nelson, of Portland; Stanley Willis, of Philadelphia, got a draw with Lee Johnson, of Oakland, and George Franklin, of Los Angeles, won from Billy Ryan, of Portland. The latter was a four-round bout. The others went six rounds.

Colorado Springs, Colo., April 16.—Marty O'Neil, of Butte, knocked out Nat Leonard, of Colorado Springs, in the first round of a ten-round bout here to-night. The men are bantamweights.

Reading, Pa., April 16.—Charles Dooin, former Philadelphia National League manager, to-night was named to lead the local International League team for 1919.

Albany, N. Y., April 16.—The Walker Bill to legalize boxing in New York under the jurisdiction of the army, navy and civilian board of boxing control was passed by the Senate to-night. the Lower House now has before it both the Walker and the Gibbs Bills to legalize boxing under a single commission.

### A HABIT WITH MAT MEN.

Has Earl Caddock really retired from the wrestling mat? If so, Wladek Zbyszko undoubtedly won the championship when he slammed Strangler Lewis to the canvas recently. However, few champions ever retire until defeated. Wrestlers have a way of "retiring" every so often, but they always change their minds before long.

The late Frank Gotch had the habit of retiring well developed, but he always came back when the inducements were right. Caddock is pretty sure to try to come back as soon as he returns from France with his discharge in his pocket. It then will be up to Zbyszko to tackle the "man of a thousand holds."

### MANITOBA CURLERS.

Winnipeg, April 16.—Magnus Peterson, assistant city clerk, was the unanimous choice of the Manitoba Curling Association for president, to succeed Andrew Wilson, for the year 1919-20 election taking place to-night at the annual meeting.

# TO WHITEWASH PROS AS THEY RETURN HOME

Calgary, April 17.—Calgary's athletic bodies, representing four to five thousand athletes went on record last night as favoring the whitewashing of all athletes in Canada this year and the members of His Majesty's land and sea forces as they return from the front.

These bodies also favored the mingling of amateurs and professionals under certain well-defined restrictions such as are observed in Great Britain without detriment to the amateur's standing and they also endorsed a definition of an amateur.

## SPORT SHRAPNEL

Rollie Zeider, Chicago National League infielder, has arrived at Toledo and taken charge of the Toledo American Association team. Zeider succeeds Roger Bresnahan as manager who resigned recently when new backing was given the club. Zeider late to-night had not received his release from Chicago but said he expected the matter would be arranged quickly. Five Toledo players have arrived and were given the first workout to-day.

**Will Play at Coast.**

Albert Gould, pitcher for the Cleveland and Americans last year, who was sold to New Orleans, but refused to go, has been bought by the Salt Lake team of the Pacific Coast League, it was announced to-day.

**Famous Trotter Dead.**

Copious, the famous Calgary trotter owned by Fred Johnston, of Calgary, is dead of influenza and complications at the age of ten years. In the passing of this great racehorse Canada has lost the finest trotter on the track to-day. Out of forty-one starts Copious got twenty-eight firsts, six seconds, five thirds and was twice out of the money. During the past five years the trotter never lost a race on the Western Canada circuit and it held the track record of 2.13½ in Calgary.

### ARRANGING THE BLUFF.

"Father, if James should ask permission to marry me I want you to withhold your consent."

"Don't you want to marry him?"

"Yes, and I'm going to, but I don't want him to get the notion that you're anxious to get rid of me."

### WATER ACT, 1914. RIPARIAN RIGHTS.

NOTICE is hereby given that under the provisions of Section 6 of the Water Act, 1914, every riparian proprietor claiming any right to divert water or to the exclusive use of water for any purpose by virtue only of his being such riparian proprietor is required on or before the first day of June, 1920, to file a statement of claim setting forth the particulars of his claim. Such statements of claim shall be filed in duplicate with the Water Recorder of the Water District in which the water is diverted or used.

After the first day of June, 1920, no right to divert water or to the exclusive use of water for any purpose shall exist by virtue only of any ownership of land.

Forms of statement of claim can be obtained from the Water Recorders of the several Water Districts in the Province or from the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.

Dated at Victoria, B. C., this 11th day of March, 1919.

T. D. PATTULLO, Minister of Lands.

"BRITISH COLUMBIA PROHIBITION ACT."

Attention is hereby drawn to the following Amendments to the B. C. Prohibition Act passed on the 28th day of March, 1919:

5. Section 19 of said chapter 49 is amended by adding at the end of sub-section (1) the words "but no warehouse shall be deemed to be a liquor warehouse within the meaning of this section if the person having liquor therein has failed to comply with the provisions of sub-section (3);" and by adding to said section the following sub-section:

"(3) Every person who now has or hereafter brings to or has liquor in a liquor warehouse as in this section mentioned shall forthwith furnish the Commissioner with correct written information as to the location of such warehouse, the amount and description of the liquor therein contained, the place from which and the date when such liquor was brought, and its intended destination. He shall also forthwith from time to time furnish to the Commissioner correct written information as to all removals of liquor from such liquor warehouse, including the amount, description, date of removal, and destination. The Commissioner, or his agent duly authorized in writing, shall, for the purpose of obtaining or confirming any such information, at any time have the right to enter into any and every part of any liquor warehouse and to make searches in every part thereof and of the premises connected therewith as he may think necessary for the purpose aforesaid."

J. SCLATER,
Prohibition Commissioner.

BRENTWOOD HOTEL NEAR VICTORIA B.C.
The Hotel De Luxe OF THE PACIFIC COAST

## VICTORIA MEN ON LINER ARAGUAYA

Ottawa, April 17.—The Militia Department has been advised that the ambulance transport Araguaya with 794 sick and wounded Canadian soldiers on board, as well as seven nursing sisters, will reach Portland, Maine, on or about April 23. On arrival those on board will be distributed as follows: Victoria, 65; Regina, 36; Calgary, 43.

### SALE OF FLEET BEGUN.

Washington, April 17.—Sale of the war-built merchant fleet was begun today by the Shipping Board with the transfer of fifteen wooden steamships to the Nacirema Steamship Company, of New York, at a price of $650,000 for each vessel. This is an average of $145 per deadweight ton.

### BLAZE AT TACOMA.

Tacoma, April 17.—Fire last night completely destroyed the plant of the Tacoma Foundry & Machine Company. The loss is estimated by company officials at $40,000.

### A SEVERE STRAIN.

"Glad to hear that your son is home again. Of course, you are delighted to have him with you once more?"

"Yes," replied Mr. Smallways. "But—er—er—it is a bit depressing at first. However, I suppose we will grow used to living up to the dignity of having a second lieutenant in the family all the time."

### PHILOSOPHY.

Pastor—Well, Mrs. Podgers, I am pleased to learn that despite your troubles your gratitude to Providence did not fail.

Mrs. Podgers—No, sir; rheumatiz is bad indeed, but I thank heaven I still have a back to have rheumatiz in.

### LIKE ONE OF THE FAMILY.

"I don't go to the Greens any more."

"No? I thought you used to say they treated you as one of the family?"

"So they did. Every time they invited us to dinner they expected me to help with the dishes."

### LIKE TO HAVE HIM FIRE UP.

A soft answer is all right, but frequently when we call down to the janitor we want to have him answer with some heat.

## NIAGARA WILL NOT SUFFER FROM ORDER

### Definite Announcement Made That Canadian-Australasian Liner Will Proceed

Doubt having arisen with regard to the departure of the Canadian-Australasian liner Niagara from Auckland on account of the proposed embargo on passenger shipping, announcement is made this morning by J. C. Irons, manager for British Columbia of the service, that she will not be affected.

He states that the steamer left Sydney on March 31. The delay between arrival and departure at Auckland is due to the fact that she was detained in quarantine.

**Importing Raspberry Pulp.**

With the arrival of from 250 to 300 tons of raspberry pulp on the incoming trip of the Niagara, a movement will be started to import the raw material from Australia for the purpose of manufacture into jams by British Columbia canners. While it is said that the present shipment, which is the first of the season, is to be shipped East, following consignments will be used in the Province.

"Our decision to bring in Australian pulp," said a prominent Vancouver manufacturer, "has been made necessary owing to the price question. It is not so much a question of shortage. Last year, under difficult labor conditions, raspberry growers were paid from 11 to 12 cents, and they made money. This year they have formed a strong association around Mission and Hatzic, and they refuse to deal with us under 17 cents, a price which is almost prohibitive. Under normal conditions the growers seemed to do well when paid even six and seven cents. In view of this new high price, which is a record one, we can not manufacture to compete with other jams, and have, therefore, found it necessary to look to other fields for our raw materials, where we can buy from five to seven cents per pound cheaper."

Vancouver, April 17.—Eight more cases of influtnza were reported aboard the Canadian-Australasian liner Niagara, Captain J. T. Rolls, which is still detained at quarantine at Auckland, according to a cable received to-day by The World. The wharf laborers have decided not to work the liner until seven days after the last case has been put ashore. The liner was supposed to have sailed the first of the week, but will evidently be detained several days yet. Her delay comes at a most inopportune time for she is handling all the freight and passengers of the Makura, which only went as far as Auckland on her last voyage. The local officials of the line have received a similar cable which adds that the very earliest the liner can clear will be Saturday.

## EMPRESS OF JAPAN OUTWARD BOUND TO-DAY

Vanocuver, April 17.—Shortly before 13 o'clock the C. P. O. S. liner Empress of Japan, Capt. W. Dixon Hopcraft, R. N. R., cleared for Kobe, Nagasaki and Yokohama. It is the vessel's 140th outward voyage. She carried 176 passengers in the first saloon and the steerage was filled to capacity. Her cargo consists of a capacity load of general merchandise for Japanese ports. On her return voyage she will bring several hundred returning Canadians who went on the Siberian expedition.

## TEA BUYERS LEAVE FOR ORIENT ON KASHIMA

When the Kashima Maru leaves for the Orient early next week, she will take out a number of tea buyers, who generally leave early in the spring for the season's purchases.

Not only are heavy orders of the choicest blends assured, but the increasing strength of prohibition on the continent assures proportionately the demand for tea.

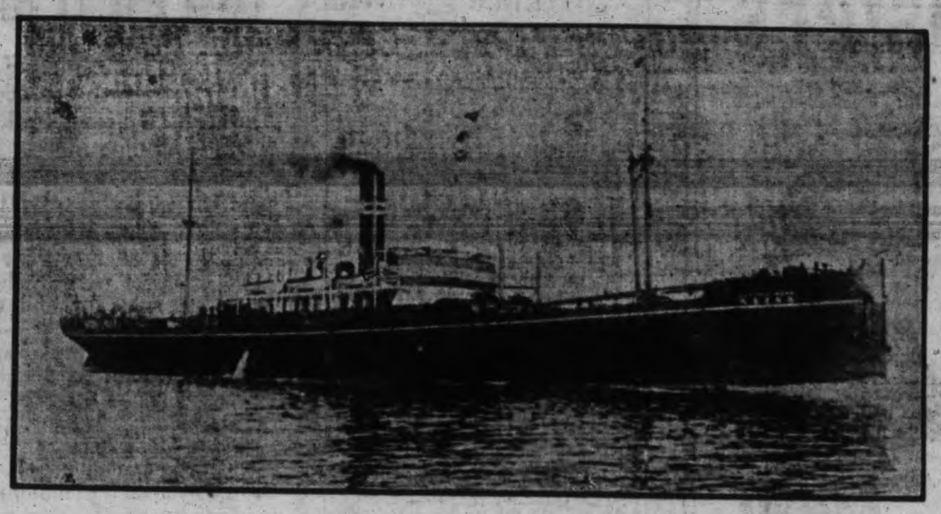

### BUILDING DERRICK.

The Foundation Company is erecting a fifty-ton derrick at the shore end of Ogden Point docks. The equipment will be used in installing machinery in the ships built at the company's shipyards here. The first shipment of machinery is expected to reach here within two weeks.

## Canada Maru Will Dock To-morrow From Orient

THE O. S. K. STEAMSHIP CANADA MARU

Will dock at the Outer Wharf to-morrow from the Orient with a full list of passengers and a heavy cargo. R. P. Rithet & Company, local agents, were not advised at a late hour this afternoon as to the exact time at which the vessel will berth.

## MARINE ENGINEERS HAVE A "WALK-OUT"

### Disagreement With Consolidated Whaling Company, Ltd., Over Remuneration

The marine engineers of the Consolidated Whaling Company have gone on strike on the ground of inadequate remuneration.

A few days ago they gave the company notice of intention to discontinue their services unless there was an improvement in their rate of pay. They asked for the same remuneration as is given to engineers on the American vessels owned by the company, namely, $200 and $165, as compared with $150 and $120 per month received by them for the six months' season.

The company declined to meet the demands and the engineers walked out two days ago. They have appealed to the National Association of Marine Engineers for support and this has been promised them.

## CELESTIAL EMPIRE BRINGS GOOD CATCH FROM FIRST CRUISE

Vancouver, April 17.—With a catch of 43,000 pounds of halibut and cod the fishing steamer Celestial Empire, Capt. Barry, reached port at 2.30 a.m., completing the first voyage of the 1919 fishing season as far as deep-sea fishing from this port is concerned. The Empire got away with the New England about two weeks ago, the latter vessel proceeding to Ketchikan with her catch.

Capt. Barry reports very fair weather, stating that the fishermen were able to work a little every day. Fish were none too plentiful, however. The Flamingo is believed to be on her way back, but has not yet been heard from.

## LINER CORSICAN NEARING ST. JOHN

Ottawa, April 17.—The transport Corsican, with 384 Canadian soldiers on board will reach St. John, N. B., on or about April 24, according to advices received by the Militia Department. In addition to the troops she carries a number of dependents.

## SHIPPING INTELLIGENCE

**Steamer Arrivals, April 16.**

Ohio at New York from Bordeaux.

Lancaster at New York from St. Nazaire.

Louisville at Liverpool from New York.

President Wilson at Gibraltar from New York.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish High Water from Low Water. Where blanks occur in the tables, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, above the average level of lower Low Water.

Esquimalt—To find the depth of water on the sill of the Dry Dock at any tide, add 19.0 feet to the height of High Water as above given.

Newedd—Well, how's the new cook?

Mrs. Newedd—She's not very expert, dear. This afternoon I asked her to make some sweetbreads and she said she couldn't.—Boston Transcript.

## MUST FIND SHIPS TO HANDLE EXPORTS

### Canada Should Investigate Markets, and Transportation, Says Dr. S. F. Tolmie, M. P.

"Perhaps the most important matter that should be given attention just now," said Dr. Tolmie, M. P., to The Times this morning, "is the necessity of securing a thorough understanding of the various markets of the world in which we hope to dispose of the output from our natural resources.

"The best methods of marketing and transportation should be thoroughly investigated. It is only by establishing a large export market that we can hope to meet the extraordinary obligations which we find confronting us at the present time.

"The United States has the biggest crop in sight ever known in its history and will require all her facilities for handling its export. It is due to Canada to begin now to make preparations for handling her own exports in the way of wheat, lumber and other commodities and the problem of supplying ships for this purpose is an exceedingly important matter," concluded Dr. Tolmie.

## SOPHIA CASE NOW BEFORE APPEAL COURT

Vancouver, B. C., April 17. — The action of the C. P. R. against the Workmen's Compensation Board in connection with payments to dependents of the Sophia victims, has reached the second lap of the journey to the Privy Council, and is being argued in the Court of Appeals here.

S. S. Taylor, K.C., is making the appeal on behalf of the Workmen's Compensation Board against the decision of Mr. Justice Clement that workmen's compensation did not apply when a vessel was sunk in foreign waters. Points in Mr. Taylor's argument consist from citation from Provincial laws that apply outside the Province, such as fraudulent preference and service ex-Juris, wherein the Provincial laws deal necessarily with persons outside the Province. He argues that the Workmen's Compensation Act is in the same class. E. P. Davis, K. C., and J. E. McMullen are representing the C. P. R.

OUCH! CORNS!

LIFT CORNS OFF

Doesn't hurt a bit to lift sore, touchy corns off with fingers

Yes! Magic! Drop a little Freezone on a bothersome corn, instantly that corn stops hurting, then you lift it right off. No pain! Try it.

A few cents buys a tiny bottle of Freezone at any drug store. This is sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, also all calluses, and without the slightest soreness or irritation. It doesn't hurt at all! Freezone is the magic ether discovery of the Cincinnati genius.

## MARINE NOTES

After undergoing slight repairs found necessary the Governor, of the Pacific Steamship Company's fleet, was floated again yesterday afternoon, and proceeded to various points on Puget Sound, picking up cargo for her next Southern voyage. The Governor is scheduled to sail for San Diego via Victoria, San Francisco and Wilmington to-morrow at 11 o'clock.

The tanker Ardmore is due at Vancouver this afternoon with crude oil for Loco.

With the arrival at Dollarton yesterday morning of the steam schooner Solano, there are now three vessels loading lumber at the mills. These are the City of Portland, loading for China, the Challamba for Australia and the Solano for San Pedro. The motorship Challamba will sail probably to-day and the City of Portland is also expected to sail to-day.

The catch of the Empire consists of 28,000 pounds of halibut and 15,000 pounds of mixed codfish.

### VAIN EFFORTS.

Attorney-General Gregory said at a farewell luncheon:

"Bores are always talkative. There's no such thing as a silent bore. A bore once said to me at a party:

"'Jones isn't very polite. He yawned three times while I was talking to him yesterday.'

"'But,' said I, 'perhaps he wasn't yawning. Perhaps he wanted to say something.'"

# Dominion Raynsters

*"Made-in-Canada" Raincoats*

## Are Guaranteed

**We say that Dominion Raynsters are absolutely waterproof.**

We say that Dominion Raynsters are the best and most carefully made waterproof coats on the market today.

We say that Dominion Raynsters are attractive and stylish, resembling in appearance the better tailor-made sprin garments.

And we back up our statements by placing in every Dominion Raynster the guarantee label of the Dominion Rubber System, the largest rubber manufacturing organization in Canada.

The best stores that carry clothing also carry Dominion Raynsters. Ask to see the spring styles; and look for the guarantee label of the Dominion Rubber System.

## TOURIST TRAVEL WILL BE HEAVY

C. E. Macpherson States Prospects Are of the Brightest

Vancouver, April 17.—"All indications point to a heavy travel this season," said C. E. Macpherson, Assistant Passenger Traffic Manager of the C. P. R., yesterday morning. "If nothing unforeseen occurs," he said, "Vancouver may look for a heavy tourist travel. This is not only the expectations of our department for the railway travel through the Rockies and to the various summer resorts, but applies also to travel to Alaska.

"The passenger situation was thoroughly canvassed at the Chicago meeting of passenger men," Mr. Macpherson added. "The consensus of opinion was that travel would be very heavy on all lines."

Judging by the number of tourists who already are arriving in Vancouver, the heavy travel which Mr. Macpherson speaks of has commenced. For three weeks past the Hotel Vancouver has been taxed to its capacity to take care of the hundreds of visitors, and other hotels of the city have also enjoyed a very large business. The Hotel Vancouver is an especially good barometer of the traffic situation for it has been crowded with tourists from all parts of the world, and bound in every direction. Many of them are on business bent, but not a few have commenced their annual pleasure tours.

The mountain resorts are clearing their decks for an especially heavy business. John O. Evans, who has been the manager at Lake Louise for the past five seasons, announced this morning that the famous resort would be opened on June 1 and added that judging by the amount of inquiry, the season would be a banner one. Not only is the hotel to be opened, but the cottages are all to be used this season. A similar report comes from Banff and other mountain resorts.

### NEGATIVE JOYS.

She—I can't see what takes you men to the club every night. Do you go there for the pleasures you find?

He—No; for the troubles we don't.—Boston Transcript.

## "Congratulations, My Daughter, You Are Looking Fine"

"AND why shouldn't I look well after using Dr. Chase's Nerve Food?"

"Is that what has made such a change in your appearance? You were so pale and thin, I was rather anxious about your health."

"Why, I have gained fifteen pounds, and I feel so well, too."

"And you have such a good, healthy color. Your blood must be rich and red."

"I knew you were suspicious of anything that our doctor did not prescribe, so I said nothing abo. it to you."

"Well, I will not have any doubts about Dr. Chase's Nerve Food in the future after what a healthy looking girl it has made of you."

"Yes, and I feel so differently, too. I was so nervous and irritable that I was very easily annoyed and upset. Then I would have those fearful nervous headaches. But, thank goodness, that is all over, and I know what to give credit to for the change."

"I am very glad you are so well again and think Dr. Chase's Nerve Food a very valuable medicine, since it has done you so much good."

Miss Gertrude M. Burrell, Clementsport, N.S., writes:

"I have used Dr. Chase's Nerve Food with splendid results. For a number of years I was afflicted with nervousness, and six years ago had a complete breakdown. I had no control of my nerves and had terrible hysterical spells. I could not sleep, had night sweats, awful dreams and nightmare. My physician gave me medicine to put me to sleep every night, and another kind to take every two hours during the day, but it did not seem to do me any good only while I was taking it. I never really expected to get well. Reading about Dr. Chase's Nerve Food one day, I gave it a trial, and the results from the first box encouraged me, so I continued its use, and found my nerves getting steady and stronger. My appetite improved and I gained in strength, ambition and flesh. Now I am able to do considerable work, and can highly recommend Dr. Chase's Nerve Food as a good tonic for the whole system."

(Alonzo W. Daniels, J.P., says: "It gives me great satisfaction to vouch for the testimony of this young lady and the benefit she has received from your wonderful discovery.")

Dr. Chase's Nerve Food, 50 cents a box, 6 for $2.75, all dealers, or Edmanson, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

## GORDON'S, LTD., STAFF ENTERTAIN PATIENTS

Gave Delightful Entertainment at Resthaven Convalescent Hospital Last Night

The usual tranquillity of "Resthaven" Military Convalescent Hospital was invaded by a happy crowd of about fifty laughing girls last night, when the staff of Gordon's, Ltd., of Yates Street, entertained the soldier patients. Leaving town by special Interurban car at 5.30 the merry throng reached the hospital shortly before 7 o'clock, and from the time of their arrival until their departure shortly before 11 o'clock the fun waxed fast and furious.

The party was met on arrival by the M. O., Capt. Pierce, Matron Collis, and members of the nursing staff, while the patients were assembled in the spacious lounge in readiness for the visitors. A rousing "Gordon's" chorus to the familiar air of "Lil' Liza Jane," sung with all the rousing enthusiasm of a college "yell" served to introduce the party of visitors to the patients and attuned them for the enjoyment to follow. The first little veneer of reserve was quickly removed by general participation in the old-fashioned game of musical chairs, followed by the performance known as "pinning the donkey's tail."

A delightfully informal musical programme included songs by Miss Savage, Miss Lily Thompson and Miss Standish, each of the numbers being vociferously applauded. Miss Lola Stevens executed a pastoral dance in pleasing fashion and in response to demands for an encore contributed a graceful scarf dance.

The concert items were interspersed with dance numbers in which those of the men whose injuries permitted, participated with evident enjoyment. A medley one-step served the purpose of introducing visitors and patients, after which the time passed so quickly that the arrival of the cars for the homeward journey found the visitors loth to depart. During the evening a delicious supper, of which the varied and delectable pies and cakes were furnished by the visitors, was served in the big airy dining-room, the tables aglow with daffodils and greenery. A generous supply of cigarettes, the gift of the girls, was distributed to the patients.

W. W. Ballard, the genial manager of Gordon's, Ltd., and Mrs. Ballard headed the party of visitors. The general arrangements were in the hands of an energetic committee including Miss Mary McDonald, Miss Irene O'Neill, Miss Hazel Smith, Miss Savage and Miss Standish, while J. Jones capably officiated as Master of Ceremonies. So enjoyably successful was the affair that in exchanging farewells at the close of the evening the hope was generally expressed by the patients that the visitors would make a return visit in the near future.

## RETIRING PRESIDENT IS GUEST OF EVENING

Comrade G. P. Heinekey Presented With Oak Clock by Ladies' Auxiliary

In honor of Comrade G. P. Heinekey, who has retired from the presidency of the Great War Veterans' Association, a farewell entertainment was given in the association rooms last evening by the Ladies' Auxiliary. There was a very large attendance of members who enjoyed the evening immensely in song and dance.

The proceedings were abruptly broken when the retiring president and his wife were called upon and a presentation made by the Ladies' Auxiliary. Following the reading of a beautifully illuminated address a handsome oak clock, suitably engraved, was presented to the retiring officer. The address was as follows:

"To our esteemed comrades, Mr. and Mrs. G. Pat Heinekey. We, the officers and members of the Women's Auxiliary to the G. W. V. A. of Canada, Victoria Branch, do upon this occasion wish to express to you our sincere appreciation and respect of yourselves during your sojourn amongst us. We regret your departure from our immediate midst, and we do earnestly feel that we lose two earnest and sincere and esteemed comrades. We realize that our loss on this occasion is considerable, and little is there left that we can do other than to present you with this small token of respect, and to wish you Godspeed. And may fortune attend you and your beloved wife in the years to come."

In thanking the ladies for the gift Comrade Heinekey mentioned the splendid services which had been rendered the association by the auxiliary. Their untiring efforts had been responsible to a great degree for much of the success which had attended the workings of the association. He was proud of his connection with the G. W. V. A., and while retiring from active participation in its affairs, he would always watch with interest the progress of the veterans.

A number of other speakers referred to the loss which the association had sustained in the departure of the president, after which Mrs. Ball, president of the auxiliary, presented Mrs. Heinekey with a big sheaf of daffodils and narcissus.

The following artists assisted in the entertainment of the party: Mrs. Gould, Comrade Ingledew, Miss K. Palmer, Miss Smith, Mrs. Richdale, Miss Rombold, R. Robertson and Y. Young.

The evening was voted the most successful ever held by the association.

Comrade Heinekey leaves shortly for Salt Spring Island, where he will engage in farming.

---

The mantle of "Greatheart" has fallen to the Y. M. C. A., for the Association is now the official guide to the Holy City. The soldiers visit the holy places of Jerusalem in parties each in charge of one officer and accompanied by a Red Triangle guide. The "Y" guides are provided free of charge. The secretary started a souvenir shop for the benefit of the ranks when the shops of Jerusalem were put out of bounds.

# The Path to Health

For many thousands of women the Path to Health has certainly been through Lydia E. Pinkham's Vegetable Compound. When this great remedy was first introduced, and for many years after, skeptics frowned upon its curative claims, but as year after year has rolled by and the little group of women who had been cured by it has since grown into a vast army of hundreds of thousands—doubt and skepticism have been swept away as by a mighty tidal wave, until today this purely vegetable medicine is recognized as the greatest remedy for woman's special ills in the world. This is because it is a wonderful tonic and reconstructor which acts directly and favorably upon the feminine organization and is a specific for that purpose.

**Women in All Countries Depend Upon**

### AUTOMOBILES

JOHNSON ST. AUTO SALESROOM.

We recommend the cars on this list as being up to our usual high standard:

1919 Chevrolet, new spare; a splendid buy.
1918 Country Club Overland. See this one.
1918 Overland Touring 90, practically new.
1917 Dodge Touring, the car of service.
1917 Dodge Touring, Gray & Davis starter.
1914 Hudson Touring, 6-passenger; a snap.
1913 Hudson Touring, 7-passenger; good buying.

And Many Others.

We will take cars in good condition in exchange on any of these.

CARTIER BROS.,

## HOUSES FOR SALE
(Continued)

AN EXCEEDINGLY GOOD BUY

SIX-ROOMED BUNGALOW — Thoroughly well built, interior splendidly decorated, fully modern, two large out-houses suitable for chickens or other purposes; almost half an acre of land, thirty-five fruit trees, assorted, and small fruits, five large oak trees, holly bushes and various other shrubs; all kinds of decorative plants and bulbs. Fruit yielded last year upwards of $300. This property is situate in James Bay, half block from Beacon Hill Park, thus obviating street car fare. The land is in perfect shape now for planting. A man employing his leisure time can grow all the requirements of his family. This property can be bought for less than the assessed value of the bare land itself. Price for the above is $4,000; about $1,000 cash, balance to arrange.

A VERY NEAT FIVE-ROOMED BUNGALOW — On good street, full-sized lot; stairway to attic, where there is ample room for a good bedroom and store room; $2,650; $500 cash, balance as rent.

A. E. MITCHELL

# SPECIAL SERVICES IN CHURCHES TO-MORROW

## Methodist Churches to Unite; Sacred Cantatas to Be Rendered

Special services and musical features have been arranged by a number of the city churches for to-morrow, Good Friday. At the First Congregational Church in the evening Maunder's cantata, "Olivet to Calvary" will be rendered by the choir. The solos will be taken by Master Jack Puntin, the boy soprano, George Guy, tenor, and F. J. Mitchel, baritone. Frederick King will conduct, and Miss Moore will preside at the organ.

The full programme follows:
Chorus "When O'er the Steep of Olivet"
Recitative, Tenor. "Like a Fair Vision"
Recitative and Air, Baritone ......
.................... "O Jerusalem"
Recitative, Tenor. "And Jesus Entered"
Recitative, Baritone ... "It is Written"
Air, Soprano ...........................
......"Another Temple Waits Thee"
Chorus .....................................
...."Bow Down Thine Ear, O Lord"
Air, Tenor ...."Not of This World"
Chorus "'Twas Night on Lonely Olivet"
Solo, Tenor......"He Was Despised"
Solo, Baritone and Chorus ........
..................."Come Unto Him"
Hymn, Chorus ........"Just as I Am"
Recitative and Air, Baritone ......
........... "A New Commandment"
Double Quartette ...................
."O Thou Whose Sweet Compassion"
Recitative, Baritone ...............
......."And When They Had Sung"
Hymn, Chorus ...."Thy Will Be Done"
Chorus .."And While He Yet Spake"
Recitative and Air, Tenor "Ye Who Sin"
Chorus ................"Crucify Him"
Choral March ......................
"The Saviour King Goes Forth to Die"
Recitative, Baritone...............
.........."And When They Came"
Solo, Soprano and Chorus .........
............."Droop Sacred Head"

During the intermission Miss Moore will render Rubinstein's "Romance" on the organ.

Spohr's beautiful sacred cantata, "The Last Judgment," will be rendered at the Metropolitan Church under the direction of G. A. Downard. The soloists are Mrs. G. A. Downard, Mrs. E. Parsons, Mrs. S. M. Morton and Messrs. J. O. Dunford and J. H. Crook. Edward Parsons will preside at the organ. Perhaps two of the finest choruses in this work are "Destroyed is Babylon" and "Great and Wonderful."

In connection with the special services, the Methodist churches of the city will unite in service at the Metropolitan Church to-morrow morning at 11 a. m., when the Sacrament of the Lord's Supper will be administered. Rev. R. M. Thompson, of Victoria West, will deliver an address.

At the Naval and Military Methodist Church, Esquimalt, Dr. Lashley Hall, will hold the final meeting of his Passion Week mission at 10.30 a. m.

A sacred concert will be held to-morrow evening at 8 o'clock at Emmanuel Baptist Church. The programme includes male voice quartette, ladies' choir, songs, violin solos and orchestra under the leadership of Fred Parfitt.

The Litany and Ante-communion service will be said to-morrow morning at 7.30 in Christ Church Cathedral. A children's service will be held at 9.30 a. m., followed by Matins and sermon at 10.30. The Bishop of Columbia will give a course of addresses on "Christ's Death and Common Life," at the three-hours' service from noon until 3 o'clock. In the evening, a service will be held at 8 o'clock, at which the Bishop will give an address in preparation for Easter Communion.

St. John's Anglican special service will be held at 11 o'clock.

## NOTICE.

Re Dr. James Douglas Helmcken, Deceased.

All persons indebted to the above named deceased are required to pay such debts, and all persons having claims against the said deceased are requested to immediately forward detailed particulars thereof, duly verified, to the undersigned, at 1103 Langley Street, Victoria, B. C.
Dated April 15, 1919.
T. M. MILLER,
Solicitor for the Executrix.

## TENDERS.

For the purpose of closing an estate, tenders are hereby invited for the purchase of the northerly part of Lot One (1), of Lots Thirty-four (34) and Thirty-six (36), Springfield Estate, Victoria City, Map number 297, together with the dwelling house thereon, known as 824 Russell Street, Victoria, B. C. Tenderers should state price and terms and forward the tender to the undersigned by not later than 4 p. m. on Thursday, the 24th April, 1919, in a sealed envelope marked "Estate Tender."

The highest or any tender not necessarily accepted.

Dated this 15th day of April, A.D. 1919.
TAIT & MARCHANT,
Solicitors,
6th Floor, B.C. Permanent Loan Bldg.,
Victoria, B.C.
No. 5435

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for repairs to wharf at William Head, B.C.," will be received at this office until 12 o'clock noon, Friday, May 2, 1919, for repairs to wharf at the Quarantine Station, William Head, B. C., about nine miles southwest of Victoria, B. C.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the office of the District Engineer at Victoria, B. C., and at the Post Office, Vancouver, B. C.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 p. c. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or war bonds and cheques if required to make up an odd amount.

NOTE.—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of $10, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works,
Ottawa, April 4, 1919.

SOLDIERS HOUSING SCHEME.
NOTICE TO CONTRACTORS.

Sealed Tenders superscribed "Tender for a Four-room Bungalow" will be received by the Honorable the Minister of Public Works up to twelve o'clock noon of Monday, the 28th day of April, 1919, for the erection of a four-room bungalow on Lots 33, 34, Block 2, Prince Albert Street, South Vancouver Municipality.

Plans, specifications, etc., can now be seen at the office of Government Agent, Court House, Vancouver, or Department of Public Works, Victoria, B. C.

Lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
Public Works Department,
Victoria, B.C., April 9, 1919.

# LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

## GOOD FRIDAY.

To the Editor,—Shall we not, dear friends, keep this day a Holy Day. Now that we have learned to appreciate a little more what it means for one to "lay down his life for his friends." We know that Jesus Christ is our best and never-failing Friend. Let us all go to Him to-morrow—go to His cross and not to our own pleasure.

Let us keep a Holy Day and not a holiday. We are bought with a price and we are not our own. May God bless the day and the services of the day to every soul. Let us remember that He who loved us on the Cross loves us now to-day with that same immeasurable love.

CAROLINE MACKLEM.
1126 Richardson Street.

## HOW THE SCHOOL STANDS.

To the Editor,—The following paragraph appeared in your issue of Tuesday last, in an article headed, "Moderationists to Organize on Island."

"It was reported that the Normal School Mock Parliament had favored the proposed Temperance Act, in preference to the present B. C. Prohibition Act."

This statement though literally true is entirely misleading, and I am instructed by the students of the school to make the following explanation:

In choosing a topic for the Mock Parliament it was considered advisable to discuss a matter of public importance which had not yet been placed before the Legislature in the form of a bill. It was artificially prearranged that the majority party should support "moderation." The issue was, in that manner, carried as a government measure. It was specifically understood that the division was to be on party lines, not on principle. Thus, by no strength of imagination can it be claimed that the students of the school "favored the proposed Temperance Act."

A straight vote on the principle of prohibition versus moderation has since been taken among the students. It resulted as follows: For Prohibition, 118; for Moderation, 1; did not vote, 2. This shows clearly the true sentiment of the school.

We feel that, if the Moderation League is responsible for this publication, it must be hard pressed for campaign capital when it cites the result of a school Mock Parliament debate in support of its cause.

VICTOR E. HALL,
Speaker, Mock Parliament, Victoria Normal School.

## WANTED IT IN WORDS.

"Now, Henry, when you go to ask father for his consent to marry me don't beat around the bush. It will be sure to irritate him. State our business in as few words as possible and then wait for his reply."

"All right."

"You're not afraid, I hope?"

"Of course not, but I hope his reply will be—er—verbal."—Birmingham Age-Herald.

France is to spend $5,500,000 for public restaurants, according to a bill adopted by the Chamber.

## GENERAL A. BLANQUET, HUERTA'S MINISTER OF WAR, REPORTED KILLED

Mexico City, April 17.—(Associated Press).—General Auereliano Blanquet, War Minister in President Huerta's Cabinet, who recently was reported to have landed in the Vera Cruz region for the purpose of starting a revolution against the Carranza Government, was killed yesterday in a fight near Chavaxtla village, according to press reuorts from Vera Cruz, which quote a report from General Francisco L. Urquize, chief of military prisons in the region of Cordova and Orizaba.

## BIRTHS, MARRIAGES AND DEATHS

**DIED.**

HARDY—On the 16th, at St. Joseph's Hospital, Ada Gertrude Hardy, beloved wife of George H. Hardy, aged 23, a native of Manitoba, and a resident of this city for the last 14 years.

Funeral will take place Friday afternoon, April 18, at 2 p. m., from the Sands Funeral Chapel, Rev. J. G. Inkster officiating. Interment in Ross Bay.

WAKEHAM—On April 15, 1919, at Jubilee Hospital, following an accident, Winnifred Mabel, beloved daughter of Mr. and Mrs. Alfred Chas. Wakeham, of 650 Constance Ave., aged 8 years and 10 months; born in England.

The remains are reposing at the B. C. Funeral Chapel, 734 Broughton Street, where funeral service will be held on Saturday at 2.30 p. m., the Rev. Mr. Hughes, of Esquimalt, officiating. Interment in Ross Bay Cemetery.

Friends please accept this intimation.

DOUGLAS—On the 16th inst., at 808 Fisgard Street, Archibald Douglas, aged 34 years, a native of Scotland, resident of Victoria for the past 4 years. He is survived by his mother, one brother and three sisters, Mr. James Douglas, of Victoria; Miss Anna Douglas, of Vancouver; Mrs. C. Spottswood, of Vancouver; and Mrs. J. B. Lyons, of Glasgow, Scotland.

The funeral service will be held Saturday, April 19, at 2.30, from the Thomson Funeral Chapel, Rev. J. G. Inkster officiating. Interment at Ross Bay Cemetery.

MAWHINNEY—On April 14, 1919, at the residence, 155 South Turner Street, Elizabeth, widow of Isaiah Mawhinney, aged 85 years; born in County Fermanagh, Ireland. The deceased had been a resident of this city for the past 7 years, and in Canada for 78 years.

The remains are reposing at the family residence, and due notice of the funeral will be given. It is requested that no flowers be sent.

DOUGLAS—On the 16th inst., at 808 Fisgard Street, Pte. Archibald Douglas, late of 103rd Battalion, aged 34 years, resident in Victoria for the last 6 years. He is survived by his mother, one brother and three sisters, Mrs. Annie Douglas, of Vancouver; Mr. James Douglas, of Victoria; Miss Anna Douglas, of Vancouver; Mrs. C. Spottswood, of Vancouver; and Mrs. J. B. Lyons, of Glasgow, Scotland.

A military funeral will be held under the auspices of the Great War Veterans' Association from Thomson's Funeral Chapel, Saturday, April 19, at 2.30 p. m., Rev. J. G. Inkster officiating. Interment Ross Bay.

**FUNERAL NOTICE.**

HARDY—The funeral of the late Mrs. Ada Gertrude Hardy, beloved wife of Mr. George H. Hardy, and only daughter of Mr. and Mrs. R. N. Ferguson, who passed away on the 16th inst., at St. Joseph's Hospital, will take place to-morrow afternoon at 2 o'clock from the Sands Funeral Chapel. Deceased was 23 years of age, a native of Manitoba, and a resident of this city for the past fourteen years. The Rev. J. G. Inkster will officiate and interment will be made at Ross Bay Cemetery.

**IN MEMORIAM.**

DUNDERDALE—In loving memory of Pte. Ernest Dunderdale, late 103rd Battalion, who died April 17, 1916.

He has gone from our home to a mansion above,
And our hearts with deep anguish are riven;
Yet, why should we mourn for the dear one we love,
When we know he is happy in heaven.

—Inserted by his parents, brothers and sisters.

**IN MEMORIAM.**

MURRAY—In loving memory of Sapper James Frater Murray, who died from wounds at Rouen, France, on April 17, 1918.

We pictured his safe returning,
And longed to clasp his hand;
But God has postponed the meeting
Till we meet in the Better Land.

'Tis sweet to think we will meet again
When troubles are no more,
And that the one we loved so dear
Has just gone on before.

**CARD OF THANKS.**

Mr. and Mrs. James Steele, of 1518 Cook Street, desire to express their warmest thanks to the many friends of the late Charles Montague Mather, including the management of the Victoria Steam Laundry and his Sidney, B. C., friends, for their kindness to him during his long illness, and for floral tributes sent at the time of his funeral.

**CARD OF THANKS.**

Mr. and Mrs. R. W. Sluggett and family wish to express their sincerest appreciation and thanks to their many friends for the kind acts and words of sympathy, also beautiful flowers, sent during their sad bereavement through the loss of their dear baby son.

with good education, a good conversationalist, plenty of tact, one used to mixing with men; salary $150 per month to right man. Apply, giving full particulars as to previous employment and references, to Box 5434, Times Office.

# OUTLINED COMMUNITY SETTLEMENT SCHEME

### F. B. Stacey, M. P., Addressed Big Meeting of Returned Men at Vancouver

Vancouver, April 17.—Speaking to about three hundred returned soldiers and others who gathered in the board of trade office last night, F. B. Stacey, M. P., who is here from Ottawa in reference to organized community settlements of returned men, said this Province offered special inducements for certain classes of agriculture, particularly fruitgrowing, dairying and stockraising. These types of agriculture, the speaker said, could be followed in this Province with greater success than in any other Province in Canada.

Mr. Stacey pointed out that this community settlement plan was not entirely for the men who returned on the Empress of Asia. Any other group of men who formed elsewhere in the Dominion could have the same privileges.

**Government Plan.**

The extent to which the Government was prepared to go in helping communities of soldiers was outlined by the speaker. After the group of men got together on the land, if they so desired, the Government would reserve a block of land in their midst for the erection of a hall, church or some other building to be used for public or community purposes. The Government would also reserve blocks of land in these communities for the soldiers who had to undergo agricultural training before he could take his place among the others. In the case of securing the land, there were some men, said Mr. Stacey, who would try and unload worthless land, not only on the Government, but also on the returned men. This would not be done if it was at all possible for the authorities to stop it.

**Motions Adopted.**

At the conclusion of the meeting two motions were brought before the meeting by Lieut. W. H. Kirchner and adopted. One asked the Government, in view of the fact that it was proposing to spend millions of dollars to bring settlers into the country by extending the facilities of the Land Settlement Act to any soldiers of the United Kingdom or of any of the self-governing British Dominions and colonies, that first consideration should be given to the Canadian soldiers. The same resolution asked that adequate allowances should be granted to soldiers who were taking agricultural training in order to take care of them and their families. The second resolution petitioned the government to waive the ten per cent. cash payment required before he secures land or any payment until he had been settled on the land for three years.

## NO SERIOUS ISSUES BETWEEN STATES AND JAPAN, DECLARES POLK

Washington, April 17.—Acting-Secretary of State Polk to-day authorized the statement that no serious questions were pending between the United States and Japan and that the indications were that minor issues arising out of the situation in Siberia and the recent trouble at Tientsin as well as the peace conference problems, soon would be amicably settled without in any way straining the relations between the two countries.

## HOPE FOR SETTLEMENT OF EXPRESS DISPUTE

Halifax, April 17.—A. R. Mosher, President of the Canadian Brotherhood of Railway Employees, said to-day that he hoped some steps toward settlement of the dispute which caused the Canadian Express men to strike and which threatened to affect the entire brotherhood, would be taken at Toronto to-day. He based his hope, he said, largely on the following telegram dated at Ottawa yesterday, which he had received this morning from the Minister of Labor, the Hon. Senator Robertson:

"Arrangements made whereby committee's proposition will be placed before the Canadian National Railway Board at Toronto to-morrow by the Deputy Minister of Railways. Mr. Cole and others will be present at Toronto for consultation if necessary. Am personally going to Montreal to-morrow morning to endeavor to effect an adjustment of the Canadian Express difficulty."

Mr. Cole is chairman of the Brotherhood's Railway Committee.

## Preparing to Make Atlantic Flight From Irish Coast

Eastchurch, Eng., April 17.—Major C. J. P. Wood, the British aviator who is to attempt a trans-Atlantic flight from Ireland, announced his intention this morning of flying to Limerick this afternoon. If the present improved weather continues he said he would start his flight across the Atlantic to-morrow.

## Carmania With Troops Aboard Sighted Iceberg

Halifax, April 17.—The Carmania, of the Cunard Line, with the 5th, 7th, 10th, 13th and 14th Battalions on board is due to arrive here to-morrow morning, according to word received from here last night.

The Carmania also reported passing at 8 o'clock yesterday morning a huge iceberg 250 feet high and 1,500 feet long.

# GERMAN INCENDIARY WAS BALKED AT SEA

### American Officer on Transport Patricia Says Agent Attempted to Set Fire to Ship

Boston, April 17.—A German agent, allowed on the transport Patricia to look out for German property, attempted to set fire to the vessel last night as it was nearing Boston with more than 2,000 American soldiers, according to Major Frank W. Cavanaugh, of the 102nd Field Artillery, one of the officers on board.

The man had been locked in a stateroom because of his actions. When a guard left the room, the German, whose name was given as Fisher, is alleged to have manipulated electric wires in such a way as to start a blaze in the stateroom. The guard found a lively fire burning when he returned.

Members of the crew extinguished the fire and Fisher was placed in irons. The German was one of five of his countrymen placed on board the Patricia by consent of the Allied Governments to watch the Hambug-American Line's property. He was formerly a second officer on a German merchant ship.

The Patricia is one of the first German merchant ships turned over to the Allies.

# MEN FROM OVERSEAS ARRIVE ON COAST

### Rousing Welcome Accorded Veterans This Morning on Arrival at Vancouver

Vancouver, April 17.—April showers greeted the three parties of veterans who reached the city at an early hour this morning. The men from the transport Lapland detrained at Hastings Park, while the party from the hospital ship Essequibo and the reservists from the Scandinavian came into the C. P. R. station.

Only about twenty-five veterans detrained at Hastings Park, and the majority secured their "tickets" before breakfast this morning. They reached the city in the best of spirits, not minding in the least the rain which greeted them.

The machinery of demobilization at Hastings Park was working smoothly, with the result that the entire party was discharged in little more than an hour. Most of the veterans from the Essequibo were hospital cases. They will report to various military hospitals in Vancouver for further treatment. Relatives of the men who could not leave the train were allowed to board the hospital cars and greet their loved ones.

The sixty-seven British reservists were greeted by a large crowd of relahives and friends.

Major C. R. Crysdale, M.C., who returned this morning with the Essequibo veterans, went overseas in 1915 with the Canadian Engineers under Major Schardschmidt. He won his promotion from lieutenant to major in the years that he spent at the front.

He was formerly assistant chief engineer on the Pacific Great Eastern Railway and although only a young man, has had fifteen years' experience in railroad work. He was employed by the Canadian Pacific and the Canadian National Railways at different times before he accepted the position with the P. G. E.

## SOCIALISTS WANT PEACE DETAILS OR THREATEN TO RESIGN

Paris, April 17.—Albert Bedouce, Socialist member of the Chamber of Deputies from the Upper Argonne, is reported by The Journal to have proposed to his Socialist colleagues that they resign in a body as a protest against the attitude of the Government in declining to give to Parliament the details of the peace preliminaries until the treaty had been signed. The Socialist groups in the Chamber will take up the question to-day for decision, it is added.

The question of confidence in the Government came up in the Chamber of Deputies Wednesday on the question as instanced in the foregoing and the Government was sustained by a vote of 334 to 166, the Chamber defeating also a demand for another vote by 341 to 158. Another, on the order of the day, showed an even greater preponderance in the Government's favor, the vote being 360 to 126.

# SPREAD OF BOLSHEVIK PROPAGANDA FAVORED

### Laxity of European Frontier Regulations Allows Passage of Agents

Vienna, April 17.—(Associated Press.) The spread of Bolshevik propaganda westward is being greatly favored by the laxity of frontier regulations, the least guarded being those of Poland. Trains are arriving at Budapest and Vienna from the east carrying numbers of agents supplied with all sorts of false passports and money. The observations of the correspondent show that the best guarded frontier apparently is that of East Prussia, where the Bolshevik are made to understand they are not welcome. Trains from Cracow into German Silesia and Bohemia, however, are filled with nondescript individuals from Russia whose papers are either not examined at all or are looked over most casually. Conditions are much the same as regards the trains entering Hungary by way of the Ukraine and East Galicia. It is even asserted that notwishstanding the Italian restrictions, entrance to Italy is not difficult.

The falsification of American passports is declared to be so common that the representative of the American diplomatic service here attached to the Spanish Embassy states that it would be advisable to increase the difficulties of fraud by requiring the application of thumb prints to all original United States passports, as it is easy, it is claimed, to substitute new photographs and imitate the signatures.

# COURTMARTIAL AT LIVERPOOL TO-DAY

### Major-General Burstall Investigating Recent Rioting at Kinmel Park

Liverpool, April 17.—(Reuter's.)—The general courtmartial convened by the commander-in-chief of the Western Command for the trial of a number of Canadian soldiers who are alleged to have been concerned in the rioting at Kinmel Park last month, opened here to-day. Between seventy and eighty men were originally placed under arrest but a considerable proportion of them have already been dealt with. About a dozen cases remain to be tried. Major-General Burstall is presiding.

Six prisoners, Privates A. Dickson, R. Archer, V. Costughoko and J. Wallace and Sappers English and McKenzie were charged with having joined in a mutiny in His Majesty's forces. Alternative charges are that they were present when soldiers combined to resist authority and failed to use their utmost endeavors to suppress the outbreak. An experienced courtmartial officer, Major W. E. Wyman, was appointed by the Canadian authorities to undertake the defence of the military prisoners and all the men elected to avail themselves of his assistance.

Major Wyman asked postponement of the trial of Private Dickson because essential witnesses in his case had returned to Canada.

The prosecution pointed out that if the witnesses were demobilized no power existed to bring them back to England.

The court decided to put back the case. Subsequently the prosecution stated it was not prepared to proceed against the other accused to-day owing to their having been marched in out of their rightful order. Accused were therefore marched out of court and their places taken by four others.

The first case actually proceeded with was that of Gunner George Lorette. He pleaded not guilty to mutiny and having failed to exercise his utmost endeavor to suppress the mutiny.

Colonel T. P. Rowland prosecuted.

Regimental Sergeant-Major Gilbert Smith, of the Canadian military police described conditions at the camp.

At a late hour on March 4, the day preceding the shooting incident, numerous bodies of Canadian soldiers were wrecking and breaking into and stealfrom various institutions and public and private buildings. On the fifth of March at noontime, he saw a large crowd behind headquarters.

Four or five of them were very prominent, among them the prisoner waving a red flag. There was a troop of cavalry nearby. The crowd booed, jeered and shouted. They were Canadians and started to throw missiles, the prisoner being in front of the crowd. At an earlier period he had addressed the crowd from a soapbox.

"We can now talk all the way across the ocean by wireless," said Senator Sorghum. "Yes," rejoined Miss Cayenne, "but is what you say going to make any difference?"—Washington Star.

## DARTING, PIERCING SCIATIC PAINS

**Give way before the penetrating effects of Sloan's Liniment**

So do those rheumatic twinges and the loin-aches of lumbago, the nerve-inflammation of neuritis, the wry neck, the joint wrench, the ligament sprain, the muscle strain, and the throbbing bruise.

The ease of applying, the quickness of relief, the positive results, the cleanliness, and the economy of Sloan's Liniment make it universally preferred. Made in Canada.

## NARROW GRAIN MARKET AT CHICAGO TO-DAY

(By Burdick Bros. & Brett, Ltd.)

Chicago, April 17.—Prices moved in a narrow area to-day. Selling was prevented by reports of poor seeding weather, there was no buying of any consequence and cash market was sluggish. Closing prices were fractionally higher than last night.

**ST. PAUL TO ALASKA.**

Seattle, April 17.—A tug left here to-day towing the big full-rigged "windjammer" St. Paul out to sea where the boat will spread her sails and plow north to Alaskan waters for the fishing season. Cannery workers swarmed her decks when she passed down the bay here. The St. Paul is the last of the Northwestern Fisheries Company fleet to leave for the north. Early in her career she was a clipper ship.

**PASSENGER BY AEROPLANE.**

Bremerton, Wash., April 17.—Senator Poindexter arrived here safely by aeroplane from Seattle shortly before noon to-day. The trip was made in about fifteen minutes.

**INDIAN AGENT.**

Vernon, April 17.—Lieut. F. J. Ball has received the appointment as Indian agent for the Okanagan reserves, a position recently made vacant by the retirement of J. R. Brown. Lieut. Ball has a fine war record, having won his commission on the field and is also a veteran of the Boer War.

## ACTIVE STOCK MARKET AT NEW YORK

### Bullish Activities in Specialites Are Unrestrained To-day

(By Burdick Bros. & Brett, Ltd.)

New York, April 17.—While some of the specialities which have enjoyed rapid advances of late were reactionary to-day, others were taken up and boomed, some of the lower priced shares which have been neglected shared in the advance. The steels and railroad shares and other stocks usually classed as the standard issues were inclined to heaviness. But little profit taking was in evidence at the close regardless of the fact that the market will not hold another session until Saturday.

# FEDERAL MEMBER VERY OPTIMISTIC

## Speaks of Work at Ottawa; Trade Opportunities for Canada Bright

Progress has been made at Ottawa on several points affecting the interests of British Columbia, according to Dr. S. F. Tolmie, M.P., who arrived home from the capital yesterday afternoon. He was in an optimistic mood as regards the future and is satisfied that some effective government measures will go into effect shortly relating to Pacific Coast questions.

Dr. Tolmie says that the members at Ottawa are standing firmly behind the representations of returned soldier organizations, and Col. F. H. Cunningham, Chief Inspector of Fisheries in British Columbia, reached Ottawa just prior to Dr. Tolmie's departure. Mr. Cunningham conferred with representatives of the Fisheries Department. Three meetings had been held by the British Columbia members prior to Mr. Cunningham's arrival, and a fourth was arranged for last Saturday. These conferences were for the purpose of arranging means whereby the returned soldiers would be able to get a fair proportion of the fishing licenses issued.

**Oriental Question**

The Eastern people do not seem to be able to comprehend the position British Columbia in placed in through having to deal with the Oriental problem on such a large scale. As far as admitting to Canada the wives of the Hindus, this privilege had been enjoyed by them since 1912. The matter had been discussed by Sir Robert Borden and Canadian representatives at the Imperial Conference in London, and subsequently an Order-in-Council was passed allowing in the wives of the Hindus already resident here. British Columbia members are anxious that a definite and equitable basis of Oriental immigration be enforced as it is apparent that British Columbia, with her admirable climatic conditions, will fall heir to most of these immigrants from the Orient, and it is therefore a serious problem that requires immediate attention. "It is hard to wake the Easterner up on the question because he does not see very much of the Oriental, and foreigners of this type do not affect their private or business existence," said Dr. Tolmie.

Naturally, most of the questions under consideration are those in which the interests of the returned soldiers are affected. Dr. Tolmie reports that the Soldiers' Land Settlement Board is now well organized under Chairman W. J. Black, one of the best-informed agriculturalists in Canada, and rapid progress may be looked for in carrying out the scheme laid down by the Government.

The question of increased pensions is one that has been throughly investigated at Ottawa, and Dr. Tolmie expects remedial legislation to be passed shortly.

A matter of importance to British Columbia was the proposed steamship service between the Atlantic and Pacific Coasts via Panama Canal, and this service Dr. Tolmie thinks the Government will establish in a short time, as the matter is again under serious consideration, and is regarded as a necessary national transportation asset.

**Price of Wheat.**

Referring to the question of the price of wheat, Dr. Tolmie said:

"Western farmers feel that they cannot hope to produce dollar wheat—as some of them expect to have to do before long—and pay the present prices for their requirements in the way of agricultural implements, etc. In the matter of tariff revision it might be expected, however, that the farmers' wishes would be met to a certain extent by the Government when the budget was brought down.

"But of course it will be out of the question to expect any general revision on such short notice," added the speaker.

"The farmers as a rule took a very reasonable view of the matter. In Saskatchewan particularly they were taking steps with a view to having the price of wheat fixed. Mr. McHarg, of Maple Creek, returned a short time ago from Great Britain, reporting that he was advised there by some of the best-informed men that if the price of wheat had not been fixed during the war that this commodity would have mounted to $4 or $5 per bushel. The idea is to fix the price of wheat against the speculator who buys the wheat from the farmer in the autumn, holds it, and then raises the price to the consumer.

"It is very doubtful if the Government will make a move in the matter," said Dr. Tolmie. He referred to the hundred million deficit as one of the reasons at the back of their inaction. Perhaps one of the most serious considerations in the matter of wheat was the lack of transportation.

In many of the Prairie places he found seeding already being carried on under favorable conditions. But if the price of wheat were not fixed it was doubtful if the acreage would be as large as usual, as at the present rate it cost for seed alone anywhere from $4 to $6 per acre.

**Market Question.**

Dr. Tolmie says that he learns that there is a good market for Canadian produce in European markets, and Canadians should make every endeavor to build up trade relations and increase her exports and production. In this connection Victoria should figure prominently, as she is admirably situated for shipping, and has plenty of raw materials at hand for manufacturing purposes.

"An excellent opportunity is afforded for Canada to take hold of the situation. If she is to secure this trade and hold it she must be careful that the products she sends over are standardized and of uniform high quality. It will be neecssary for her to have a selling agency established in Great Britain to handle her products to the very best advantage," concluded Dr. Tolmie.

# SUFFERED TERRIBLE AGONY

## "Fruit-a-tives" Alone Gave Him Quick Relief

"Buckingham, Que., May 3, 1915.

"For seven years I suffered terribly from Severe Headache and Indigestion. I had belching gas from the stomach, and I had chronic Constipation. I tried many remedies but nothing did me good. Finally a friend advised Fruit-a-tives.' I took this grand fruit medicine and it made me well. To everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take 'Fruit-a-tives,' and you will get well.

"ALBERT VARNER."

50c. a box, 6 for $2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa Ont.

**WANTED: KEATING'S POWDER.**
To kill cockroaches—EVERY cockroach. Sprinkle Keating's round the cracks and crevices in the kitchen at night, and sweep up the cockroaches in the morning—DEAD. Cartons, 15c, 25c and 40c. Insist on having Keating's.

## IN AVIATION CIRCLES

"Like an hour of Jules Verne—but founded on fact," was the description of a speech delivered in the House of Commons by Major-General Seely in introducing the Air Estimates for the ensuing year, during which the Government propose to expend 350 millions and are providing for the maintenance of 150,000 men. The Under-Secretary for the Air had a dazzling story of past aerial achievement to unfold and gave his audience a peep into the future which left them entranced. The wonders of which he spoke include:

A wireless telephone now perfected.

A seaplane which carries 13,000 lbs. and has flown 100 miles an hour.

An aeroplane is building which will carry 20,000 lbs.

An aeroplane (only planned yet) which will attain speeds hitherto undreamt of.

An air post between Cairo and India.

An air route survey of Darkest Africa is in progress.

Five years ago almost he was asking for one million for the air service. Now the estimate was for 350 millions, and had the war gone on it would have been over 1,000 millions. When the armistice came Britain was producing 4,000 aeroplanes a month, and he claimed that, thanks to the astonishing valour of our men, the country could now certainly assert that we are "masters of the air."

During the war just under 8,000 enemy machines were shot down by our pilots, against 2,800 of our missing (and probably shot down). "It means," he commented, "probably 40,000 or 50,000 desperate battles in the air, and we can only bow our heads in respectful admiration of such incomparable valor."

**Defence of "Our Air."**

Coming to the future of the force, he said the estimates had been reduced by two-thirds and (he was afraid it would be bad news for aviation companies) after the existing orders had been completed there would be but few fresh orders for several months. It had been decided that the peace strength of the air force should be 5,300 officers and 54,000 men, and that there should be 102 squadrons.

"There is not much risk of this country being attacked by air at the present time," he said, alluding to the need of a strong force at home. But he would be a rash man who would say that there is no risk of this country being so attacked in the future.

"We are far more advanced than any other country in the preparations that we have made for civil flying," claimed General Seely, passing to another phase of the Ministry's activities. "We had passed legislation to provide our own air regulations, and were engaged at Paris in discussing the international regulations. The next duty will be to plan air routes at home and abroad.

"The Controller-General has already drawn up a complete list of the aerodromes which will be required in this country for civil aviation, as well as those required for military purposes. They will be fitted with sound and light signals, with beacon stations, with aerial buoys, with telephone and telegraph stations, with directional wireless enabling you to direct your aeroplane from the ground, and, I am glad to say, with wireless telephones, in which only during the last few days we have achieved a result which we have been trying to secure for a good many years.

"We have got a wireless telephone with which we can both send and receive on the same instrument. Until a few days ago it was possible for one aeroplane to communicate with another, but not to receive the answer."

Before the war ended we were experimenting with several new machines, and General Seely gave the following particulars:

"There is one seaplane of a novel type now being built. It is the largest so far which has actually been flown. It has five Rolls-Royce engines, and it carries 18,000 lb. (nearly six tons) at 100 miles an hour.

"Another areoplane is being built which is even larger. It is 141 ft. in span, 85 ft. long, and will carry a useful load of just under 30,000 lb. (nearly nine tons). It is not complete, but it will probably be a success.

"We have another aeroplane, of which the plans are completed, far larger than either of these, with eight engines, developing possibly very considerable speeds and carrying a much larger load.

"We have under construction, conceived by a brilliant brain and entirely novel in type, an aircraft which I will not particularize. Although it is quite possible that it may not succeed—mathematicians have told me that it will, and that it will attain speeds hitherto quite undreamt of and and have qualities of a kind different from anything we have ever seen—I hope later in the year to be able to give more information about this somewhat remarkable invention."

**Dirigible Makes Endurance Flight.**

The British airship N. S. 11 succeeded in remaining four days, four hours and fifty minutes in the air under the severe atmospheric conditions encountered off the coast of Scotland between Moray Firth and Alverdeen. The vessel carried a crew of ten officers and men, who were able to sleep in comfort and who cooked their meals on board. Great interest in the flight was evidenced by aircraft promoters as a forecast to extended commercial flight.

**Training Plane's Long Flight.**

New York, April 17.—Flying a small Curtiss training plane which has had more than three thousand hours in the air, Carl Batts made a 350 mile flight of five hours and fifty minutes. This machine has been serving as a training plane since April, 1917.

**The French Efforts.**

It is known that the Farman Company is working on a large type of land machine for entry in the trans-Atlantic journey. Noting has been divulged concerning the details of the machine, but it is regarded as possible that it will be similar in type to the "Aerobus," which this company recently flew with passengers from Paris to London.

**May Fly to Mesopotamia.**

Word has been received that Brigadier-General Victor W. Odlum, commander of the Eleventh Brigade of the Fourth Canadian Division, whose home is in Vancouver, will arrive home in June. According to information received General Odlum will be sent on a mission of state to Mesopotamia before coming home, and intends to take the trip from England by airship, enabling him to make flight, conclude his business and return in a week. As soon as this is completed, it is expected he will leave for Canada.

**Aeroplanes For $2,000 Each.**

G. F. Erickson, who is promoting commercial flying in Canada is offering aeroplanes to the public at figures less than the average automobile costs. Machines are being offered at $2,000 each, and aviators can be secured at present for about the same wages as those offered chauffeurs, he says. Mr. Erickson is to open the only airplane sales-rooms in the world on King Street East, Toronto. It will be conducted on the same principles as that of a large automobile concern.

# FOURTEEN ADDITIONS TO COMPANIES' LIST

## Silver Fox Incorporation is Among Companies Now Registered

During the week ending at noon today certificates of incorporation have been issued by the Registrar of Joint Stock Companies in respect of the undernoted concerns, official notification of which will be made in this day's issue of the British Columbia Gazette:

The Investors Mining & Development Company, Llimted, public, non-personal liability, authorized capital $500,000; registered office of the company, Vancouver.

Red Cedar Shingle Company, Limited, private, authorized capital $25,000; registered office of the company, Vancouver.

Blue Ribbon, Limited, private, authorized capital $300,000; registered office of the company, Vancouver.

Estates Investment, Limited, private, authorized capital $200,000; registered office of the company, Vancouver.

Charles Steele Investment Company, Limited, private, authorized capital $50,000; registered office of the company, Vancouver.

Dominion Timber Products, Limited, private, authorized capital $10,000; registered office of the company, Vancouver.

W. D. Wood, Limited, private, authorized capital $10,000; registered office of the company, Vancouver.

Woods Restaurant, Llimted, private, authorized capital $10,000; registered office of the company, Vancouver.

Marine Supply Company of Canada, Limited, private, authorized capital $10,000; registered office of the company, Vancouver.

Automobile Financing Company, Limited, private, authorized capital $50,000; registered office of the company, Vancouver.

Universal Knitting Company, Limited, private, authorized capital $150,000; registered office of the company, Vancouver.

Oakland Fisheries, Limited, private, authorized capital $10,000; registered office of the company, Vancouver.

Whitby Brothers, Limited, private, authorized capital $50,000; registered office of the company, Nanaimo.

McCullough Silver Fox Company, Limited, authorized capital $30,000.

At the request of the British Consul at Venice, the Y. M. C. A. took charge of the matter of providing accommodations for the hundreds of British soldiers from the armies in Italy and France who want to spend their leave in the City of St. Mark's. The "Y" man advises the men where to eat and make their purchases of souvenirs.

# DOES NOT LIKE TALK AGAINST CHINAMEN

## Consul-General Yang Shu-wen Appeared Before Police Commissioners Yesterday

Before the police commissioners yesterday afternoon Yang Shu-wen, Chinese Consul-General for Canada, entered a strong protest on behalf of his countrymen. He regretted to hear such bitter denunciations from the aldermen of Victoria in regard to the gambling activities of the Chinese.

While not denying that there might be considerable gambling going on in the Oriental quarter, the Consul-General pointed out that there seemed to be a certain discrimination in favor of the whites. He went on to mention that he had lived in some of the best hotels in the country and had visited many of the influential clubs and other social organizations in Canada and found considerable immorality existant in these institutions and yet there was no police intervention.

The consul emphasized the point that the Chinese were strangers in a strange land and had no other places to go in the evenings than to their clubs, where probably they gambled to pass the time. He stated, however, that he would have the conditions existing in Chinatown investigated and would do everything in his power to make the Chinaman a good citizen. He was anxious to have the laws obeyed to the letter.

Yang Shu-wen was accompanied on his trip here by representatives of the Dominion police. The diplomat is being guarded to save a repetition of the murder of the Chinese statesman Tang Huo Lung.

While here the consul also called on Lieut.-Governor Sir Frank Barnard and Provincial Government officials.

**Delay Only Adds to the Expense You Will Eventually Have to Bear**

In hundreds of cases we have found when conversing with our patients that they knew their teeth were unsound months before they came to us. Yet they did not take heed and have the matter set right. Often we have had to remove teeth entirely which otherwise might have been saved.

If your teeth are just beginning to show signs of decay, it is to YOUR advantage to have the matter attended to without delay. From the viewpoint of expense alone you will be wise to take instant action.

May we suggest that you visit this big modern dental office to have your dental needs attended to?

**How to Kill Dandruff So It Won't Return**
By a Specialist.

That the dandruff gerin is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well-known fact. We appreciate, therefore, the importance of any agent that will destroy its power. For this reason it is a pleasure to give herewith the prescription which a famous scalp specialist states he has found after repeated tests, will completely destroy the dandruff germs in from one to three applications. It will also almost immediately stop falling hair and it has in numerous cases produced a new hair-growth after years of partial baldness. This prescription can be made up at home, or any druggist will put it up for you—6 ounces Bay Rum, 2 ounces Lavona de Composee, one-half drachm Menthol Crystals. Mix thoroughly, and after standing an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger tips. If you wish it perfumed, add 1 drachm of your favorite perfume. While this preparation is not a dye it is unequalled for restoring gray hair to its original color.

**PRESENCE OF MIND.**

Sholess, he climbed the stairs, opened the door of the room, entered and closed it after him without being detected. Just as he was about to get into bed his wife, half-aroused from slumber, turned and sleepily said: "Is that you, Fido?" The husband, telling the rest of the story, said: "For once in my life I had real presence of mind. I licked her hand."

**INFLAMED GUMS— THE CAUSE OF TOOTH-BASE DECAY**

Just as the strength of a building is dependent upon its foundations, so are healthy teeth dependent upon healthy gums.

Permit the gums to become inflamed or tender and you weaken the foundation of the teeth. This condition is called Pyorrhea (Riggs' Disease). Loosening of teeth is a direct result. And spongy, receding gums invite painful tooth-base decay. They act, too, as so many doorways for disease germs to enter the system—infecting the joints or tonsils—or causing other ailments.

Pyorrhea (Riggs' Disease) attacks four out of five people who are over forty. And many under that age, also. Its first symptom is tender gums. So you should look to your gums! Use Forhan's, which positively prevents Pyorrhea if used in time and used consistently. It also scientifically cleans the teeth—keeps them white and clean. Brush your teeth with it.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

30c and 60c tubes. All Druggists.

FOR THE GUMS

**Vinol will Stop a Cough and Break Up a Cold**

A constitutional remedy that removes the cause by building up the system. These elements contained in Vinol—Beef and Cod Liver Peptones, Iron, Manganese and Glycerophosphates—soon create an energy that throws off the cold and prevents its reoccurrence. It has given ninety per cent satisfaction for sixteen years. HERE IS PROOF:

Dunn, N.C.
"I suffered with a chronic cold for four months, coughed day and night. Had to keep on working when I was not able to. I saw Vinol advertised and tried it, and I want to tell you it just cured that cold in a short time. It made me eat and sleep well, better everyway."—J. C. Bagley, Dunn, N.C.

Lagrange, N.C.
"For years I suffered with a chronic cough, so I could not sleep nights and continued to lose flesh. My druggist asked me to try Vinol. It cured my cough, I can sleep nights and have gained twelve pounds. Vinol is the best tonic and tissue builder I have ever taken."—W. D. Rem, Lagrange, N.C.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

# WILL CLOSE STORES ALL DAY ON MONDAY

## Retail Section of Board of Trade Considers Oriental Competition

The observance of a full holiday on Easter Monday, and ways and means to abolish Chinese retail competition, were decided on at the initial meeting of the Retail Section of the Board of Trade last night.

The Section is widely representative of various lines of retail trade and its declaration in favor of a whole holiday on Monday will probably mean that all stores will be closed. Though in the end the resolution to close was made unanimous, there was considerable opposition to the proposal from several merchants.

J. D. O'Connell and G. D. Christie contended that there was no valid reason for closing up the city Easter Monday and that the return of a large number of soldiers during the week-end made it important for the local stores to remain open in order that the soldiers could be outfitted.

Those who favored Monday closing declared that Monday had been fixed as a bank holiday and was therefore a statutory holiday.

**Oriental Situation**

The meeting was furnished for a basis of discussion by the Secretary, F. Elworthy, who supplied the following summary of the Oriental situation here:

"At one time the Chinese furnished domestic help and they engaged in work upon the land. But now there is a great scarcity of laborers in these fields and concurrently we find the Chinese engaged in almost every line of business formerly carried on exclusively by the white population. The Orientals succeed in these new spheres largely on account of their ability to live cheaply, and thus sometimes undersell the white traders, who are generally married men with families, having a standard of living entirely different from the Orientals. These conditions will not remain stationary. The menace must be abated forthwith or it will grow to intolerable dimensions. So long as Chinese are allowed to remain in British Columbia the Victoria retail merchants wish to see the old conditions restored; that is, the Chinese to be producers and not competitors in business, and that their present trading operations become a field for our returning soldiers. It is realized that the task is beset with difficulties."

**Would Improve Trade**

A committee on the question brought in the following report:

"We think that the public will be impressed with the necessity and advisability of trading with their own people instead of with aliens, and by this means enhance the prosperity of this city and at the same time better their own conditions. We have also called the attention of the Real Estate Exchange to the detrimental effects Oriental occupation will have on the property occupied and adjacent property. We think that if action along these lines is taken up and given a persistent trial it will bear results which, if not up to our expectations, will better the conditions of the trade as they exist at present."

As a result of the ensuing discussion a propaganda campaign urging the citizens to patronize white stores will be organized. The whole question was referred to a committee for report.

It was stated during the discussion that over 100 Chinese stores are operating in Victoria outside the area of Chinatown.

Criticism of the system of licensing peddlers was offered, as aiding Chinese.

One speaker said that labor men were loud in their condemnation of Chinese competition, yet it was they who actually supported the Chinese by buying at their stores. The agitation against the Chinese appeared to be strongest with those who preferred to "let the other fellow do it."

**Objects to Statement**

The merchants went on record as repudiating the statement made recently by Mrs. A. A. Perry, of the Women's Canadian Club of Winnipeg, to the effect that the cost of living in Victoria was high, if not higher than any other city in Canada.

G. D. Christie said he had recently returned from a trip through Eastern Canada, and he could state from experience that the cost of clothing, groceries and other general lines of goods was as low here as in any place he had visited, and was certainly lower than in some centres where he had priced articles.

"Mrs. Perry may be clever in some lines, but evidently she doesn't know what she is talking about when it comes down to the cost of living," stated Mr. Christie.

Joseph E. Wilson was elected Chairman of the Retail Section, after the meeting had been opened by J. O. Cameron, the new President of the Board of Trade.

# Have You Friends Who Suffer?

You have friends who are discouraged, who seem to have lost all interest in life, and whose sufferings are acute—because they are afflicted with Kidney or Bladder trouble?

Here is your golden opportunity to be a real friend to your friends. Tell them about Gin Pills, what they have done for others, and about the thousands who have found relief by taking this remedy.

Persuade your friends to try them, if only a sample box. Mrs. James Harris of Port Rowan took the advice of a friend and wrote us for a free sample. Hear in her own words the result:

"My husband had suffered for some time with lame back and Kidney Troubles. He became so bad, work was almost impossible. So many remedies were tried without effect that he became discouraged. A friend advised him to give Gin Pills a trial, which he did, and to-day he is almost entirely cured."

The case of W. T. Baldwin, of Smithville, Ont., is similar in many respects. Mr. Baldwin suffered from a pain in the back for over three years. Finally on advice from friends he tried Gin Pills, with the result that he obtained relief from his pain after taking the first box.

There is no need for anyone to invest a cent in Gin Pills until they have received a sample free and tried them, as Mr. Harris did. Write to-day, telling us to send a sample box free to your friend's address.

The National Drug & Chemical Co. of Canada, Limited, Toronto, Ontario. U. S. residents should address Na-Dru-Co., Inc., 202 Main St., Buffalo, N.Y. 177

# NOTED WINNIPEGGER LAID TO REST HERE

## Host of Friends and Relatives Pay Respect to Late James P. Robertson

At the funeral of the late James P. Robertson, Provincial Librarian of Manitoba, well-known journalist and curler, and pioneer of Winnipeg, which took place yesterday afternoon from the B. C. Funeral Co.'s chapel, tokens of deepest respect were in evidence. The services were attended by a large number of relatives and friends, and the casket was buried beneath a mass of beautiful floral offerings from associates far and near.

**The Funeral Service.**

Rev. Dr. W. L. Clay, assisted by Rev. Dr. Bryce, of Winnipeg, officiated at the services in the B. C. Funeral chapel and later at the graveside in Ross Bay cemetery. The honorary pallbearers were J. H. Oldfield, P. E. McIntyre, George Lawrence, T. L. Peters, C. P. Wilson and Henry Cameron. The active bearers were C. W. Bradshaw, J. G. Brown, William Robertson, Andrew Wright, H. A. Maclean and F. C. Paterson.

The hymns sung were "Rock of Ages" and "Nearer, My God, to Thee." J. G. Brown sang "Thy Lord Is Near; He Knows," as a solo. Dr. J. E. Watson presided at the organ.

In addition to the many Winnipeggers residing in Victoria who attended the funeral, the following Winnipeg people visiting in the city this week were in attendance: John Galt, William Alloway, G. H. Balfour, Frank Sprado, Herbert Wilson, Tom Anderson, Henry Detchon, C. C. Hague, Tom Montgomery, Sam Greenway, Mrs. (Dr.) Bryce, Miss Cora Hind, Mrs. and Miss Perry.

Among those who sent flowers were: Manitoba Curling Association, Board of Managers Augustine Church, Winnipeg; St. Andrew's Society, Winnipeg; James Robertson & Sons, Winnipeg; The Library staff, Winnipeg; Victoria-Columbia Lodge, on behalf of sister lodge.

**Dr. Bryce's Tribute.**

Dr. Bryce referred to the fact that those present were gathered to pay tribute to the memory of a man who for very many years had been a resident of the Canadian West. Deceased was being laid to rest very far from his old home, but surrounded by friends who knew him when he first came to Canada, by all of whom he was held in the highest respect.

In his newspaper work and in all other matters undertaken, the late Mr. Robertson had exercised that keen interest and attention to detail that distinguishes the men of Scotland. The position of Provincial Librarian of Manitoba had been honored by the fact that for so many years it had been occupied by a man of Mr. Robertson's calibre. Members of Parliament and others who frequented the library fully appreciated the splendid qualities of the man. He was blessed with a knowledge of matters covering a very wide scope, and was always willing to impart information to any who sought it.

Dr. Bryce said that although Mr. Robertson had been a true Scot, he was, nevertheless, also a true Canadian. He had always loved Canada and had always advocated for her the highest ideals, both in the home and national life. He was a man who took a keen interest in church work of the right sort. He believed in clean healthy sport for young and old, and that was why he was such an ardent follower of curling, connection with which he occupied such a prominent position.

A message has just been received from Winnipeg stating that a monument will be erected to Mr. Robertson's memory there by the Manitoba Curling Association, and a special memorial service will be held in Augustine Church on April 27. Mr. Robertson had served as clerk of the board of this church ever since its inception, and was much respected and appreciated for the good work carried on there.

# SPRING CLEANING DANGERS

Every housekeeper knows how often little injuries are met with during "spring cleaning" time and how easily the sore place becomes infected with dust and germs. The danger of this lies in the fact that injuries—slight at first, if not attended to, may become inflamed, fester, cause great suffering and inconvenience, and frequently lead to blood-poisoning.

To safeguard yourself, apply Zam-Buk at once to all cuts, scratches, abrasions, burns and scalds. This antiseptic balm immediately destroys all germs and prevents any danger of festering or blood-poisoning. Zam-Buk also ends pain and stops bleeding so quickly that no time need be lost by those who apply it as soon as an injury is sustained. Then the healing essences in Zam-Buk actually grow new skin, so that in a comparatively short time the wound is completely healed.

Zam-Buk is best for eczema, boils, pimples, rashes, ulcers and piles. All dealers, 50c. box.

Zam-Buk
